PEYER SPREADING IN NEW ORLEANS

nicasse Is Mild, as Shown by the Fact That Deaths Have Not Been

Frequent.

FIFTY-SIX CASES TO DATE

This Number There Have Been but Six Fatalities Reported by the Board of Health.

NLY TWO NEW CASES REPORTED IN MOBILE

dwards Develops Ten New Cases, and Biloxi Furnishes the Only Death Ascribed to Yellow Fever. News from the Quarantined Towns.

MONDAY'S FEVER RECORD.

CASES. DEATHS. New Orleans 18 Scranton, Miss ... 15 Edwards, Miss. 10 Biloxi, Miss..... o

New Orleans, La., September 20.-The largest number of cases reported on any day since vellow fever first made its anpearance in New Orleans, two weeks ago, as recorded on the books of the board of health this evening at 6 o'clock, although at that hour not a single case had proved fatal during the day.

There were eighteen cases in all, including nine by Dr. Joseph Holt, all of the latter having been duly flagged and put under quarantine regulations. Those reported today are: SOPHIE RICARD, 1436 Date street, E. C. RAY. LUCIAS RAY.

CATHERINE RAY. CLINTON S. DIXON, all at 2912 Pry-

HAZEL FISHER, Pearl street. MOEB LEBERMAN, Touro infirmary.

Caused a Sensation.

most sensational incident of the y was the announcement from Dr. Joseph olt to the board of health that he had he first of which had come under his bservation on Friday. Dr. Holt wrote a letter to President Olliphant and entrustto the mail and his letter reached board of health office this morning. it fearing that the letter might not reach destination is time. Dr. Holt sent a ecial messenger to the residence of Dr liphant, of the board, at 12 o'clock last ight, giving this information. The pubhowever, did not learn of the Holt

se until shortly before noon today. At the board of health office when the lolt letter was opened there was first inedulity and then criticism of Dr. Holt cause he had adopted what the board onsidered an irregular way in which to

make known his cases. Immediately upon the receipt of the leter the machinery of the board was placed motion and inspectors were sent to the dekness to exist. The places were all disbfeeted and guards placed in front of them but the board said it had very little hope of the effectiveness of these measures, since I those who desire were given an opporunity to escape from the infected houses.

Fever in a Boarding House. e of the houses, where four of the paents are, is a fashionable boarding house The first case to develop in this house was tt 2:30 o'clock Saturday morning, and the er cases in the same place were noted Saturday afternoon. Those living in louse, of whom there were quite a mber, knew of the existence of fever arly Saturday morning, and therefore got out as fast as possible. Some of them wed their baggage on Saturday and others on Sunday, while it is said some of the rders took a train and went to Atlanta. Shortly after the board of health was made acquainted with the contents of the letter of Dr. Holt, it held an executive connce and decided to immediately order board of experts to visit the nine cases Dr. Holt and decide whether or not they ere suffering with yellow fever.

The experts attempted to carry out the ructions of the board this afternoon when they proceeded to the first hous . Holt entered an objection and refused em permission to examine any of his nts, taking the position that he had erly diagnosed them, and that being expert himself there was no occasion for er investigation.

After the experts made their report the of health went into executive session discussed at length what was termed Holt's violation of a city ordinance ch he himself had passed and which les for the punishment by fine or imment of any physician who migh report a positive or suspicious case ow fever in a period like the present

May Prosecute Dr. Holt. estion of the immediate prosect of Dr. Holt came up and was con-

summon Dr. Holt to appear before them and explain his alleged negligence in the premises. The result of the meeting tomorrow will decide whether or not there shall be a prosecution of Dr. Holt in the courts. Dr. Holt is one of the most eminent physicians in this city, was for several years president of the board of health is a yellow fever expert, and has an international reputation by reason of his invention of the quarantine system at the mouth of the river, which has been pronounced the finest in the world and which has been copied by all the leading cities of this and other countries. The brightest feature of the day was that there were no defiths. Tonight most of the cases in the city were reported as doing well. Trouble in two cases was reported in the effort to enforce quarantine regulations. This morning down town one many managed to escape from the infected quarter and was chased and arrested and after being arraigned in court and freightening everybod present, was sent back to his

This evening a report was received that a man had appeared in front of one of the infected houses uptown armed with shotgun and had torn down the yellow fever flag and had taken possession of the premises. A squad of police was sent to

At its session this afternoon the board of health decided to send an appeal to Governor Foster asking him to supply the board \$25,000 from the surplus fund of the state to assist in prosecuting the fight

Preparing for Refugees.

The governor was asked to issue orders for tents and other camp supplies to be used at the camp of detention. Today, after a conference of the health and city authorities, the Oakland driving park was selected as the site for the camp of deten-

It is situated in the reaf of the city and was tendered to the officials by the Crescent City Jockey Club. A large force of men was immediately put to work and it is expected that by tomorrow the camp will be ready to receive two or three hundred people from the Italian quarter. Any people living in infected houses who desire, may go to this camp, and be cared

Governor Foster this afternoon instructed General Glynn to provide 100 tents, blankets, cots and other necessary articles for the use of the refugees and General Glynn has arranged to have these articles sent to the camp tomorrow.

Today the board of health decided to send a list of infected houses dally to pants and other manufactories in order to enable the proprietors to discriminate in the employment of aid and to lay off any of their employees who may live in neighborhoods where infection exists. The board also decided to send immunized wash women and servants to all of the families who have sickness in their homes and who are unable to pay for servants themselves.

The New Orleans and Western road, which has a large settlement at Port Chalmette, ordered a physician there to inspect the plant and the cottages of employees. and to at once put sanitary measures into effect.

There were no new cases at Ocean Springs up to this evening, and several of the old patients were discharged.

Miss Mary Chinn died at Biloxi this All mails are now being sent from the infected districts with as much regularity as possible with the reduced railroad fa-

cilities. Dr. Holt reported to the board of health EUFAULA IS QUARANTINED. today that all his cases were traceable Ocean Springs. One of them contracted the fever through a letter written by woman in a room where her child was sick at that place. The letter apparently had not been disinfected. Only one of Dr. Holt's patient is dangerously ill-Clinton

S. Dixon. This evening the board of health ordered all the houses occupied by Dr. Holt's patients to be fumigated. The public circulating library in New Orleans was closed today at the suggestion of the board of health.

Two private schools that have refused to close in accordance with the suggestions of the board of health will be proceeded

against legally. State Board's Report.

The board of health of the state of Lou!siana officially announces the status of affairs in New Orleans as regards the yellow fever to be as follows:

"For the twenty-four hours ending 6 p. m. Monday there were: Positive cases reported, eighteen. Nine of these cases have been under treatment in the practice one physician for several days, but ere not reported by him until today. 'Deaths, none. 'Recapitulation—Total cases to date,

"Recapitulation—Total cases to date, fifty-eight; total deaths to date, six.

"The majority of those under treatment continue to be reported by their attending physicians as doing well.
"S. R. Ollinbant, M. D., president of the of health. Brittin, acting mayor of New Or-

TWO NEW CASES IN MOBILE. No More Deaths Reported from the Gulf City.

Mobile, Ala., September 20.-Sunday fetnoon the hot spell was broken by a delightful rain, which served also to wash out the gutters and improve the city's sanitary condition. The temperature con tinued to fall during the hight and this morning real autumn' weather was experienced. The spirits of the people rose

At noon the people were almost jubilan over the health report. Large crowds gathered in front of the newspaper offices to hear the reports for the twenty-fou hours past. Saturday there were eleven new cases and yesterday as many more so that the public expected at least a score of new cases to be announced today, but the board of health report was published as follows:

"One new case; no suspicious cases; n deaths. The new patient is J. E. Bolton, living in the infected district on Texas

Tonight a second case developed. A prominent member of the board said today that he regarded the measures taken by the authorities as highly effective in rrounding and stamping out the disease and that he expected the disease would be subdued and traffic and travel be resumed before the middle of next month.

The total number of deaths has been three, one a man who had been on a spree, another of a bricklayer, in such bad

sidered, but the board finally decided to health that he had not been regular in his ly city editor of The Kansas City Star, work for a month, and the third of a newsboy, up at all hours, exposed at every change of the weather. The other patients are all reported today as in good condition and the president of the board of health congratulates the people upon

the improvement of the situation. The gulf steamer Wilstein, from Bocas, is detained below, although she is reported as not having been exposed to infection, but there have been one or two cases at Bocas and the vessel has been refused permission to come to the city until disinfected at Mobile bay quarantine. This means that the cargo must be thrown overboard and be a total loss.

The report that there was yellow fever at the bay quarantine is not true. The British bark Belvidere put in Saturday from Santos with a suspicious case of fever on board. The vessel was at once ordered to the government quarantine station at Ship Island.

One new case, Mrs. William C. Carroll, in addition to that announced at noon, developed this evening. Report was received today that there were accommodations at the Mount Ver-

IS NO PLACE FOR REFUGEES. Montgomery Has a Vigilance Committee to Keep Quarantine.

non detention camp for 800 people,

Montgomery, Ala., September 20,-(Spe cial.)-A citizens' mass meeting was held tonight on court square, at which provision was made for the organization of a vigizens, whose duty it was made to co-operate in a box car on a side track. The citizens with the city and health authorities in are growing indignant over the matter. their effort to keep away the yellow fever. Hon, W. C. Bibb presided, and the resoutions were introduced by Judge John G

Winter. These resolutions recited that, while the neeting had implicit confidence in the local health and quarantine officials, it elieved that united action on the part of the citizens would render the quarantine the more effective; that every good -citizen hould constitute himself a local quarantine official; that persons who come here from an infected district were guilty, from a moral standpoint, of a crime equal to murder; that, as the punishment prescribed, fine and imprisonment, was not practical in the case of a refugee, unscrupulous persons who entered from infected districts, should understand that they will be dealt with here in such a manner as to impress them and others likewise inclined that it will be the part of wisdom to avoid this community.

A committee was likewise appointed to confer with the health authorities about prohibiting quarantine officers on the trains from entering the city

The meeting was entirely harmonious,

TWO TRAINS OF REFUGEES. Railroad Offices Moving from Mobile to St. Louis.

St. Louis, September 20.-Two special rairs, which left Mobile, Ala., today, are expected to reached here Tuesday morning. On the trains are the clerks and other employees in the general offices of the Mobile and Ohio railroad at Mobile, with their wives and families.

The employees number about 200 and they with their families make a total of 1,000 persons, who will remain here until the frost kills the vellow fever germs in the

Temporary headquarters of the road have been opened up here by Acting President have been in the city several days.

Careful Watch Being Kept on All

Infected Points. Eufaula, Ala., September 20.-(Special.)-The city is enforcing a vigorous quarantine against all districts infected with yellow ever and no fears are entertained of the en'demic reaching here.

PUBLIC PEACE THREATENED Dr. Murray Asks Permission to

Take Charge at Biloxi. Washington, September 20 .- In his daily report from Ocean Springs, Miss., Dr. Murray refers to a visit to Biloxi and

"It may turn out that the marine hospital service will be called on to assist the state and city authorities in maintaining guards and insuring public peace. I wish permission to take charge if requested to do so by the proper authorities. Scranton reports fifteen new cases; no deaths. Bilet reports one death; up new cases reeports one death; no new cases re here."

TEN NEW CASES AT EDWARDS Three Patients Are Dangerously Ill at That Place.

Edwards, Miss., September 20.-New cases since last report are as follows: DR. WALLACE CHAMPION, JOHN CUY,

FRANK ANGELO, MRS. DR. RATLIFF, ERNEST BIRDSON, MRS. EMERY. MRS. FRANK WHITE, JESSE SHARP, colored MARY LEONARD, colored;

CYNDA GARRETT, colored.

Registered, 54. Colonel Robb is reported ery sick. Nathan and Hudaken also quit sick. They recently came here from Louis-All other cases reported doing well. Everything is moving along smoothly and every one working harmoniously to gether. Our quarantine is as strict and effective as is possible to make it. Dr

Purnell is in charge. Dr. Waldauor is fumigating infected residences and distributing disinfectants where most needed.

REFUGEES ARE CHEERFUL One Sojourner at Camp Fontainebleau Sent to Hospital. Fontainebleau, Miss., September 20.-(Spe

cial.)-Today, the second day of the open ing of Camp Fontainebleau, looked bright and cheerful with all the refugees. Men, women and children are in good spirits. There were only a few refugees allowed to enter the camp today, but tomorrow a call will be issued for about two hundred more. The dining halls and kitchens are now complete, supper being served in the large and commodious structure this evening. Today one case of fever was isolated to the hospital camp one mile south of here to be placed under observa-

alight. They were arrested and are now confined

SAVANNAH WON'T RECONSIDER Mass Meeting to Urge Quarantine Against Atlanta Not Held.

Savannah, Ga., September 20 .- (Special.)-The proposed meeting of business men for the purpose of insisting on a quarantine against Atlanta did not materialize today. The subject was discussed to some extent, but the business men did not for

some reason get together. The matter was mentioned again in the sanitary board's meeting, being brought up by request, but the board refused to reconsider its former action. The members of the board feel as long as they have Dr. George H. Stone in Atlanta to keep them informed of the situation, there is no reason why such a step should be

aken unless he so advises. There was some excitement here today over the report that mail from New Oreans and other points in the infected district was coming into the city without being disinfected. Upon inquiry it was ascertaned that the mail was being treated with formaldehyde gas, which does not require perforation, and all fears on that score were allayed.

The quarantine delayed passenger train No. 35 of the Florida Central and Peninsular railroad for several hours this morning. It was due at 5 o'clock and so many of the passengers were without health certificates that mayor Meldrim was aroused and the matter taken up with him by wire, after which he allowed the parties

o go through. Health Officer Lehardy wrote the mayor today stating he wanted to know just what his duties were in regard to quarantine, since he had received no notice of the appointment of inspectors and rone of them were reporting to him. He has not yet heard from Mayor Meldrim.

ROME WILL NOT QUARANTINE umor that a Case Was Found Caused a Panic Almost.

Rome, Ga., September 20.-(Special.)-The yellow fever scare reached its zenith here tonight when it was rumored that there was a case among the refugees who have been swarming here for the past few days. The report, which is utterly false, start-

ed from the Central hotel, where one of the refugees, a Mrs. McChell, of Mobile, is stopping. She and her daughter arrived on a night train, and having been on the cars all day without food; ate very heartily of supper and a severe attack of indigestion was the result with the elderly lady.

Dr Lindsey Johnson, of the board of health, called on the sick lady and after his statement to the effect that her indisposition was from a local cause and with no symptoms of the deadly pestilence the scare subsided to some extent, bu

Rome is still in a great state of alarm. The city council met this afternoon at the request of a number of citizens, who have become unduly alarmed, to discuss the advisability of quarantining against all infected districts, but after length; alks from a number of prominent citizens advocating a strict quarantine it was decided to still leave the gates of Rome wid

open to the refugees. The board of health has been advised by the physicians of Rome that the feve germs would not breed here, and upon this advice the city fathers acted. Any statement to the effect that Rom has quarantined is incorrect, as Romans have no fear of the disease living here.

BRUNSWICK QUARANTINES. Erroneous Publications Have Been Made About the Work.

Brunswick, Ga., September 20 .- (Special.) Erroneous publications regarding Brunswick's quarantine state that Brunswick had ceased receiving cotton, iron and other freight from southern states; also that Brunswick'squarantine on freight was more stringent than Savannah's. Both of those reports are untrue, and

do Brunswick's business a great injury. Brunswick's quarantine rules are the same as Savannah's. The county commissioners after consul-tation with Acting Mayor Fedig and other officials, decided to bring in the remaining portion of Glynn convict gang and put

them to work on Brunswick's streets tomorrow. A portion have already been at work for some days. The object is to give Brunswick a thorough cleaning. Brunswick's system of sewers is automatically flushed twice each day. When the weeds are cut off the streets and lime is sprinkled in a few low places the city will be in excellent sanitary condition.

no city in point of sanitary excellence. An immense flock of white-breased fowls are flying over Brunswick tonight Local

At present Brunswick ranks second to

ner of either cold weather or wind storms.

CONVALESCING AT CAIRO. Physicians Deny that the Two Cases Are Yellow Fever. Cairo, Ill., September 20 .- There have been

o further cases of yellow fever in this The two cases in the marine hospital ronounced yellow fever in a mild form by Dr. Guiteras and the hospital sugeon are improving, and one of them is convalescent. A strict quarantine is in force around the

Experienced physicians of the epidemic of 1878 deny that these cases are yellow fever and pronounce them malarial fever, such as prevail every season among mer vorking in swamps and along the river. The state board of health with inspectors stationed at Cairo has decided to quarantine against East Cairo and all southern

hospital.

RUSSELL IS QUITE CAUTIOUS North Carolina Governor Declines

to Invite Refugees. Raleigh, N. C., September 20 .- (Special.)-Surgeon General John Hey Williams, of the state board of health, telegraphs Governor Russell from Asheville:

"If it meets with your approbation, I should be pleased to telegraph Marine Surgeon General Wyman offering the mountain plateau of western North Carolina as a refuge for refugees from the yellow fever stricken districts." The governor refers the matter to the state board of health. He says he does not like to act regarding it, as, perhaps, number of the refugees might become des

ly sent home by the state.

WYMAN KEEPS WELL POSTED Surgeon General Hears Daily from Points of Interest.

titute and have to be supported and final-

Washington, September 20.-Surgeon Gen eral Wyman has received the following from Dr. Lindsley, executive officer of the Tennessee state board of health: "Our board has state inspectors at the following points: Memphis, Grand Junction, Raymer, state line, Chattanooga, Cleveland and Ducktown. Have ordered all to co-operate fully with your service. Please instruct at once your men accordingly."

Orders were immediately given the marine hospital forces to co-operate as requested: Information has been received at the maine hospital from Dr. John Guiteras that the two cases of yellow fever at Cairo, Ill., ave been isolated and every precaution possible taken to prevent spread. He says

that the cases are very mild and have aused little alarm in Cairo. Instructions have been given for the disnfection of the vessels from which the two

Surgeon General Wyman has been informed that a vessel has been anchored in the river near Cairo by the Illinois board of health for the purpose of inspecting vessels from New Orleans. Surgeon Carter has arranged a train inspection of all vessels leaving New Orleans. The postoffice department has received in

formation that the Mississippi state board of health has quarantined all mails from the infected districts of that state and refuses to permit them to be dispatched to their destination even if fumigated. Surgeon General Wyman will take action n the matter with a view to raising the embargo so far as properly disinfected mail

is concerned. Among the advices received by

Dr. Wyman tonight were the following: "Six persons were admitted to the de-tention camp at Fontainebleau, Miss., to-day. One hundred expected tomorrow. Persons from Mobile and New Orleans are asking admission. Surgeon Carter, in charge of service matters at New Orleans, wires that he has effected arrangements with the Mississippi and Tennessee state boards of health to receive freight from

boards of health to receive freight from New Orleans when accompanied by a cer-tificate from the marine hospital service. "One new case is reported on the dredg-ing boat Alpha on the Kentucky side of the river opposite Cairo, Ill. There is no fear of the spread of fever in Cairo. "Dr. John Guiteras, the expert, has been directed to proceed to Point Pleasant, Mo., to investigate the conditions in the dredge boat fleet and institute the necessary pre-cautionary measures. cautionary measures.
"Surgeon Sawtelle, at Atlanta, reports that there are no suspicious cases in that city. The case placed in the detention camp on the 18th is reported well by the secretary of the board of health, but will remain in the camp for ten days. Dr. Sawtelle has consultations daily with the railroad officials and the state board of

railroad officials and the state board onealth and all are working together har FREIGHT TRAINS TO RESUME. Meridian Is Now Hopeful of Esca p

ing the Fever. Meridian, Miss., September 20 .- (Special.) According to a request made by the board of trade and citizens' committee the board of health of this city has issued an order permitting the running of a daily freight train between Meridian and Forest, on the Alabama and Vicksburg railroad. The people along the line of this road for about a week have been cut off from

all communications with the outside world. The situation here regarding the yellow fever is not as panicky as it has been and it seems to be the general belief that Meridian will escape infection. Several families have returned to their homes in the city from the woods, whither

they went at the first alarm. FRANCE GROWING WATCHFUL Minister of Interior Is Guarding Against Yellow Fever.

Paris, September 20 .- M. Barthou, minister of the interior, has instructed the prefects of the maritime provinces to watch particularly all arrivals from America with a view of guarding against yellow fever. ATLANTIANS ARE HONORED.

Jury of Awards. Nashville, Tenn., September 20.—(Special.) Gardiner G. Hubbard, of Washington, chairman of the jury of awards for the Tennessee Centennial, has just forwarded the list of the jurors selected by him. The Georgians on the jury are: C. A. Collier, Atlanta, on commerce and manufactures; H. H. Tift, Tifton, on for-estry; Mrs. Porter King, Atlanta, on his-tory and literature; P. J. Berkmans, Au-gusta, on horticulture.

HEALTH OFFICERS TO CLEAN ATLANTA

Inspection.

IT IS AN EXTRA PRECAUTION Fever Situation in Atlanta Still Re-

mains Unchanged. FAVORABLE REPORTS ARE BEING SENT OUT

Influx of Refugees Decreases, but They Suffer Between Mobile and Atlanta.

HE city of Atlanta is already clean, but she will be the clean-

instructing them to inspect the cellars in

the business portion of the city and to see that all cellars are well sprinkled with This work was begun yesterday morning, and it will be several days before it is completed. It was brought about by the

fact that the board of health has decided to take precautions against yellow fever, and this is one of the precautions. The cellars in Atlanta had a thorough cleaning about one month ago, but they will be cleaned again, and every box in them will be turned over and every dark

corner will be inspected. Even if the climatic condition of Atlanta was such that the yellow fever could exist here, the cleanliness of the city after the inspectors finish their work will be so thorough that it would be impossible for a disease of any sort to spread here. Those who have in charge the matter of looking after the health of Atlanta are not having the cellars inspected because they apprehend any danger from that source, but because they have come to the conclusion that as a matter of precaution it would be best to have the cellars

Not only will the center of the city be thoroughly cleaned, but the entire residence portion will come in for its share of the good work. Today the following notice will be sent cut, and as a consequence all tresh and dirt will be removed frem the city: "You are hereby rotified to have

rou are nereby rotined to have your premises. No. - street, in the city of Atlanta, placed in a thorough sanitary condition immediately, by raking and sweeping up all filth and trash of every kind from yards, cellars, areas, etc., and place the same in suitable boxes or barrels, and put in convenient place for garbage cart, and after electing to amply freely freely. and after the line shocked lime.

"If this notice is not complied with in twenty-four hours. I will proceed as the law directs. Respectfully.

"THOMAS E. VEAL.

"Chief Inspector." and after cleaning to apply freely freshly

The fever situation in Atlanta is still unchanged, and there seems small chance. of there being any change for the worse. The man at the detention camp is apparcity and is enjoying life. He is made as comfortable as possible under the circumstances, and has no kick coming on account of treatment. Chief

Veal visited him yesterday, and found

him to be very well. Of course, it cannot

be told whether or not be will have the

fever until he has been in the camp ten

Situation Here Unchanged

days, but everything seems to be in his Drs. Sawtelle and Stone sent out favorable reports from Atlanta vesterday, and both of them seem to think that there is no chance of the fever coming here, except by importation, and then dying out. They are co-operating with the local health department in its work, and are keeping

a close eye on the situation Dr. Sawtelle, who is the government official here, is often consulted by those in charge of affairs here, and his suggestions are found to be of great value to the board. Dr. Stone, who was sent out by the mayor of Savannah to look into the fever situation in Mobile, will probably remain here for some time. He makes a report every day on the situation here. and so far all of his reports have been entirely in Atlanta's favor.

The influx of refugees from the infected districts has decreased considerably, as was demonstrated by the train from New Orleans yesterday. On this train there were about forty-three persons, twentyeight of whom are now guests of Atlanta, Ail the passengers were in a healthy con-Very little news, that has already been

told in the columns of The Constitution, can be obtained from the new arrivals. They all tell stories of the closing of business houses and the departure of the citizens of Mobile and the great fright the fever has caused. Atlanta is the only place at which the refugees can breathe a sigh of relief, and

every one of them is glad to arrive here. They are not particularly pleased with the reception given them in Montgomery Latest Railroad Orders. The railroads seem to be taking as much

nterest as any one else in relieving the

strain in the infected districts and in ac-

commodating those who desire to leave. They meet with many obstacles in conforming with the quarantine regulations and at the same time serving the public. Every day the roads running into the infected districts issue circulars to their ticket agents, giving them instructions and

The following circular, numbered 1203 and entitled "Quarantine Regulations," was issued by the Southern railway last night: "To all ticket agents south of Charlotte:

DOCTORS DISCUSS FEVER QUESTION

All the Cellars Will Undergo a Rigid | They Agree That the Disease Could Not Thrive in Atlanta Because of

Its Climate.

NO DANGER, THEY DECLARE

They Point Out in a Scientific Way the Conditions Which Generate the Fever.

NO EPIDEMIC COULD OCCUR IN ATLANTA

A Few Cases Might Develop, but the Situation Would Never Become Serious and Atlanta Doctors Have No Fear of Fatal Results.

If a vote should be taken in the Medical Association, which holds session tonight, it is safe to say that a practically unanimous verdict would come that yellow fever cannot thrive in Atlanta.

The broadcasted statement that doctors here have disagreed has been refuted, after the slight difference of opinion in the board of health regarding the indiscriminate admittance of refugees was exaggerated into a serious aspect.

It is the testimony of specialists and leading physicians that vellow fever cannot exist in this climate in epidemic form. ta comes the expression's which should allay all excitement and prove indisputably the rank error of the statement that right now Atlanta is in great danger.

The evidence from these physicians speaks for itself. It needs no elaboration or any superfluous explanation.

Dr. John C. Olmstead, whose oponion is given herewith, was one of the volunteers in the Chattanooga epidemic. While there he was stricken with the fever, but recovered and was afterwards voted a gold medal for his work while there. He is familiar with the disease and the conditions

Following are the statements from the DR. JOHN C. OLMSTEAD.

"The action of the city of Atlanta, in throwing open her gates and extending her generous hospitality to the unfortunate 'yellow fever refugees,' has subjected her o unfavorable and harsh criticism in cer tain quarters; and in a number of instances it has led dertain places to establish rigid quarantine against her. The writer does not propose to discuss this phase of the subject; times of alarm and panic are usually attended by such extreme and stringent measures; in some instances, indeed, amounting to senseless procedures and absolute inhumanity. At disposition in certain quarters to extend this panic, if possible, to Atlanta; and it is against this tendency, that we earnestly protest, as being utterly without good ground or reasonable basis. In taking the action she did Atlanta simply followed her time honored precedent of many similar occasions, and based her conduct upon that best of rules, sound experience and common sense. If her hospitable invitation had been simply the outgoing of her generous heart, in sympathy with her suffering sister cities, while the motive might have been admired, the wisdom and discretion would perhaps have been in quesnature' it is said, and we claim that Atlanta has not infringed upon this rule, and risked the health and lives of her citizens, by throwing open her gates to refu-

past epidemics of this kind has demot strated what would have been anticipated from her salubrious situation; namely tha the germs of yellow fever cannot flourish here! With a high altitude and situated upon a lofty range of hills, swept by winds from every quarter; with magnificent patural drainage in addition to the very thorough system of drainage and free water supply now furnished; with no marshes and alluvial soil, but the solid foundation of the 'old red hills' of dry clay; with all of these favoring conditions telluric and atmospheric, we could reasonably preclude the possibility of yellow fever germs ever developing and flourishing here. Fortunately our confidence rests not upon theory, but is sustained and borne out by fact. Now the facts show that on many different occasions, refugees have come to this city, developed the yellow fever after their arrival, have been treated here, recovered or died, of this disease in Atlanta and not one instance of its communication to either physicians or those nursing such cases has ever occurred. "During a practice of twenty years here

the writer has known of a number of these imported cases occurring here. Some oc curred to his knowledge in the practice of the late Drs. John G. Westmoreland and John M. Johnson; while in the epidemic of 1878 he has personally seen cases of the disesse brought here from Chattanooga, ard remembers one striking recovery from a most severe form of it in the person of a young postal clerk brought here from Chattanooga. These are simply the facts, and we accept the old adage, that 'an unce of fact is better than a pound of eory.' We doubt not that some of the older members of the profession yet living Most of the noble physicians (at that time men of advanced age, who had the larger experience in this matter, and whose unselfish and heroic conduct should never be forgotten, have 'ceased from their labors.' It has lately been urged that because a point as high as Chattanooga had an epidemic, therefore Atlanta is liable. This, one familiar with the condition of Chattanooga in 1878, the time the yellow fever prevailed there, is an absurd proposition The writer went there from Atlanta and served in that epidemic. Surrounded by igh hills, but itself situated in a sort of basin, it would have been difficult to find more filthy and unsanitary city anywhere a civilized country than Chattanooga was. Without one foot of sewer in the en-

Union Negroes Threaten To Attack Men Who Are Working.

SEVERAL ASSAULTS ARE MADE

Longshoremen Appear To Be Getting Somewhat Desperate.

A NUMBER OF ARRESTS ARE NECESSARY

Vessels Are Being Loaded with Cotton and Violence May Be Resorted to Yet.

tavannah, Ga., September 23.-(Special.) There were two serious assaults today as the result of the strike of the longshoremen, and the situation begins to look some what threatening.

'It had been reported that a gang of union negroes was lying in wait to attack the men in the employ of the stevedore, Colonel R. F. Harman. A member of Colonel Harman's forces, a white man named Perry, went to see about the matter, when a dispute followed with a white union longshoreman named Lynch, who knocked Perry down and beat him up badly. Lynch

John Williams, who remained at work, was attacked by some of the union men and knocked down from behind with a stick. A companion came to his assistance, flourished a pistol, in which he was imi recovered. The attacking party got away, but Williams was caught by a passing po liceman and taken in for pointing a pistol.

The first cotton ship will sail tomorrow, and another will follow in a day or two. Plenty of men are at work, and it is said

Though they have asserted that they would never resort to violence, it would appear from the incidents today that the promise is liable to be broken if half a chance presents itself.

BRUNSWICK'S STRIKE GENERAL. Naval Stores and Lumber Yard Men Have No Laborers.

Brunswick, Ga, September 20.—(Special.) Every longshoreman and knight of labor on the Brunswick docks walked out on a

strike today.

In all about 500 are now out, and their places are being supplied as rapidly as pos sible. Heretofore only the cotton men have been out, but today's action cut every naval store and lumber yard clear of So far no unusual demonstration has been manifested on the men's part.

Chief of Police Beach received twelve

winchester rapid-fire guns and hundred rounds of cartridges today by ex-The naval militia have one hundred

rounds, and the Riflemen about the same. All military men have orders to respond to the riot alarm, and guard details are sleeping in the armories tonight, while ex tra policemen are guarding the dock property. All of these precautions are being taken on the basis of what may happen. The strikers have been quiet, and will be tept so, else suffer the consequences.

Every man in Brunswick agrees that laborers can quit work when they please They also agree that such action does not give strikers the right to intimidate or prevent others from working.

Today the Knights of Labor sent a committee to Sheriff Berrie for advice. H

counseled them to keep cool and not court trouble. At a meeting later they passed resolutions stating that no violence would be resorted to.

The cotton workers have been paid \$3.50 per day. They struck for \$4 and \$5. Lumworkers have been paid \$1, \$1.25 and \$1.50 per day. They struck for \$1.25, \$1.76

The naval workers struck because of intimidation and threats of mob violence. They have been promised protection, and will probably go back to work tomorrow. of the Oglethorpe hotel waiters als Acting Mayor Fendig does not anticipate

STRIKERS RETURNING TO WORK. Women Try To Keep the Italians Out at Lattimer.

Hezelton, Pa., September 20.—Unless unforeseen developments occur, the anthracite coal strike in this region is ended. Today twelve hundred men returned to work at the Honey Brook collieries of the Lehigh & Wilkesbarre Co., as did three indred of the thirteen hundred at Paradee's Lattimer mines, while the Cranberry, Crystal Ridge and Harwood collieries

needs steady nerves. If he mis-ses the lion's eye, his life is surely lost. The lion-hunter is not the only man who needs steady nerves. The

adays needs them He must have them if he would bear the strain of business com-petition and be successful. A man with petition and be successful. A man with shaky nerves stands a mighty poor show in the business world of to-day, where he must hit the bull's-eye of fierce competition many times in a day. Steady nerves are dependent upon pure blood, and to have pure blood one must have a perfect di-Dr. Pierce's Golden Medical Discovery

goes to the seat of the trouble. It is not a sedative. It makes the nerves steady by furnishing them with proper nutriment. It corrects all disorders of the digestion. It invigorates the liver. It makes the blood rich and true in nutriment. rich and pure in nutriment. The nerves is rich and pure in nutriment. The nerves re-ceive their proper nourishment from the blood and soon become strong and steady. Business men recognize the value of the "Golden Medical Discovery" and thou-sands have testified to its virtues. Drug-

"Having suffered for several years with indi-gestion," writes: Samual Walker, Esq. of Park-esburg, Chester Co., Pa., "I concluded to try your valuable 'Golden Medical Discovery.' Af-ter taking five bottles I was entirely cured. I also suffered from bladder trouble, which was also cured by the 'Discovery.' I feel like a new man."

man."

Dr. Pierce's Common Sense Medical Adviser is a book of 1,008 pages and over three hundred illustrations, some of them colored, all fully explained. This book is free. It has been selling for \$1.50. Now you may have it in all its usefulness, and in strong paper covers, for 21 one-cent stamps, which pays the cost of mailing only, or in cloth binding for 31 stamps. Address, World's Dispensary Medical Association, Buffalo, N. Y.

the Drifton district remained at work. Nearly five thousand strikers have r turned, or will do so tomorrow, and a vith indications in favor of their joining the workers.

The only incidents of today were small outbreaks at Lattimer and Eckley, both of which were quickly subdued, and the serving of warrants of arrest upon Sheriff Martin and a number of his deputies.

At Lattimer a band of women attempted to drive out the three hundred Italians who returned to work. The raid was not ended until three companies of the Thir-eenth regiment, with fixed bayonets, had d.spersed the crowds.

A number of Butler valley miners who anted to return to work at Lattimer were driven back by a body of armed strikers, who met them as they came over the mountain, a mile or more from camp. The break of the strike is practically

a victory for the operators.

The warrants for the arrest of Sheriff Martin and his deputies were issued today. They were served here tonight and istance was made. The writs contain seventy-eight names, including the she-riff's, and the latter has agreed to deliver all the deputies for a hearing tomorrow

DEBS PERPETUALLY ENJOINED Judge Jackson Renders His Decision

in West Virginia Court.

Wheeling, W. Va., September 20.-The feature of interest in the opening session of the September term today of the United States court for the district of West Virginia was the application of ex-Governor A. B. Fleming, of Fairmont, to make the injunction against Eugene V. Debs and others, perpetual.

The governor was acting for his client the Monongahela Coal Co., and as there was no appearance for any of the defendants, the injunction was made perpetual.

In the course of his remarks in making this decision, Judge Jackson said that if a tated by Williams as soon as the latter | like case were presented to him now he would make the same kind of order he had made at Parkersburg, where the temporary injunction was issued recently.

SUPPOSED LYNCHERS RELEASED. the strikers are getting somewhat despe- | Indications Are That Arroyo Was Killed by the Police.

of Mexico, Mexico, September 20 .-Public interest in the alleged lynching of Arroyo continues to increase, stimulated by the rumors and disclosures in the press, for as light is thrown on the matter it is seen there is strong probability that Arroyo was not killed by a mob of people, but by some member or members of the police itself.

The government is acting with utmost firmness and energy in pushing the investigation, and has caused the arrest of Inspector Villa-Vincenoio, of the second district, suspected of being implicated in the plot, which it is justly felt has brought disgrace on the police corps as a body.

Villa-Vincenolo is now in Belem prison in solitary confinement and all supposed lynchers, mostly street peddlers, loafers, etc., have been released, as there is no longer the slightest ground to hold them. The body of Arroyo has been buried, after having been delivered to his family.

BOMB GREETS TWO EMPERORS. William and Francis Badly Frightened at Buda-Pest.

London, September 20 .- A dispatch to The Daily Mail from Vienna, says:

It is reported that as Emperor William who arrived today to visit Emperor Francis. and the latter were leaving the station at Buda-Pest a sharp detonation was heard. which was followed by a thick cloud of dust and smoke. The crowd took fright, broke through the military cordon and swarmed

Emperor Francis Joseph was greatly agitated and shouted to the police to keep the people back. Some arrests are reported, but owing to the silence maintained by the officials it is difficult to ascertain details of the affair.

The Neues Wiener Journal was confiscated this evening for publishing telegrams as

LONDON PAPER GROWS SAUCY. Globe Declares That England Is Not Afraid of United States.

London, September 20 .- The Globe this afternoon in an editorial on the futility of arbitration with a power "which disregards alike the legal prescriptions and ordinary courtesies of civilized nations," says:

says:

"Lord Salisbury has treated the United States with a kindness then do not deserve, always wearing the silk glove, until America has forgotten the existence of the iron hand beneath it."

In conclusion The Globe remarks:
"The idea of our being afraid of a fourthrate power like the United States could only have occured to sufferers from a severe attack of swelled head. America has lost all sense of proportion and has forgotten she plays only a minor role in the affairs of the world. We hope our relations with America will hereafter be distinguished by a firmer tone, as the only way to avert trouble is to make her plainly understand that we are determined not to be shouted out of our rights."

THIRD PIGEON FROM ANDREE. Whaling Ship Brings a Message from the Aeronaut.

Copenhagen, September 20 .- A dispatch received here from Hammerfest, the northernmost town of Europe in Norway, says he whaling ship Falken has brought the third pigeon dispatch from Professor Andree, the aeronaut, who left the island of Tromsoe in a balloon on July 11th last, in an attempt to cross the polar regions. The message brought by the Falken

FRENCH TROOPS WERE ROUTED. African Chreftain Drives Native Soldiers Out of His Territory.

Paris, September 20.—It is officially announced that the troops of Chief Samori, the African chieftain, whose territory adjoins the king of Ashantee, surprised and routed on August 20th a French detachment of native troops sent to occupy territory which Samori had offered to evacuate. The French lost two officers and forty-

BARON FARNHAM'S SON IS DEAD.

Somerset Maxwell, the eldest son and he'r of Baron Farnham, died yesterday at Castle Saunders as a result of a bicycling accident on Tuesday last, when the young man collided with a wall. He was born in 1876.

CHAMBER WILL ADD NEW MEMBERS

Committee of Twenty-Five Approves of the Chamber of Commerce.

COMMITTEE'S SUGGESTIONS

A Monthly Dinner Will Be Given by the Chamber.

CHAMBER OF COMMERCE IS THE AGENT

And the Work of the Business Men Must Be Done Through It in the Future.

R.NEAL'S committee of twenty-five, which met yesterday afterappointed last Thursday by the meeting of the business men, agreed that any work which is to be done for the mer-chants and business men of this city must be carried on through the agency of

It was agreed that the chamber is the proper channel through which all complaints and regulations must pass, and resolutions setting this forth and calling ipon the business men of the city to join the chamber of commerce, thereby giving new life and more power, were passed without a dissenting voice from a member of the committee.

It was an important meeting, and marks new era in the business life of this city. Only a few of the committee were absent, and they sent their excuses-good onesbefore the commencement of the meet-

Over an hour was consumed in the discussion of the question before the body, and at the end of the time resolutions were introduced which express the sentient of the meeting. They were offered by Mr. Thomas H. Martin and were heartily approved of by the remainder of the com

Two of the former presidents of the cham ber of commerce were present at the meeting and the present president presided, and they engaged in the discussion, taking a lively interest in all that was done and said. The first two gentlemen are Mr. J. G. Oglesby and Mr. Stewart F. Woodson. The meeting was presided over by Colonel

T. B. Neal, president of the chamber of commerce, and he exhibited signs of lively interest in all the deliberations of the com-The resolutions introduced by Mr. Martin

are as follows, and they were passed without a dissenting vone: Whereas, it is conndently believed that

"Whereas, it is conndently believed that there exists abundant opportunity for extending and greatly beaming. Attanta's commercial and maturacturing interests, thus ennancing the value of property, bettering the condition of our wase earners, and contributing in every way to the growth and greatness of our city; and "Whereas, The success of a movement looking to the accompulsiment of this purpose will depend whomy upon the harmonious and co-operative action of our people; incretore be it.

"Resolved, That the Atlanta chamber of immerce offers the best agency for em-odying and concentrating our efforts in

chamber of commerce reduce its membership to \(\bullet \), dues to remain as now-\(\bullet \) per annum. The committee also recommends that the following special committees be named by the chamber of commerce:

"Committee on new membership."

"This committee also recommends that, as

"This committee also recommends that, as a means of maintaining interest among the members of the chamber of commerce, a dinner be given on the night of the first Tuesday of each month, excepting May, June, July and August. This function is to be known as the 'chamber of commerce monthly dinner,' members attending these dinners to pay the cost of same and to have the privilege of inviting as guests any one living away-from the city.

"This committee further recommends that the movement for renewed activity be renewed by a dinner on the first Thursday night of next month, this dinner to be arranged for on a basis that will admit non-members and interest them in the important work to be accomplished."

Met with Approval.

Met with Approval.

These resolutions met with the approval of the committee, and they were passed without a disserting voice. It was the conviction of all of the members of the committee that any work to be accomplished must be done through the agency of the chamber of commerce, and this sentiment was expressed throughout the entire meeting.

Looking to this end a committee of three was appointed to confer with a committee of three which will be named this morning by the board of directors of the chamber of commerce. The committee selected yesterday was named by Colonel Neal, and sted of Messrs. R. F. Shedden, W. H. Black and J. J. Martin.

The meeting of the directors of the chamber of commerce will be held at 11 o'clock this morning, and was called yesterday afternoon by Colonel Neal immediately after the meeting of the committee. The committee which will be appointed this morning will consist of Messrs. L. H. Beck, Stewart F. Woodson and J. G.

These two committees will then meet as on as possible and arrange the entire matter. Their work will be to devise a play by which the membership of the chamber of commerce may be increased as desired. The work is important to the business me of this city, and they should take a lively interest in what is to be done. It is thought that little difficulty will be experie in having them join the chamber of commerce, especially under the reduced mem bership fee, and in view of the fact that the reform in rates or any other work that they may wish to accomplish ea e done best through the agency of the hamber of commerce.

Oglesby.

HEALTH OFFICERS TO CLEAN ATLANTA

Continued from Zrst Page.

within the state of Mississippi, as passengers will not be permitted to stop at any point in that state, but will be permitted through without stopping.

"C. A. WICKERSHAM, Supt."

"Washington, D. C., September 19, 1897.—
Effective the 20th inst. Passenger trains arriving Norfolk, Va., from the south will be inspected by quarantine officers. Persons should provide themselves with health certificates before entering Norfolk.

"W. A. TURK, Gen. Pass. Agent."

"Washington, D. C., September 29, 1897.—
Mobile and Birmingham railroad passenger trains now run only between Selma and Jackson, Ala. Sell no tickets for points south of Jackson until further advised.

"W. A. TURK, Gen. Pass. Agent."

"Washington, D. C., September 20, 1897.—
The Tennessee state board of health are enforcing striet quarantine at Knoxville and Morristown against passengers and baggage from infected districts to be put off at these points.

"W. A. TURK, Gen. Pass. Agent."

"Montgomery, Ala., September 20, 1897.—
Mayor Clisby advises that passengers holding through tickets to Montgomery can enter the city if they came through Atlanta on through trains, but if they have to lay over in Atlanta they can't come in. This applies to parties at summer resorts, to whom we have sold round trip tickets.

"JOHN METCALFE, Trav. Pass. Agt."

This circular shows the exact quarantine situation, and persons desiring to leave the

This circular shows the exact quarantine situation, and persons desiring o leave the city can tell just where to buy tickets to and can tell where they will be allowed Stops Express Business.

The local express office now receives no express from the infected districts and to delays caused by the quarantine regula tions and late trains. The express company feels the effect of the fever slightly, but the decrease of that business is not an item of very great importance. The express would b here and delivered as all other matter, but the offices in the infected districts will not send it through.

send it through.

Express from the infected districts received here billed through to other cities
that have quarantined against Atlanta will
not be forwarded unless the health authorities there authorize it and so notify the express company. Superintendent Montgomery stated yestercay that the company is doing all in its power to give the people a good service and at the same time to comply with the quarantine regulation

Big Telegraph Business. It is probable that more telegraph mes-sages are sent to and from Mobile now than ever before in the history of that city. As a usual thing there are

messages a day there and now there are something like 700 or 800.

The operators there have been greatly overworked and two operators from At-lanta have been sent there to help them is said that messages are received there from all over the country and a great many are sent out. This increased business causes it to become necessary to have en in Mobile An additional operator was also sent from

ere to New Orleans to help with the here. The business at that point has also Increased to a great extent.

The refugees who have left the infected points are continually wiring their braver friends who have remained and all news on

the fever situation is read with interest. The situation is the sole topic of discussion among those who have fled. Letters from Mobile.

Mr. W. C. Belknap, of Mobile, who is here and unable to leave on account of the strict quarantine regulations which make it impossible for him to obtain a health cer-tificate, has received letters from relatives in Mobile telling of the fever situation. One letter, dated September 15th, and written at just about the time Taylor was taken sick gives some interesting inf

tion. The writer is Mr. Belknap's father, who is well known in Mobile and who has no fears of the fever. He states in the letter that at that time there was not even a chickn house in Spring Hill, Mobile's principal and healthiest suburb, that was not rented. He states that people were paying as much as \$15 for two rooms in any

The people, he said, were doing everything they could to get out of Mobile and seemed entirely bereft of their senses. The letter tells of the mayor leaving Mobile and o

Taylor taking sick. The writer speaks of the gratitude he feels toward Atlanta on account of the action of this city in opening her doors to the refugees and says he is glad that one city has the courage and Christian libe ty to invite the unfortunate to stop within

says that only those who are unacclimated have the fever and that the physicians are die out as the sick ones expire or recover. It also stated that the stores were closing and all leaving who could.

Health Board Meets.

The board of health met yesterday after-noon at 5:30 o'clock but took no action in the yellow fever matter. The board has done all it can to prevent the fever from entering the city and apparently feels ver well satisfied with the condition of affairs. No danger seems to be apprehended by the board and beyond cleaning the city and will be done. The flushing of sewers is continued and last night gallon after gallor of water was poured into them The offices from which health certificates

are issued are still doing a land-office business and those in charge have their hands full accommodating the traveling public. The limit of the time it is nece person to remain here gefore being able o obtain a health certificate was extended to twenty days and this will be a further hardship on those who have business that other cities caused by Atlanta entertaining

the refugees that it was thought best to extend the time limit and this was acordingly done. TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. Al druggists refund money if fall to cure. 25c. ASSESSMENTS ARE INCREASED. Railroad, Telegraph and Telephon Have Been a Consul.

Properties Have New Tax Rate. Nashville, Tenn., September 20.-(Special.) The Tennessee railroad commissioners tonight gave out a report of their work in ssessing the railroad, telegraph and telephone property of the state for taxation. The report will create a sensation, as the assessments are nearly doubled as compared with last year, when the total figured up \$41,8 2,010.25. This year the total is \$76,557,000, an increase of \$34,674,089.85. The railroad property is assessed at \$74,-366,863, telegraph property at \$751,039 and the telephone property at \$1,440,515. The Mobile and Ohio and Knoxville and Ohio have both been assessed, notwithstanding the supreme court's opinion that their grave in Ilford cemetery charter exempts them

against the Mohmands continue to be the

center of interest. The latest dispatches

from General Jeffreys report that he ad-

vanced again on Sunday morning from

Camp Mayate, to attack the enemy west of

the valley. The chiefs came for a parley,

but were informed that they could not be

heard until all arms had been surrendered.

A remarkable feature is the accuracy of

the enemy's fire. Lieutenant Crawford was

killed at a range of over a thousand yards.

The tribesmen show great courage and

astounding rapidity in moving over the

rocks. General Sir Bindon-Blood, who is

moving parallel with General Jeffreys and

who keeps in heliographic communication

with him, reports that yesterday the Had-

dah Mullah, with 4,000 followers, debouched

to the Nagawain plain, where General

Blood was encamped. The mullah had a

fanatical dance, fired a few shots and

then retired, but the same night the camp

was attacked, though so half heartedly

### FIVE VICTIMS DIE IN BURNING MINE

Overheated Steam Pipe Causes a Disas. To Perforate All Mail Matter in Fumitrous Explosion in Belle Ellen, Ala., Coal Mines.

MEN HAD JUST GONE TO WORK

Fre Broke Cut in the Main Slope. Aid Could Not Be Given to All.

#### BUT MORE THAN FIFTY WERE RESCUED

Brigade Fought the Flames All Day, but in Vain-It Is Not Known How Many Are Entombed in Burning Mines-List of the Missing.

Birmingham, Ala., September 20 .- About two hours after the men went to work inmine No. 2, of the Bessemer Land and Improvement Company's coal mines at Belle Ellen, near Blocton, Bibb county, this morning, fire was discovered far down in the main slope.

About one hundred men are employed in the mine and an alarm was at once given. A panic followed among the workers and in the little town of Belle Ellen. Hundreds of men, women and children gathered at the main entrance of the smoking mine, while rescue parties were at once formed to relieve the miners:

More than fifty were got out from the various entrances without harm. Others were overcome by smoke and fell by the and dragged out, while those at the entrance restored life to their unconscious

A scene of wildest excitement prevailed at the mine's mouth. Women and children were screaming and shouting for help, and a fire brigade was at work endeavoring to overcome the flames.

Five men who were working about the slope where the fire originated, could not be reached, and it is regarded as certain that they are dead. The missing were:

HERMAN KRAMER, white, HUBBARD FOLEY, white, HENRY REEVES, colored. FRANK JAMES, colored. WILLIAM FAIRFAX, colored. It is possible that 'two or three other also may be in the mines.

The fire brigade battled with the flames all day in a vain attempt to reach the entombed men, but at nightfall the fire was still burning fiercely and efforts were abandoned. A telegram from Belle Ellen tonight says the fire is thought to have originated from an overheated steam pipe. which ignited gas in the mine. A careful check is being made of the list of miners in the mine where the fire broke out to ascertain if possible if the death list will exceed five. So far it is not positively known that any others are missing.

#### SIX CHILDREN BURN TO DEATH. Negro Family Lock Young Ones in a House and Go to Church.

Columbia, S. C., September 20.—(Special.)-Andy Smith, a negro, and his wife, living in the country near Donalds, Abbeville county, last night locked in their house six tors from a neighbor's.

The youngest was eighteen months of age and the oldest seven years. The par-

ents went to church. An hour later neighbors heard trightful screams coming from Smith's house, the interior of which was in flames.

Negroes made heroic efforts to save the children, but it was impossible to reach them and they were cremated. It is supposed an oil lamp left burning was overturned.

### TO PUNCH LETTERS FULL OF HOLES

gating Process.

MUST PENETRATE PACKAGES

Punctures Made To Admit the Germ Destroying Gas.

THE DOCTORS DISAGREE ON PERFORATION

Surgeon Carter Says Perforation Is Unnecessary When Formaldehyde Gas Is Used.

ETTERS and packages from New Or leans, Mobile and other infected towns will arrive at their full of holes.

sued by Superinten dent Terrell, of the fourth division the railway mail service, yesterday to the effect that all

mail matter shall be perforated when undergoing fumigation. This order was sweeping and no mail matter will escape. The punctures are made in the mail so that the fumes of the disinfectant may penetrate the paper and kill any germs that may be hidden there. No stray germs will be allowed to escape. Hiding inside a letter will not insure their safety. The deadly fumes of the fumigating gas will now permeate the interior of the envelope

and destroy the germs of the insidious dis-

The order yesterday was the result of a big fight that has been in progress for some time between certain health officers and surgeons. When the new process of fumigating by means of formaldehyde gas was put into general ise it was the opinion of certain eminent physicians that it would be unnecessary to puncture the letters as was done in other epidemics when the fumigating was done y burning sulphur fumes under the mail Surgeon H. F. Carter, of the United States marine hospital service, took the position that a perforation of the mail was entirely unnecessary when the formalde-hyde gas was used. He argued that any germs that might be snugly ensconced in side a letter would be killed by the gas without the work of perforating the letter. Dr. C. M. Drake, of his city, took a position directly to the contrary. He assert-ed positively that no process of fumigation would kill the germs unless the perforations were made. He said that paper wa air-tight and that fumes of the gas could not penetrate inside unless the envelope had holes in it.

Acting under the advice of Surgeon Car ter the railway mail officers fumigated mail with the formaldehyde gas without perforating the articles. While this was

Fumigation Without Perforation.

doubtless safe enough, it did not create a profound feeling of confidence in the hearts of the people who received mail from the infected districts. Savannah people especially made a kick. They tele-graphed to the mail authorities here and complained that the mail from New Orleans was still coming in unfumigated This was not true, but they knew no bet-er. The mails had been fumigated with the new gas and no perforations had been made. Formaldehyde gas leaves no odor and with no punctures in the envelope is absolutely impossible to distinguish fumigated from an unfumigated letter. The Savannah people had been associating with old-time epidemics where the sulphur fumigation process was used. The sulphur left a strong scent and the letters were always full of holes. 'Very naturally when they received mail with neither holes nor bad sulphur smell they imagined that they were getting mail full of fever germs and

they kicked accordingly. Now their fears will all be allayed. All of their letters will be punched full of holes, but no smell of sulphur or any other substance will be left to linger in the

#### letters' contents. How the Work Is Done.

The process of perforating the letters is very simple. The clerks are provided with paddles which are thickly studded with sharp nails. The letters are laid one by one on a block and struck by the paddle The nails are stuck clean through the let ters and all germs that are not impaled or the nails will be afterwards suffocated by the gas. The letters are subjected for time to the fumes of the gas, and there is no possible danger from handling a letter from the infected district. Reginning with yesterday all mails were p

gas fumes. Warning is given to the public that no valuable article should be entrusted to the mails. No matter how valuable it will be ounched full of holes and entirely ruined Photographs that happen to be sent letters will be ruined. The clerk who doing the fumigating has no favorites and he will punctuate the countenance of any photograph that may be sent.

#### THEY ISSUE A CHALLENGE.

Governor's Horse Guards Give a Stab at the Fifth Regiment.

Being fired with their recent success on the rifle range at Lakewood, and having won the first and second prizes in the test last Friday, the members of the Governor's Horse Guards propose to shoot for a prize with a team of six men selected from their company and a team of a like number from the Fifth regiment.
Yesterday a challenge was issued by Captain J. S. Dozier, of the Horse Guards, and it is calculated to stir the members of the Fifth regiment to action. The challenge is

"To the Commanding Officer, Fifth Regiment Infantry, G. V., Atlanta, Ga. Sir. The Governor's Horse Guards, desiring to keep alive the interest in rifle practice, propose a match between teams of twelve men from their company and r regiment, leaving the details of the match to a committee of three, to consist of one officer from their company and one officer from your regiment, these two offi cers to choose the third member. The decision of this committee is to be final, Respe "Captain Governor's Horse Guards."

#### WATER HAMMERS IN THE PIPES. New Plan To Obviate This Difficulty

Adopted Last Night. It is probable that the difficulty encountered in flushing the sewers for the last three nights has been avoided.

Yesterday morning Secretary Brown held a consultation with Chief Veal and the result was the adoption of a plan whereby t is thought these water hammers can be avoided. Last night six hydrants were in constant use. Only hydrants in one locality were opened and only one closed at a time.
The result was a steady flow and a uniform pressure through the pipes.

The officials will make their reports this

morning and it is most probable the plan will be adopted.

### SURGEON SAWTELLE TELLS OF ATLANTA'S INSPECTION

All Precautions Practicable Are Being Taken---Talks of the Conditions in Atlanta --- Every Suspicious Case Will Be Sent to the Camp of Detention--- No Case Here and There Has Been None.

"There is not a case of yellow fever in Atlanta and there have been no such cases. Considering the fact that the refugees have been invited here, all pre-cautions practicable have been taken under the direction of the board of health

SURGEON SAWTELLE. The Marine Hospital Service Official Who Is on Duty in Atlanta.

to prevent the entrance of such cases. Every precaution is taken to prevent suspects from entering the city by a thorough inspection of all trains coming from the infected districts."

Dr. Henry W. Sawtelle, of the United States marine hospital service, who is here as the representative of Surgeon General Wyman, is looking after yellow fever and yellow fever conditions in Georgia. He gives this strong indorsement of the work of Mayor Collier and the board of health in guarding against the introduction of yellow fever cases into Atlanta.

Such an indorsement from such a source will allay any doubts which the people of Atlanta may have had, and should be sufficient assurance to the people of other parts of the south that they have nothing to fear from Atlanta. Dr. Sawtelle is careful, conservative and thoroughly mindful of the importance which will be attached to the declarations of one occupying the position he does. Until now he has declined to give to the press any statement concerning the conditions in Atlanta, which he has been studying so closely, but through The Constitution he now gives his reasons for his declaration to the health

offices in Montgomery that all practicable precautions have been taken here,

and that other southern cities need have no fear of Atlanta's health certificates. Dr. Sawtelle came to Atlanta several days ago and since his arrival has been in close touch with the city authorities and with the railroad officials. He has made suggestions to the board of health which have been promptly acted upon and has given the assistance of his knowledge, his opinion and his experience in strengthening the system of inspection which had been inaugurated by the city authorities before his arrival. As it stands today, he gives his indorsement of this system of inspection', s the only means by which the fever can be kept out of the city. In speaking of the result of his investigation yesterday, Dr. Sawtelle said:

"I came to Atlanta on orders of the surgeon general for the purpose of ascertaining the exact condition here. I have for several years been located at New Orleans, but having never had yellow fever myself, was not sent to the infected districts. I had just left New Orleans on my vacation and had been gone only a day or two when the outbreak occurred.

"You ask me about the conditions here in Atlanta, the system of inspection and the general precautions which have been taken to prevent any cases being brought here. In a word, I don't hesitate to give the Atlanta situation, as I might term it, my indorsement. In my reports to the surgeon general I have gone quite fully into conditions and have shown the unlikelihood of the dread disease getting anything like a foothold here. I don't say absolute impossibility. for that is too strong a term. It is true that yellow fever has never secured a foothold in Atlanta, and it is equally true that because of the altitude, 1,100 feet above the sea level, and the atmospheric conditions which prevail here and the further fact that the city is itself reasonably clean, it is very natural that some of the best physicians should take the position that there is absolutely no dan-However, in justice to the people of Atlanta and to those who have been invited to come here and are in a sense the guests of the city, the inspection and the restrictions placed upon suspected cases from the infected districts cannot be too strong. I had a conference with the city authorities and impressed upon them this fact. They had already taken the first steps and they have left nothing undone to carry out this idea of strict in spection of incoming trains." "Do you think that it is possible for a case to get in here?"

"Of course it is possible for a case to come in. Experts disagree about yellow" fever and no one can make a diagnosis of a suspected case with absolute cerainty. No physician can make such a diagnosis of a case of typhoid fever with absolute certainty unless he is able to make an examination of the blood or has a patient under observation for several days. The same thing is true of smallpox. One feature of the present outbreak is that these cases of yellow fever resemble dengue very closely. Take the Ocean Springs cases, for instance. They had been pronounced by competent medical men from different states as being dengue. When I left New Orleans an outbreak of yellow fever was unsuspected because it had been determined according to the diagnosis of these physicians that those cases were dengue.

I cite this simply to show that even if Atlanta inspectors were experts in vellow fever they, like other physicians, would be unable to diagnose with certainty and a case might therefore pass into the city on the train. No such case has, however, appeared. Just now the conditions in New Orleans and Mobile are such, there are so many points of infection, that an even more rigid inspection of people coming from these cities is necessary than was necessary in the earlier stages of the trouble when the cases were supposed to be confined in each city to some one locality. For that reason the board of health, at my suggestion, arranged today to put two physicians on each of the incoming trains instead of one as heretofore, and every case which gives rise to any suspicion at all will, together with baggage, be kept in the detention camp and the bag-

I asked Dr. Sawtelle whether in his opinion vellow fever could gain a footbold

"The fact that yellow fever never has got a foothold in Atlanta and the limatic conditions being those peculiar to a mountainous region are favorable indications. If the city is kept clean as it should be the chances of the disease taking hold would seem to be very slight.

"As I have said, I have in my reports to the surgeon general given in detail the exact conditions here in Atlanta as I find them. It is natural that other cities of the south which have learned, by more or less bitter experience, that they are not immune to yellow fever, should have felt anxious when they saw the an nouncement that Atlanta threw her gates open to the people from the infected districts. But I do not hesitate to say that all precautions practicable, considering that the refugees have been invited here, have been taken by the board of

Dr. Sawtelle is a man of force and a man of action. By temperament and by experience he is admirably fitted for the highly important position he holds. For twenty-four years he has been connected with the marine hospital service has been one of the factors in building up the strength of that valuable branch of the government. A recent article in the Leslie magazine on the marine hospital service speaks in high terms of Dr. Sawtelle's work. In the present troubles he has been of great value to Atlanta and Mayor Collier and the members of the board of health bear testimony in terms of high appreciation to the valuable assistance he has been to them in developing, strengthening and perfect-

ing the regulations which are now in force. As Dr. Sawtelle shows, the south need have no fear of Atlanta.

#### FAVONIUS WAS BURNED AT SEA. | and half of blacks. He started on his voy Crew Fires a Vessel Rather Than Touch at Rio Janeiro.

Salem, Mass., September 20 .- A telegram was received here today from Captain J. W. Dunham, who is in Pensacola, Fla. stating that his ship, the Favonius, had been burned at sea.

The Favorius was of 1,500 tons burden and was carrying lumber from Pensacol. to Rio Janeiro. The vessel was loaded about two weeks ago, but difficulty arose over a crew, as no one would ship owing to the prevalence of sickness at Rio Janeiro. A crew was ultimately secured, but just as the vessel was on the point of starting

the whole crew deserted. Captain Dunham was then obliged to secure a crew which consisted half of whites plant today, giving employment to 500 men.

age last Saturday.

vessel got outside the crew set fire to the ship. The telegram states that the crew The Favonius was a Britch ship and hailed from St. John, N. P. Thompson & Co., of that city, owned the vessel.

FIVE HUNDRED MEN GO TO WORK

### FEVER STOPS MAILS TO NEW ORLEANS

Montgomery Quarantined Our Mai Clerks Yesterday.

CLERKS WERE FROM ATLANTA

All Clerks from This City Will Be Put in Custody.

NEW MEN WERE SENT FROM WAYCROSS

A Crew of Relay Clerks Who Have Not Been Near Atlanta Will Operate the Mail Cars.

Superintendent L. M. Terrell, of the rall-way mail service, was at once notified of the action of the Montgomery authorities and he took immediate action to resume the mail service that had been so rudely dis-turbed. He was plainly informed by the Montgomery officers that any man sent from Atlanta would be promptly placed in quarantine detention camp.

Superintendent Terrell was making an effort all day yesterday to get enough mail clerks together who have not been in Atthat have been running between the clerks that have been running between Wayeross and Montgomery out to Montgomery to take the place of the quarantined clerks. It is not known whether or not the new clerks were allowed to go to work, but as they have not been to Atlanta within the twenty days prescribed by the Montgomer was the most property of the clerks were allowed to go to work, but as they have not been to Atlanta within the twenty days prescribed by the characteristics. twenty days prescribed by the gomery people, it is thought that they will not be molested.

How Mail Is Brought Through. For some time the mails between here and New Orieans have been carried by a relay system. No train has carried a mail car directly through. All mail coaches go-ing west have been turned at Opelika, and the mail clerks taken off the cars by guards. The clerks were placed in a guardhouse until the relay clerks came and took charge of the mail. The relay clerks have been carrying the cars of mail from Opelika through Montgomery to Hurricane bayou, where they were taken off by guards and subjected to the same regulations as the Atlanta clerks endure at Ope-lika. At Hurricane bayou a new relay of Clerks take charge of the mail and carry

it on to New Orleans. Coming this way, the same clerks bring the mail from New Orleans to Hurricane bayou. Here they are taken off and the next relay of clerks is liberated and allowed to bring the mail on to Opelika, where the Atlanta end relay takes charge. None of the relays are allowed to see or go near each other. The relays are necessa-ry, as Montgomry will not allow a/ mail

ry, as Monigomry win not allow a man clerk to pass through who has been near an infected town or Atlanta. Up to yesterday this relay system has been working all right. The first cierks that run the relay between Opelika and the bayou were quarantined several days ago, but their places were promptly filled by clerks from this city. The Montgom-ery people allowed the Atlanta clerks to run through their city but a short time before they quarantined them in a camp

#### May Have To Abandon It.

This was the situation yesterday morning. The only relief was to get men who have not been in Atlanta and send them to Opelika by way of Waveross 16 the Montgomery authorities persist in quarantining the clerks who are sent there the service will have to be abandoned. All Texas mail has been diverted from New Orleans. A notice was received yes-terday to the effect that all trains on he Southern Pacific had been stopped. Now all mails to Texas will have to be sent by way of Memphis and Cincinnati and other northern cities.

A quarantine has been declared against Mail Clerk Crenshaw in New Orleans, A guard has been placed around his house. A telegram was received vesterday say. ng that he was not sick, but that the guard was still around his house.

There was no clerk for No. 38 yesterday.

The clerks had been placed in custody by the authorities. Some of the clerks were put off on the side of the road. Superintendent Terrell is making every effort to get his mail clerks out of quaran-tine. Some of the men are shut up in the detention camps, where they will have to be exposed to the disease and they re feeling themselves to be in a very wkward and unenviable position.

#### STRIKE HAS BEEN ENDED.

DeLoach Mill Manufacturing Men Le-

turn To Work. The strike which has been on for the play or two at the DeLeach Mill Manuuring Company has been now settled it is thought that all of the men will be work this morning. The strike was nigher wages, the men claiming that twere not receiving sufficient remuneration their services. During yesterday a settlement was reach-d and a portion of the strikers returned to york. Some of them, however, decided not by put in a half day at work and conse-

FEVER QUESTION

a dirty, green-scummed pond of stagnant water; without paved streets and with outhouses on the surface and badly in need of cleaning; with refuse vegetable and waste matter frem kitchens thrown into back alleys and vacant lots and poisoning the air with their effluvia, it is little to be wondered at that this place proved a good 'culture' ground for the development of yellow fever germs. It had previously shown its thorough ability to hospitably

entertain those of cholera. "And yet this place is cited as a warning to clean, sanitary Atlanta! Let no such foolish talk, or other hysterical suggestions of alarmists, disturb the good people of Atlanta. There is no danger in our having freely opened our gates to the unfortunate refugees and cordially inviting them to enter. Other cities not so fortunately situated as to climate and health are unable to exercise this grand privilege, but should not carp at and abuse her for exercising the right of her hospitality to the afflicted, for she whom they now abuse they might, if unhappily visited with the scourge be glad again to hail, as in the past, 'no-

"JOHN C. OLMSTEAD."

DR. W. S. ELKIN. Dr. W. S. Elkin says: "Yellow fever germs must have certain climatic conditions in order to be developed and exist. These conditions, I think, do not prevail in Atlanta in a degree that would allow the

disease to become epidemic "I am of the opinion that yellow fever can be brought here from infected dis tricts and a limited number of cases might develop from these. I would advise rigid inspection of all the refugees and deem it wise and prudent that no one from those districts who has been exposed to the disease be allowed to enter the city until a time limit of at least ten or twelve

#### days has elapsed. W. S. ELKIN." "FOOLS," SAYS C. M. DRAKE.

"It may be said that Atlanta is immune to yellow fever. The history of the disease has amply demonstrated that it has never prevailed as an epidemic at a geo graphical altitude of 1,000 feet above see level, where the climatic and sanitary Yellow fever germs require certain physical, geographical and elimatic condition for maintenance of life and propagation. These are, in the order named, heat and moisture, low aithude and malarial atmospheric surroundings. These conditions

are not found in Atlanta. "A few sporadic cases may occur here in refugees from infected districts, bu there can be no spread of the disease and the board of health has inaugurated such precautions as to almost preclude

"I look upon the situation as in every way safe and favorable. Our people ought not to feel alarmed if a few cases develop here in refugees, as they will be prompt ly isolated by the board of health and all avenues of infection will be closed.

"While I am not in favor of inviting refugees from infected places to come to Atlanta, I am well satisfied that the board of health has instituted sufficient safeguards to fully protect the city from sporadic cases. Regarding the unreasonable and illogical quarantine enforced by the constituted authorities of certain towns against commercial shipments from Atlanta, when it is not infected, I think, to express my opinion tersely and plainly, that the said authorities are damned fools.
"C. M. DRAKE."

#### DR. HUGH HAGAN. "Conditions are not such that a yellow fe-

ver epidemic could occur in Atlanta. A few sporadic cases might result from the presence of those from infected districts. but the disease would not be of a virulent nature and would not be infectious here. The causes of yellow fever are long-continued high temperature, humid atmos phere and swampy districts, over-crowded districts, filthy excesses and intemperance of any and all kinds. No doubt a

specific cause exists in the form of specific poison, but this poison, whatever it may be, has so far escaped actual Getection. In the absence of the co-operating and accessory causes the specific position is liable to remain inoperative. Such being the case, much can be done toward the prevention of the spread of yellow fever to a district not yet infected by attention to personal cleanliness and other hygienic

measures. "As far as Atlanta and the causes are concerned, I do not think we are in danger.

"HUGH HAGAN."

DR. J. M'F. GASTON. "While the climatic conditions of Atlanta are not favorable to the development of yellow fever under any circumstances, yet it is proper that all due precautions against the entrance of those already infected

should be adopted. "It is proper also that steps should be taken for the removal of those who may develop the disease who have come in from infected districts. With such provisions there is no reasonable ground for expecting that yellow fever will get a foot-

### hold within our city.. "J. McF. GASTON."

CHIEF TOM VEAL. "Atlanta will be the cleanest city in the United States. Just preceding this yellow fever sensation we were busy at work on a plan to give the streets the most thorough cleaning they had ever had, and since the fever scare came on over the country our force has been doubled and every precaution taken in every section of the town. The sanitation of Atlanta is perfect. am not authority upon yellow fever, and am not in a position to state whether the disease can be developed or contracted here, but I do know something about the sanitary condition just now, and am prepared to state that Atlanta is absolutely clean, I will say, however, that I do not believe that yellow fever could exist here in any violent form. We are now flushing sewers during the daytime, and our night force has been doubled. Every alley and every old cellar has been cleaned and disinfected with lime and other material. In addition to the increased force of the regular sanitary department the mayor gave me four extra policemen today, who have been assigned to the different districts with the authority to inspect and report. If a yellow fever germ would find its way to Atlanta, it would die for want of company. There could be no propaga-

## SENATE AND HOUSE ARE HERE

Convict Question Calls a Majority of the Legislature.

Will Meet in the Capitol Tomorrow To Frame a Bill.

TALKS WITH BOTH THE CHAIRMEN

Will Work in Harmony To Shape Legislation That Will Settle the Vexed Question of What Georgia Is To Do with Her Convicts.

The meeting of the penitentiary committees of both branches of the legislature tomorrow has attracted to Atlanta more politicians than have been gathered here since the late senatorial contest. The fact that these two committees have in hand the mest important piece of legislation that the next session of the legislature will have to handle has led nearly every member to put in an appearance, and the additional majority of the entire legislature has led a large number of politicians to follow in their wake. The meeting tomorrow is practically a meeting of the legislature, so faras convict legislation is concerned, and

sented in the conference Senator Phil Cook, of Lee, who is chairman of the penitentiary committee of the serate, arrived in town early yesterday afternoon and registered at the Kimball house. To a reporter of The Constitution

"I regard as a basis of the action of this joint assembly the report of Judge Turwhich was published in The Constitution some weeks ago. That report is the result of careful preparation, and, during his term of office, Judge Turner has had an experience which entitles his advice to serous consideration. I disagree with him in one or two minor matters, but, as a whole, I am in favor of the plan which he has outlined. I have not brought with me to Atlanta any bill to be presented either to my committee or to the joint conference, but I am prepared to support any proposivict legislation upon the legislature and does not leave it to any committee or commission hereafter to be appointed. My own committee will meet and organize, and will thereafter meet in session with the house committee, if that is agreeable to the latter body.

All Is Harmony. The best of good feeling exists between there is no doubt that the joint session

will be a harmonious one, and that the of the vexatious question which they have mutually to consider. Chairman Hewlett Hall, of the house committee, did not arrive in town until late last night, and went direct to the executive mansion to keep a secial appointment with Governor Atkinson. When called upon by a Constitution reporter, he said:

my committee are now in town, but I judge from the letters which I have re-I have brought with me the rough outlines of a bill to be submitted on the lines laid down in Judge Turner's report. This does not, however, suggest any property to be purchased by the legislature, and contemplates the reference of that matter to a penitentiary commission to be appointed by the governor. I am very glad that Senator Cook has called a meeting of his committee to join with us in discussing the question and I feel sure that when the joint committees shall have adjourned a definite and practical plan will be prepared for presentation to the legislature when it meets in October."

CHEAP MONEY and ioans made promptly on approved security. Equitable Loan and Security Company. Gould building.

The Basis of Action. This was all that either chairman would say about the work they had in hand, but it was enough to bring into demand during the day the report of Judge Turner which both referred to In the labby of the Kim. both referred to. In the lobby of the Kim- | street ball house, where scores of committee members were assembled, and where the convict question was discussed along with the gubernatorial problem. Judge Turner's remark bernatorial problem, Judge Turner's report was in great demand. In order that all the members of the two committees will be able to take advantage of Judge Turner's recommendations The Constitution presents herewith the full report in question:

"The state should purchase as early as possible, in 1898, a tract of land containing from five to seven thousand acres, in a healthful location, on a line of railway, accessible from any part of the state and on which should be a deposit of clay sukable for making first-class brick, stone suitable for building purposes and a water power of not less than two hundred horse power.

shifting for building purposes and a water power of not less than two hundred horse power.

"Before the present contracts expire, towit, April 1, 1809, there should be erected on this property temporary but comfortable buildings, hospitats, stockades and appurtenances for the imprisonment and safe-keeping of the following classes of convicts: Females, boys under a fixed age, probably seventeen years; aged, infirm and diseased convicts and such others as may be reserved to cultivate the farm, manufacture brick and quarry stone.

"The buildings so erected should provide for a complete separation at all times of the three classes named, and for separate eating and sleeping apartments for whites and blacks. The water power should be used in supplying these buildings with water and light, furnishing such power as may be needed in workshops and industrial occupations. The buildings should be so constructed as to give each convict a separate cell for sleeping purposes, with no chance for physical communication after the hour for retiring.

Women and Boys.

Women and Boys.

"The females should be in charge of a matron, and should manufacture clothing for all the convicts, if necessary, spinning and weaving the material for this purpose; but they should be given such cutdoor work and exercise as will preserve their bealth. Provision should be made

for their moral training and development, and the younger ones, probably under seventeen years, should receive such mental instruction as may be deemed best.

"The boys should be employed in naking shoes for all the convicts, manufacturing and repairing farm implements and tools and such outdoor labor as may be necessary. They should have moral and mental instruction and some recreation, but not at the expense of hard labor and strict discipline, which should always be kept in view as the proper punishment for violation of the law.

"All other convicts mentioned and reserved should be put to cultivating the land, manufacturing brick and quarrying stone. In the farm operations, particular attention should be deveted to raising food

land, manufacturing brick and quarrying stone. In the farm operations, particular attention should be devoted to raising food products for the maintenance of the whole prison population. The brick manufactured and stone quarried should be of such quantity and quality as, under plans and specifications previously adopted, will be required for the erection of permanent, modern prison buildings, walls and appurtenances for the imprisonment of the whole convict population.

"All other convicts should be hired out.

for the imprisonment of the whole convict population.

"All other convicts should be hired out, for terms not longer than five years, on one of the following plans: The state bearing all expense of maintenance, clothing, transportation, medical treatment, officers and guard salaries, and having absolute control of the convicts; the hirer paying the state an agreed price per capita per diem. Or the hirer bearing all the expenses, except medical treatment, a local physician being appointed and paid by the state, who shall reside at each point where convicts are worked and see that they are maintained in strict compliance with the contracts; the hirer paying the state an agreed price per capita per diem. Of these two plans, I consider the former the better, as it removes the convicts farther from the possibility of mistreatment than the latter.

"All contracts of hiring should be protected by an ample bond, and should provide for monthly or quarterly payments of hire due the state, and, in default of payment, execution should issue against the hirer, and possibly against the securities at the same time.

"All convicts should be hired to one person, or company, if possible, and in any event, to the smallest number of hirers.

"All convicts should be hired to one person, or company, if possible, and in any event, to the smallest number of hirers. The hire should be paid directly into the state treasury, and should be expended only in payment of penitentiary expenses, the balance to constitute a building fund to be used in erecting a permanent modern prison. A conservative estimate of the results of this plan would be as follows: Appropriation needed to purchase land and equip the same, \$125,000; maintenance and general management of 2.300 convicts for five years at 25 cents per capita per dem, \$1,049,375; making the whole expenditures for the five years \$1,174,375.

Cost of Maintenance.

"The three classes of convicts kept on the land purchased will probably aggregate 450, consisting of females, 70; boys, 50; aged, infirm and diseased, 150; and others reserved, 180, which would leave for hire 1,850 able-bodded men. These men should be hired for at least 50 cents per capita per diem, which, in five years of 313 working, days each, would amount to \$1,447,625. Deduct from this amount the original appropriation, with maintenance for five years, and the building fund at the end of that period will amount to \$273,250.

"This estimate is based upon the most liberal terms, not including any net results from farming operations, or other industries thereon, and placing the hire of able-bodded convicts at 50 cents per day, when the present price of unskilled labor ranges from 60 to 75 cents per day. I believe the farm could be made to support the whole population located thereon, and materially reduce the cost of maintaining the entire population, and that the state could hire its able-bodied convicts for 60 cents per day.

"The estimated cast of maintenance at Cost of Maintenance.

ents per day.

The estimated cast of maintenance at "The estimated cast of maintenance at 25 cents per capita per diem is lower than the average cost of the prisoners shown in table No. — hereto attached. But a large majority of these prisons are in eastern and western states, with very claborate and expensive systems, and a population wholly different from ours. Owing to the fact that many southern states operate under lease systems similar to ours, it has been found impossible to ascertain the cost of maintenance in such states, but, from the best information obtainable, the approximate cost to the Georgia lessees is 25 cents per day. The state lunatic asylum of Georgia maintains its large and costly 20 cents per day. The state lunatic asylum of Georgia maintains its large and costly population at 31 cents per day, while Maryland. Texas, Virginia and West Virginia maintain their convicts at a cost of 28, 32, 16 and 25 cents per day, respectively, the average cost of these four prisons, with population somewhat similar to ours, being a fraction over 25 cents per capita per diem.

The Possible Profit.

The Possible Profit.

"If my estimate on this item proves to be too low, it is amply covered by the liberal margin heretofore referred to and the net result will be practically unchanged. The margin being maintenance of 450 convicts at 25 cents per capita per diem, an ounting annually to \$41,062.50, or for the five years to \$205,312.50.

"As the brick making and the stone cutting advances, under a skilled foreman and bosses hired for the purpose, the largest part of the labor on the prison buildings could be done by convicts, the state reserving on the farm a force of brick and stone masons and carpenters sufficient to do this work. Table No. — attached hereto will show how many of these workmen are now confined in the penitentiary. "If this plan is adopted, the state furnishing the material and a large part of the labor, with an available fund of \$273,-259 at the end of five years, it will have the best equipped modern prisons in this country, which will have cost the taxpayers nothing, and probably leave a surplus in the treasury, which can be applied to the public school fund or used for other purposes.

"To place the convicts on the public

purposes.

"To place the convicts on the public roads will cost the taxpayers each year for maintenance \$209,875, a like amount the first year for equipments and material and the state will still have neither permanent arisensity. manent prisons nor a permanent system. To engage them in farming on state account, should the state purchase land for that purpose, would cost the first year

# EISEMAN BROS

A Few Words on the Occasion of the Opening of the Autumn Business.

This is our thirty-third Autumn in Atlanta. That means more than we can tell you in this limited space. Think of the valuable experience we have caught from all the seasons of the past. A third of a century of activity in the retail Clothing trade of this community. If the displays are nearer to your ideals than at other stores, it is because you have indicated to us in the past what you like best. We ought to please you better with each succeeding year--we know your tastes and preferences better; you've been teaching us over thirty years. We'll enrich our store of knowledge during the days to follow by your criticisms and suggestions. Nearly all the styles we display are exclusive to us and cannot be found elsewhere. Every department is now in thorough readiness for your inspection and selection. The advertising review below merely hints of some of the attractions. Don't skip a line; 

Our organization is more perfect than ever. Novelty and staple weaves of every Merchant . . . Our organization is more perfect than the racks and counters, and our tailor stands sort from Over sea mills are on the racks and counters, and our tailor stands ready to take your measure and finish the Suit promptly. Every effect called Tailoring . . . choice and fine in the most fashionable parts of Paris, London and New York are reflected here. Not a pattern, color or weave is lacking from the grand array. Worsteds, Clays, Whipcolds, Diagonals, Coverts, Cheviots, Tweeds, Homespuns, Vicunas and scores of others adapted for Suits, Trouserings and Overcoats await your wise choice.

### Men's Ready-Made Suits and Overcoats

The early Fall styles have arrived and are arranged. They are the result of our distinctive and progressive methods. We bought the cloths from the manufacturers long before the new tariff sent prices skyward. They were made up at our own tactory under the direction of artistic and scientific managers. Economy was the watchword in their production, but no pains or expense was spared to give, them tone and elegance. Straight from our workrooms to you. That's the short, modern way that avoids every intermediate profit. You know our policy and understand how we save you the middle-

Men's Fail weight Suits, made of handsome brown and dark mixed ali-wool cassimeres and cheviots, sewed with silk and nicely lined-trousers made with French waistbands and cut 

Men's Fancy Semi-Dress Suits in sack, frock and double breasted sack styles-hundreds of different patterns of brown plaids, checks, melanges, broken and overlaid or inter-threaded, black patterns. They come in bronze, dark blue, dense gray, deep tan, intense brown, and every imaginable mixture. Every garment sewed with tested silk and lined with double

### All Kinds of Good Overcoats.

Men's English Covert Cloth Top Coats-lined throughout with costliest, pure dye surah silk-cut in tho very acme of fashion, finished with Buffalo horn tipped buttons and worth 25 per cent. more than 

Box and Half-box Top Overcoats, with silk sleeve linings—in all the latest shades of gray, tan, brown and wood. A vast assortment of Regular-length Overcoats, made of best imported Meltons, Friezes, Kerseys, 

### That Exclusive Department for Boys.

Do you realize the superb advantages of our Boys' department? It is the largest and most complete in the South. You'll find everything there for Boys' wear except Shoes. A magnificent assortment of Suits, Overcoats, Hats, Caps, Shirts, Shirt waists, Underwear, Gloves, Neckwear, Hosiery, Handkerchiefs, and the like. Not a single interest that is vital to the comfort and grace of a Boy has been neglected. The shelves and counters are brimming with bright and beautiful styles for present use,

and the prices are exceedingly low. Don't put off buying any longer-your Boy must be made ready for Fall and Winter. Easier to choose leisurely now than in the scramble with other procrastinating parents; wiser, too-you get your choice. For Boys of three years old and your big, big Boy-under and outwear; covering for body, heads and hands-feet, too. Stockings, not shoes. The only exclusive Boys' Department in this section. Mothers are making it popular.

### Stuttergarter's Underwear.

The sale of these celebrated goods is confined to us. Not to be found elsewhere in Atlanta. Physicians and scientists the world over have pronounced them the only perfect hygienic underwear for men who are prone to colds and rheumatism. We show them in various weights-light, medium and heavy. This is just to notify the public that the new Autumn stock is ready. The wise ones will respond without another word from us.

No Use Saying A Word About Hats and Neckwear.

Our stocks of Hats and Neckwear are absolutely matchless. We won't give a detailed description of them today. Not necessary. You know the variety and excellence of the goods we carry. Every proper taste quickly and economically satisfied. The nip in the air yesterday gave extra impulse to our hat activity. Straws were forced into rest and our elegant Derbies and Alpines had a successful

### WOODFORD HAD NO ULTIMATUM

Minister's Communication to the Duke | Walthour and Eaton Will Battle for the | Closing Direct Evidence Against Prisoner | Wages of Consolidated Motermen and Judge J. L. Sweat Doubts the Attorney of Tetuan Misapprehended.

Spanish Count Will Return to Madrid | Eaton Went on Track Yesterday, and

Paris Paper Print Quite a Sensational Story of the Conference at San Sebastian.

Washington, September 20.-It can be stated, in reference to the Paris publication purporting to give the substance of Genera Woodford's communication to the duke of an yesterday, that there has been a misar prehension on several important points, notably in respect to an ultimatum and the setting of a time limit for the conclusion of the war.

Instead of fixing the end of October next as the date for the termination of the war, that particular date was mentioned as the time when the Spanish court would return to Madrid from San Sebastian, and when consequently, it might be in order to return an answer to the latest representations of the United States government through

It is declared at the state department that, while Mr. Woodford did according to the original idea of his instructions, set out the deep interest the United States had in witnessing a cessation of the de-plorable conflict in Cuba, he did not deliver himself of an ultimatum, but simply made a statement of our deep interest in a settlement of the Cuban war as a reasoneble explanation for intervening in any manner at this time.

Mr. Woodford's cablegram regarding his conference with the duke of Tetuan is now before President McKinley.

The Paris publication is as follows: The Paris publication is as follows:

"A dispatch from San Sebastian to The Temps of this city says that in his interview yesterday with the duke of Tetuan, the Spanish minister for foreign affairs, the United States minister to Spain, General Stewart Woodford, did not present any claim for indemnity, but confined the interview to moderate phrases in the statement of the great injuries commerce and industry had suffered in the United States through the prolongation of the Cuban wat.

war.

"General Woodford is said to have added that Secretary Sherman had desired him to declare to the Spanish government that it was evidently impossible for Spain to end the rebellion in a reasonable time, and, further, if the war continued Cuba would be devastated and of no utility to Spain er to the Cubans.
"In conclusion, the United States minisor to the Cubans.

"In conclusion, the United States minister is reported to have insisted courtoously, but firmly, upon the necessity of terminating the war, declaring that if it was not terminated by the end of October the United States will feel justified in taking measures to secure the independence of Cuba.

Cuba. "The duke of Tetuan, while protesting against alleged American 'pretensions,' said he would reply officially to the United States minister when the Spanish court returns to Madrid."

May Mean a Crisis. Madrid, September 20.-In official circles here the greatest secrecy is maintained regarding the United States ultimatum, which is looked upon as bound to cause a great sensation in Europe and to have

the greatest consequences for Spain. While not intending it, it is believed the action of the United States has greatly facilitated a solution of the ministerial crisis and that there will be a reorganization of the conservatives under General Azcarraga, the premier, and Don Francisco Silvella, the leader of the dissident conservatives.

#### CHAN FUN IS DISCONSOLATE

Says He Is More Sinned Against Than Sinning.

PLACES THE DEBT UPON LOO QUE

Chan Denies He Has Borrowed Money from the Chinaman's Mutual Aid and Building Association.

Chan Fun has troubles of his own. He

says he is more sinned against than sinning and he wants his friends to hear his side of the controversy that has shaken the colony of Chinese in the city. This Chinese's troubles date back several months. He, as were all the prominent Chinese of the city, was a member of the Mutual Chinese Building and Aid Society of Atlanta, and each member paid every month an assessment of \$25 into the assoclation. It will be remembered that several days ago an attachment was executed against the three laundries owned by Chan Fun. These were issued because of the fact that it was charged that Chan Fun

which he refused to repay. Chan Fun now comes with the declaration that he owes the association nothing. He says he never borrowed the \$450 for which attachments have been issued against his laundries. In fact. Chan Fun says he has been made the victim of a conspiracy which originated with Loo Que. the treasurer of the association. Chan Fun says Loo Que, while treasurer, was short in his accounts and that just before he fled he made the announcement that Chan Fun had borrowed the \$450.

had borrowed \$450 from the association,

Chan Fun speaks English tolerably well and he has been in Atlanta lang enough to become familiar with business expressions and terms. Last night he called at Constitution office and told the story of what he says has been a wild conspiracy to cause him trouble. He says that he is

Loo Que's scape goat. "I have never borrowed any money from the association," declared he. "Loo Que who ran away, is short with the associa tion and in order to cover up his tracks he told the members that I had borrowed the money because he knew I was good for that amount, as I had three laundries. I don't know where Loo Que is and nobody

else knows. He's gone."
Chan Fun declares that Lum Ling is endeavoring to leave the city for New York
and he wants Lum Ling to be required to give a bond, so that the members of the association can be protected. The Chinese greatly stirred on account of the irregularities in the management of the asbe aired in the courts with the aid of

### WILL RACE TONIGHT AT THE COLISEUM

Championship.

TELLS OF THIS COUNTRY'S DEEP INTEREST | HUGE CROWD NO DOUBT WILL BE PRESENT

Walthour Has Trained Hard and Is in the Pink of Condition-The Other Events.

Jay Eaton will try to do what no rider in the south has yet done tonight, and that is to show Bob Walthour his rear wheel in the great match race. When the "Indeor King" stepped off of the train from New York yesterday afternoon he was met by a crowd of racing men and in the crowd was Walthour. When they shook hands they both took a careful survey of each other and both smiled in a satisfied way. After they had shaken hands, they both got in a cas and went out to the track for a trial spin, It was evident that they both were riding to see what the other one could do, and neither one seemed to let himself out. They had a sprint or two together and it was hard to tell which was the better man.
They are both in perfect condition and

both declare that they never felt better. Both Men Confident. After Eaton had finished his practice and had a rub down, he said to his trainer and a newspaper man: "I am confident

BOB WALTHOUR.

that I will win. I have beaten Walthour

before and will do it again tomorrow night." Walthour is just as confident, and when asked what he thought his chances were he said: "I will win the race. I am con-fident that I can beat Jay the way I am riding now, and I will do it Tuesday night."
The two men are so confident that they
put up \$50 a side themselves on the race, the entire amount to go to the winner.

All the racing men who saw the practice yesterday afternoon are divided as to who will win the race and they are betting lively on the outcome. Walthour has the greatest number of admirers and yesterday at noon one of his backers bet \$200 to \$300 that he would beat Eaton.

Will Practice This Morning. Both men will practice on the track this morning, and then they will wait until tonight before they get on the track again. Eaton comes here from Philadelphia, where he cleaned up everything on the national circuit on a board track. All of the fast riders in the world had to cross the tape behind Eaton on a board track, and if Walthour beats him tonight, he will certainly have the right to call himself the best man in the world on an in-

riders. The second heat will be the last

#### JAY EATON.

event on the programme and will be two miles in length. It will also be paced by a tandem. If Walthour gets one heat and Eaton one, there will be a third and de-ciding heat of three miles. If one man gets the two first heats, this last heat vill not have to be run to decide the winner. There is more betting on the event than any race ever held in the city, and the odds up to last night were mostly two to one on Eaton. There seems to be plenty of Walthour

money in sight at those odds and many large bets are being put up on the race.

There will be no amateur races tonight, for there are so many professionals that was found impossible to arrange for all of them if they let the amateurs have race. The professional open will be only contested and will be one of the best open races of the season. Bert Re-pine is the favorite, with John Chapmen and Elliott about even in the betting for second place.

The first race will be called at 8:15

Property Increased in Value.

promptly.

Property Increased in Value.

Elberten, Ga., September 20.—(Special.)—
The county commissioners of Elbert have placed the county tax rate at the same rate it was last year, viz. So cents on the hundred. City as well as country property has increased in value, and the commissioners found no need of increasing the tax rate. Elbert county is today in better financial condition than ever before. Elberton has increased largely in population and value. The cotton crop will be very short.

### STATE RESTS WITH LUETGERT TODAY

To Be Submitted.

NO TIME LIMIT WAS SET MUCH INTEREST IS FELT AN ALIBI WILL BE ATTEMPTED MEN ARE WROUGHT UP BADLY CONVICTS ON PUBLIC WORKS

Odorofski's Testimony.

Commonwealth's Attorney Asks the County Board for More Money

To Carry on Case.

Chicago, September 20.-The closing direct evidence of the prosecution in the Luetgert case will be submitted tomorrow morning. If Judge Tuthill rules out the evidence of Frank Blalk and Frank Odorofski as to the motive of the alleged murder State's Attorney Deneen will call Mrs. Johnson Miller to the stand to tell of threats she heard and a pursuit of Mrs. Luetgert she once witnessed by the man on trial, who was, Mrs. Miller will say, armed with a

But the state's attorney and his first assistant, William McEwen, are of the opinion that Judge Tuthill will not rule out the motive evidence. This will detail Luctgert's relations with other women, notably Mary Simmering, the servant girl to whose presence in the household Mrs. Luetgert strongly objected. The prosecution will try to establish the fact that it was a desire to marry Mary Simmering, or some one of the other women with whom he was infactuated, that led Luet-

pert to murder his wife.

Dr. Rudolph Oppenheim, of West Hammond, Ill., is to be called as an expert witness by the defense. He has expressed the opinion that the bones exhibited by the prosecution were procured and placed in the year by enemies of Luctery for the in the vat by enemies of Luetgert for the purpose of convicting him. Half a dozen other experts will also be called, among them Dr. Sanderson Christison, the expert

of criminology.

It was also stated today that an effort will be made to prove an alibi for Luet-gert. The defense will require two weeks to present the case and at least a week will be consumed in the arguments of

State's Attorney Deneen today asked the ounty board to appropriate \$2,500 more to help carry on the trial. Expert witnesses Mr. Deneen finds, will not work for love or glory, and besides, he claims there are several persons he desires to bring here from New York to testify for the state. Just who these new witnesses are the state's accorney declines to reveal now, his first purpose being to get the money to

#### PATROLMAN BANKSTON IS ILL

He Is Suffering from an Old Wound on the Head.

NEGRO HIT HIM WITH AN AX

A Part of His Skull Was Removed. Welch Killing Was a Strain on the Officer.

Patrolman Bankston, one of the bicycle policemen, is at the Grady hospital a very sick man. He is suffering from a wound on the head which was received while he was attempting to arrest a negro about fourteen months ago. When Bankston shot and killed Charley

Welch, the man whom he was arresting on the railroad about two months ago, it was said at the time that he had had one

Mrs. Levine, so it is stated, had once been door track.

The first heat of the match race will be the fourth event on the programme. It will be one mile, paced by a tandem for the first feur laps and the last two laps will be fought out alone by the two a knife and advanced upon him.

In August, 1896, Bankston attempted to arrest a negro named Will Turner. The Captain Thompson still has the money and says he will give it to any child whose parents are too poor to buy schoolbooks.

negro picked up an ax and struck the officer a fearful blow on the head. It was thought at the time that Bankston would die and he was under the care of the phy-sicians at the hospital for several weeks. The blow from the ax had depressed the skull on the back of the head and it was eemed advisable to perform an operation.

portion of the skull was removed and the spot is now soft and depressed. There no bone between the scalp and the

Since the negro struck him Bankston has several times been troubled with his head and it is thought that his present illness is caused from the old wound. When Bankston killed Welch he was arrested and tried before a justice of the

peace. He had previously gone through a trial before the coroner's jury and the second investigation before the justice was long and tedious. It was a great strain upon him and after the trial he was not a

About four weeks ago he became ill and went to the hospital. He was confined some ten days and went to work again about six or seven days ago, being placed upon the Pryor street beat instead of in the barracks as a call officer, the place he filled when he shot Welch. It was evident to his fellow officers that

Bankston was not himself and yesterday morning he became in again.

The physicians at the hospital say that they believe Bankston is suffering from the wound on his head. Yesterday afternoon his fever was high and he appeared to be suffering considerably.

He has made a most excellent officer and

has the confidence and esteem of every member of the police board. Last night Captain Thompson stated that he would have the sick policeman given every attention and that he should lack for noth-

Boils, pimples and eruptions, scrofula, salt rheum and all other manifestations of impure blood are cured by Hood's Sarsa-parilia.

#### A Card to the Public. When we opened in Atlanta we stated

"When we opened in Atlanta we stated that trunks and bags had been sold at double the price at which they should have been sold. Now as to the correctness of this statement we would refer you to the "half price" advertisements of others. These prices no doubt are half the old price and now equal to our regular price. We, therefore, have nothing now to offer except the latest styles and superior goods, including our celebrated Roller Tray Trunks, which are the most convenient, durable and cheapest trunks made. We manufacture all styles of traveling bags and cases as well as trunks. We believe by our dealings and opposition to trusts and combinations we have merited your confidence and, therefore, ask your patronage. Very truly yours, confidence and the confidence age. Very truly yours, age. Very truly yours, age. Very truly BAG CO...

### MACON MAY HAVE A STREET CAR STRIKE

Conductors Reduced.

Judge May Throw Out Balk's and Superintendent Winters Does Not Con- That Is the Law as It Will Be Enforced sider It a Cut in Pay.

> Central City People Are Watching with Interest the Outcome of

the Fight.

Macon, Ga., September 20 .- (Special.)-Motermen and conductors on Macon's Con-solidated Street railway are wrought up over a wage reduction put into effect on the Consolidated lines today, and which the men say, is equivalent to a 30 per cent reduction.

The men claim that they have been re-

ceiving about 12% cents an hour for their work heretofore, but are now asked to do the same work at 10 cents an hour. Menager Winters claims that it is not a reduction, but merely a change in the sys-tem of paying. He says the men will carn about the same as heretofore on an aver-

age The men do not see it this way, however and assert that they would strike if they were organized. They claim that they already work harder for what they get than any other laboring men in the country, many of them working eighteen hours a day for two or three days in the week, and none of them making more than enough

to support their families.

The men assert that the company's earnngs are constantly increasing, so that there s no provocation for a reduction of wages. Manager Winters has admitted that the company has increased its earnings each year and does not claim that the company is losing money. The Consolidated lines in this city are paying good dividends, larger than many lines in cities of double Macon's

Public sentiment seems to be on the side of the men. The laboring people are showing great interest in the matter, and it is asserted that they will boycott the road if the reduction is insisted upon. It is considered quite certain that a boy-cott will be ordered unless the company recedes from its position.

#### WOULD NOT TAKE THE MONEY A CONTRIBUTION TO BUY HARRY

LEVINE SCHOOLBOOKS. His Mother Said He Had the Books and She Would Not Take the

In Sunday's Constitution there was a story about a small white boy, Harry Levine, who was arrested for selling matches and when he stated that he was trying to get money with which to buy schoolbooks Captain Thompson allowed him to dispase

of his small stock of goods, license or no

Yesterday afternoon Captain Thompson eceived \$2 and was told that there was \$2 more coming which was to be given to the little boy who wanted schoolbooks. Captain Thompson, in company with a Constitution reporter, went to the residence of the boy's mother, 43 Butler street, for the purpose of delivering the money. Mrs. Levine was found, and it was apparent that she was not living in the best of circumstances. She could not speak English, and another woman in the house under-took to act as interpreter. The captain was told that the boy had the books. He then wanted the mother to take the money any

Captain Thompson still has the money

#### TO CURE DYSPEPSIA.

A New Remedy Which Will Do It. Chronic dyspepsia is considered by many people to be nearly, if not quite, incura-bie. No good reason can be given why they think so, except that, pernaps, they have tried various remedies without much if any benefit. But the progress in every branch of medicine has been such that among other things, a lasting cure for indigestion in its chronic form as well as temporary has been discovered, and is now placed before the public strictly on its merits as a permanent cure for all stomach troubles or difficulties with the digestive organs.

This new treatment is called Stuart's Dyspepsia Tablets, being put up in tablet form so as to be easily taken, and also to preserve its good qualities for an indefinite length of time.

This remedy has produced surprising effects in the worst forms of indigestion, and in many cases where ordinary rame. dies failed to give even relief, Stuart's Dyspepsia Tablets have fully cured. The splendid results from using this prep-

aration are owing to the fact that it is prepared and intended for dyspepsia and stomach troubles only. It is not a cure-ali like so many advertised remedies, claiming to cure everything under the sun, but it is claimed that it a certain cure for dyspepsia, and anyone suffering from any form of indigestion cannot fail to get permanent relief and cure from its use.

It is so prepared and the ingredients are of such a nature that when the tablets are taken into the stomach they digest the food, no matter whether the stomach is in good working order or not. You get sustenance and strength to mind and body by reason of the food being properly diested, and at the same time the muchabused stomach is allowed to rest and recuperate.

Notwithstanding the great benefits to be derived from Stuart's Dyspepsia Tablets, the price is but 50c for full sized package, and all druggists sell them. A little book on Stomach Diseases mailed free by addressing the Stuart Co., Mar-

behavior and work, and the hope of being pardoned

About a Borrowed Dime. A negro tried to borrow a dime from Steve Hines's wife, and when Ida Harper, a neighbor, heard about it she went to Hines's house and cried out: "Won't you loan me a dime." Then the row started, and it wound up with Ida chasing Steve down the street with a razor. She had be-fore that swiped Hines's wife over the head with a broomstick. Ida was fined \$5 and costs, which she paid, and it is proba-ble that she will now wish to borrow a dime in dead earnest.

Quarreled All Night.

John Pyron went home and missed a silver dollar. He accused his mother-in-law of taking it and she denied the soft im-peachment. This angered John and he quarreled, so the neighbors stated to Judge Andy, all Saturday night and resumed the row Sunday. John was fined \$1, the amount he quarreled about.

BEFORE long my throat was filled with sores, large lumps formed on my neck, and a horrible ulcer broke out on my jaw,-says Mr. O H. Elbert, who resides at cor. 22d St. and Avenue N., Galveston. Texas. He was three times pronounced cured by prominent physicians, but the dreadful disease al-

#### ways returned; he was then told that HOT SPRINGS only cure His hair had all out, and he was in a sad plight, After taking one bottle of S. S. S.

he began to improve and two dozen bottles cured nim completely, so that for more than six years he has had no sign of the disease.

#### Fall Floor Fixing

To please everybody, and suit everybody's purse. Despite the operations of the tariff, there never was a better time than now to buy Carpets and Draperies. We got in ahead of the Dingley measure. That's why. Then, so far as these goods are concerned, Fashion has this autumn discovered many new and delightful ways to beautify the home. The prevailing colors are stronger, and the designs bolder and more beautiful than ever heretofore. Of Ingrains, Tapestry Brussels and Velvets, we have a stock so full and complete that it holds a deep personal interest for you if your floors need covering, or are likely to need it, or if your walls would be the better for some hangings.

About . . . The most popular priced Carpet and the one most suitable for the season, is undoubtedly Ingrains . the Ingrain. Of them, we have a very large assortment, in blues and greens, the prevailing colors, and in browns, reds and tans-colors that are also "quite the thing."

Of these we are making, lining and laying the finest 650 quality for only The next quality, which only differs from the above in being of a lighter weight, we are selling and laying

The third quality, still lighter, but otherwise equally as good as the two preceding, is sold by us and laid

We also have a very heavy, all wool filling Ingrain which we will sell and put down for..... Another, a wool mixture for.....

And another, a good, heavy Ingrain, About . . . The patterns and colors in Brussels Carpets are also new this year. We have them all—in every color and design.

The finest Tapestry Brussels made, double extra ten wire, especially suited for parlors, libraries, dining rooms, sitting rooms, etc., we are now selling and laying, with borders to match, for.....

Another Brussels, of extra quality, with borders to match, and also hall and stairways, we are putting down 750 We have a fine quality of Tapestry Brussels for bedrooms,

halls, etc., which will give splendid service and look very ornamental for..... ABOUT VELVETS.

The latest, the most stylish, and by all odds the most beautiful thing in floor coverings is the velvet carnet of this season. It has displaced utterly the Body Brussels that for a decade and a half, and up to last year even; was considered the sweliest of car pets. It is richer and handsomer in design, and softer and prettier in effect than the Body Brussels, and altogether the most desirable thing for a handsome parior.

Of these velvets we have three qualities. The finest we are offecing for.

### 

ABOUT MOQUETTES. Two very popular and very effective carpets this year also are Mo-ettes and Axministers. They are new in color, tone effects and greatly vogue for parlors, to which, by reason of their light colors, they are pecially adapted.

ABOUT DRAPERIES. This season's hangings come in Tapestries, Brocatelles, Denims, Corduroy and Velour and Gold Draperies. We are carrying a full line and a special feature of the business is that we will make any style wanted, and will snow designs and patterns and samples upon application.

#### Substitution by Salesmen.

It is a habit among some salesmen to ing something else than things asked for as the result of the advertising of special ties, the advantages of which are presente in the advertising columns of the news papers. Very frequently something is offered, guaranteed to be "just as good." very often happens that the store indulging in this imposition makes more money from a "just as good" preparation, but the cus tomer is the loser. Reputable dealers should not try to substitute, and customers should be careful to protect themselves by it sisting upon being given what they ask fo or going elsewhere to get it.

ATLANTA, GA., September 21, 1897.

The Penitentiary Committees. The penitentiary committees of both branches of the general assembly wiil

meet in Atlanta today to take into consideration the formulation of a penitenlegislature at its meeting in October. The work before this committee is one

of unusual importance, and the state is to be congratulated that both committees are made up of representative Georgians, who will approach the solution on

At the head of the senate committee is Hon. Phil Cook, while Hon. Hewlett A. Hall is chairman of the house committee. No two members of the general assembly stand higher in the estimation following table indicates: of their colleagues than these two dis- Year. tingnished gentlemen; and it is fortunate that, in the preliminary deliberations over this great question, the committees have at their helms men of such character, ability and sound judgment.

The proceedings of the two committees will be watched with unusual interest throughout the state.

#### The Situation in Europe.

In connection with the reputed allionce between France and Russia it is interesting to make some inquiry into the relative strength of the combination The triple alliance is composed of Ger-

naturally the question arises in the mind fasten it on any particular community. of every thoughtful student of Euroaffairs, can the triple alliance successfully withstand the combined sade, why does it propose to close the strength of France and Russia in the event of hostilities?

ferring to the latest military and navai trade from other communities that have statistics of Europe. In the French followed the example of Atlanta in givarmy at the present time, according to ing shelter to those who are fleeing from these statistics, there are 3,600,501 men, 191,028 horses and 5,183 heavy guns; in | coast? the Russian army, 4,914,187 men, 198,000

man army there are 4,814,892 men, 172,- Orleans, Austria-Hungarian army 1,714,309 men, observed that, while the triple alliance tween France and Russia commands a eight hours. larger number of horses and a much

France and Russia have decidedly the advantage. For these two countries the said about trade and travel from Louisshowing is as follows: France, 165,537 ville and Cincinnati. men, 61 armored ships, 66 unarmored ships, 295 torpedo boats, 180 heavy guns assurance to the sensible people of and 5,805 lighter guns; Russia, 88,368 Charleston and other communities who men, 39 armored ships, 24 unarmored do not desire to be exposed to infection ships, 277 torpedo boats, 152 heavy guns and 1,783 lighter guns; making a total sued to persons leaving this city whose naval strength of 254,905 men, 100 ar- exposure to the disease has not stood the mored ships, 90 unarmored ships, 572 test of the limit which has been fixed torpedo boats, 332 heavy guns and 7,588 on by physicians and experts.

alliance, Germany has 56,614 men, 31 armored ships, 32 unarmored ships, 225 torpedo boats, 111 heavy guns and 1,121 lighter guns; Austria-Hungary, 14,864 men, 15 armored vessels, 14 unarmored ressels, 109 torpedo boats, 181 heavy guns and 690 lighter guns; Italy, 41,262 men, 25 armored ships, 23 unarmored ships, 225 torpedo boats, 141 heavy guns and 1,066 lighter guns; making a total for the triple alliance of 112,740 men, 71 armored ships, 60 unarmored ships, 540 torpedo boats, 433 heavy guns and 2.877

Summing up the military and naval strength of the two alliances the odds appear to be decidedly in favor of France and Russia; for while the military strength of the two alliances is nearly equal, the naval strength of France and Russia is more than double that of the triple alliance. Indeed, with the naval strength of Great Britain added to that of the triple alliance the odds would still, to some extent, be in favor

of France and Russia. In view of the extreme likelihood of

European hostilities at some time in the

near future, if present indications are a all prophetic, those figures are intensely interesting. On account of the cohesion existing between the members of the triple alliance, France and Russia have been compelled to unite their strength, and in doing so it seems that they have made the stronger combination of the Excluded from these alliances, Great Britain appears to be left out in

the cold, but this is so in appearance With the reserve military and naval strength which the empire commands, it is safe to predict that in the event of hostilities she would not fight a losing battle nor be opposed by both alliances at once. In the European situation at the present time Great Britseems to hold the balance of power, and is likely to retain it

Figures are seldom entertaining, but there is food for serious thought in the bulletin recently sent out by Commissioner Carroll D. Wright bearing upon the labor situation in the United States. From this official document it appears that more than 1,500 strikes have co curred in the United States since 1879. involving nearly 400,000 laborers and costing several millions of dollars. What is even more significant than the above

Strikes in the United States.

In the following tabulated statement Commissioner Wright sets forth the exact number of strikes which have ocendeavor to persuade customers into buy- curred annually in the United States

these strikes which have been success-

| r   | since 1879:    |          |         |

| 1   | 1884 81        | 23,967   | 296     |
|     | 1885 89        | 34,166   | 397     |
| -   | 1886           | 16.951   | 177     |
| ?   | 1887 69        | 25.627   | : :8    |
| 1   | 1888           | 28.974   | 293     |
| •   | 1889           | 23,320   | 187     |
| -   | 1890           | 38,402   | 289     |
|     | 11891          | . 34,733 | 271     |
|     | 1892           | 30,800   | 263     |
| - 1 | 1893           | 32,169   | 253     |
| -   | 1894           | 27,595   | 265     |
|     | 1895           | 19,307   | 153     |

Briefly analyzing the above table i appears that from only thirty-two strikes in 1879, involving some 4,000 men, women and children, the record has grown to a yearly average of 120 strikes, involving some 25,000 operatives. In other words, the discontent of the labor. tiary measure to be submitted to the ing masses of the country has increased

six-fold during the past eighteen years, As to the result of these various strikes, Commissioner Wright shows that a large percentage of them in recent years have succeeded either in the convict question with the sole view above table, however, the demands of of arriving at the best possible conclu- labor secured but little recognition at the hands of capital, and only 16 per cent of the strikes occurring between 1879 and 1891 succeeded; 43 per cent being only partially successful and 41 per cent total failures. Since that time better results have been achieved as the

Suel. Suc. Failed. . . . . . . . 21

Is It Jealousy?

It is wholly beyond our purpose to willfully misconstrue and misjudge the motives of others, but we are compelled to believe that the furious attempt be ing made by some to convince other communities that they should close their doors against everything and everybody coming from Atlanta, in spite of wellknown conditions and in the face of properly authenticated certificates of thus formed, and what is known as the health, is based simply and solely on jealousy of Atlanta.

The motive is so unworthy, and, many, Austria-Hungary and Italy; and withal, so fatuous that we hesitate to And yet if that motive be not at the bottom of the Charleston paper's crudoors of its city to Atlanta people and Atlanta freights, and still hold them This question may be settled by re- open for the reception of travel and the plague-stricken regions of the gulf

If this petty motive be not at the bothorses and 6,310 heavy guns; making a tom of the business, how is it that The total for the two countries of 8,514,088 News and Courier offers no objection men. 389,028 horses and 11,492 heavy to the free entrance of trade and travel from New York, or Cincinnati and Louis-So much for France and Russia. But ville? These cities have not quaranwhat of the triple alliance? In the Ger- tined against the refugees from New Mobile and other infected 300 horses and 4,364 heavy guns; in the points. The refugee who desires to go to Charleston need only go first to 83,900 horses and 4,274 heavy guns; in Louisville or Cincinnati, and then the the Italian army 2,014,256 men, 56,450 way is open to Charleston. He takes horses and 1,866 heavy guns; making a no risk of detention. It is a roundabout total for the triple alliance of 8,543,457 | way, to be sure, but at Atlanta, he would 312,650 horses and 8,504 heavy be detained ten days or more before reguns. From these figures it will be ceiving a health certificate, and he can go from New Orleans or Mobile to commands a larger force of men in ac- Louisville or Cincinnati and thence by tive military service, the alliance be- rail to Charleston in less than forty-

Therefore we say that if the crusade against Atlanta trade and travel by The In regard to the naval strength of Charleston News and Courier is not the two rival alliances it appears that based on mean and petty jealousy, it is more than surprising that nothing is

Dr. Sawtelle has assured even the terror-stricken people of Montgomery that they are safe in honoring health certificates issued by the Atlanta authorities.

All this being true, Atlanta will go forward in the good work begun. Shoula one of the refugees develop symptoma of the fever (as has happened before, and may happen again) the case will be promptly isolated, and all suspected cases found on the incoming trains will undergo similar treatment.

repeat this for the benefit of hysterical persons at home and abroad.

Judge Van Epps's Successor. The Constitution takes occasion in passing to congratulate the city of Atlanta upon the wise selection of a successor to Judge Howard Van Epps in the board of education made by council yesterday.

Mr. Oscar Pappenheimer, who was

izen, earnest, careful, progressive. His election was a concession to the higher principle in filling positions of public trust, that of special fitness without regard to politics. Mr. Pappenheimer is peculiarly qualified for the responsible station for which he has been named. Although an earnest and highly successful business man, he has devoted his leisure hours for the past several years to the study of the methods of education, and while he has never been connected with our public schools in an offi cial capacity, his counsel and advice has frequently been of value to the management of the schools. He has pursued his study of the subject of education with an earnest interest, and, as a conse-

his new duties rine ideas of school work. This study of education thus earnestly pursued has been but the leisure hour occupation of a busy man, unconsciously fitting him for high duties of citizenship Mr. Pappenheimer is a good, conserva-tive citizen, with the interest of the city t heart, and he will devote himself to the development of her school system with such earnestness and zeal as to in sure the best results from a capable

quence, will bring to the discharge of

#### Florida's Tobacco Fair.

The tobacco fair which the state of Florida is to nold at Lake City on the 27th and 28th of October next, will mark a new and an important era in the productive history of the United States. One of the results of the war in Cuba

having been to cut off the tobacco supply from that island, has forced atten tion to the capability of Florida to fill the field heretofore held by the Great Antille.' Even though it has been matter of ascertained fact that Florida and a portion of Georgia could produce a tobacco of as fine a flavor as that which comes from the Vuelta Abajo, yet we lack the skilled workmanship which was necessary not only for the planting but for the harvesting and curing of the product. The misfortune which has nade a desert out of Cuba by desolating her fields as well as by exiling her sons has been to the advantage of Florida. whose soil, in the hands of the Cuba immigrants, is fast building up a trade which will mean millions to the treasury of the United States. When one recollects that but three years ago the only tobacco grown in Florida was a few stray patches for home consumption. and that within that time an export trade of one million pounds built up, it will be seen how rapid has been the progress and how successfully the soil of Florida has answered the call

It is a matter of history that this immense trade which has enriched Cubans at one time really belonged to a favored section in Decatur county, Georgia, and running southward into Florida. This tobacco in the days before the war was called for in all the capitals of Europe by connoisseurs who sought the best there was to be had. When in the days following '61 the great blockade cut off this section from its market, the trade dwindled away and the Havana cigar made its way into that public favor which it has sustained ever since. seems now that the fortune of war which deprived the gulf coast of Florida of this immense trade, will be the means by which a generation later it will be restored to her

The exhibition at Lake City, therefore, cannot fail to be one of deep interest, involving as it does, the successful growth of one of the prime articles of commerce, and pointing to such a heavy trade which will assist in turning the palance in our favor. It will emphasize the fact that the south is the seat of the great money crops of the world, of cotton and corn and tobacco, and that it must, therefore, become great in proportion in its influence upon the nation,

#### The Hogansville Affair.

Captain J. F. Mobley, president of the Merchants and Farmers' Bank of Hogansville, and one of the most prominent citizens of that community, in an interview published elsewhere states that the recent shooting of the negro postmaster, Loftin, is severely censured by the public sentiment of the town; and the good people of Hogansville wish it understood that, while they bitterly opposed the appointment of a negro postmaster, they did not approve any gestion of violence in getting rid of him. Captain Mobley thinks that the appointment had nothing to do with the shooting, which, in his opinion, and that of the white people of the town, was done by one of the negro postmaster's own race, and is the result of a personal

The facts speaks for themselves, and it is probable that the assailant of the postmaster will never be known. There are two things, however, which are known to all; first, that there is not a more law-abiding community in the state than Hogansville; and second, that the appointment of a negro postmaster for it was an imposition and an outrage on the part of the administration. Not only did the white people of Hogansville inanimously oppose the appointment of Loftin, but many of the negroes of the place likewise protested against it.

The deliberate assault upon the sentiment of the community in the appointment was not justified in any particular, and the outrage is one which would not quarantine regulations around have been done a northern community. As to the naval strength of the triple | Atlanta are largely in the hands of Sur- | Of all the officers appointed by the ad-

should be consulted in the selection of the men who are to serve as postmasters. deliberately and viciously defied by the administration, in its payment of a paltry political obligation. The community had a right to feel indignant at hav-

ing a postmaster thrust on them over the protest not only of every white man in the place, but also of many of the negroes; though, of course, this outrage on the part of the administration would not have justified a personal assault on the appointee. Even had the negro been assaulted on account of his appointment -which is denied by Captain Mobley in behalf of the best sentiment of the community-it is gratifying to know that the good people of the place are a unit in condemning such violence.

The people were emphatic in their protest against the appointment, and very naturally so. Any other community, north or south, would have been just as vigorous in its protest; and in condemning the shooting, if it arose from the appointment, while at the same time emphasizing their disgust at the attitude of the administration in forcing upon them the indignity of a negro postmaster, the people of Hogansville have done, named for the vacancy, is a sterling citand are doing, no more than might be expected from other communities.

The intolerance of the republican administration in making such appointments will not soon be forgotten by our

It is funny to see a one-horse gold edftor criticising and abusing the Bank of England on account of the recent announcement of its intentions toward silver in certain contingencies.

#### Atlanta and Cincinnati.

From The New Orleans Picayune. The Cincinnati chamber of commerc yesterday adopted a resolution opening that city to the refugees from the quaran-

rsed south. In this generous act the neonle of Cin cinnati place themselves off the same pedestal of courage and humanity as that occupied by the citizens of Atlanta, and the people of both cities are shining examples of enlightened and broad-minded bravery.

When the citizens of other places see the people of the gulf coast fleeing, panicstricken, from their homes, the spectacle is in itself not a little demoralizing. Every person who runs headlong from some sup posed danger alarms most of those who witness his-expression of extreme fright, and they are very apt to join in the stampede; or they stand with their trusty shotguns and warn him at the risk of his life not to approach them for relief or shelter.

This is the treatment applied to every unfortunate who resorts to flight from the phantom of a dreaded disease which can hardly be said to exist here, and when in their wild stampede the unfortunates, turned away from every door and threatened with violent and sudden death by people who ordinarily would respond to the demands of humanity and Christianity, find the gates of such cities as Atlanta and Cincinnati wide open, with friendly hands beckoning to them and kindly voices welcoming them, they are like the weary traveler, dying from heat and thirst, who sees in the heart of the desert an oasis like a miniature paradise, with its sparkling waters and waving trees.

A great deal of moral courage is required in the midst of the wild panic of an exaggerated yellow fever scare to open one's doors to the fleers; but it has been done by Atlanta and Cincinnati, and all honor to them for it. They will receive the thanks of thousands of the scared people of the south, running from they scarcely know

#### FOSTER'S SWEEPING DECISION. Says Kansas City Live Stock Association Is Illegal.

Topeka, Kan., September 20.-United States District Judge Foster made a sweeping decision this morning when he declared the organization known as the Kansas City Live Stock Association illegal under the provision of the anti-trust law. The exchange is an organization of commission men who control the sale of live stock in Kansas City. All stock which enters the city must pass through the hands of this organization. Judge Foster enjoins the commission from doing business and

#### MONUMENT WAS DEDICATED. Indiana Regiment Now Has a Marker

at Chickamauga. Chattanooga, Tenn., September 20 .- (Special.)-Interesting exercises were observed today at Chickamauga park attending the dedication of the Eighty-fourth Indiana regiment monument erected by the state. Major W. B. Miller made the dedicatory address to about three hundred old soldiers, many of them members of the regi-

The monument was formally received on the part of the war department by General Boynton, president of the park commission.

#### Characteristic of Atlanta.

From The Newnan, Ga., Herald. only southern city that has opened its doors to the yellow fever refugees. This is characteristic of Atlanta. If her municipal girth were as big as her heart she would cover a large part of the

#### THE SITUATION IN CUBA, POINTS BY THE WAY.

At best these are not peaceful days for the Hon. Mark Hanna and they will be utterly robbed of comfort when he hears, as he must hear, that the Hon. George Devany, of Byington, Pike county, Ohio, has announced for president of the United States on the most seductive platform that mortal eye ever beheld. From out of the very heart of Mark's constituen cy; yea, even from Pike county, the home of the stalwarts and the home of thought, has sprung up this dashing candidate, full armored for the fray. Mr. Devany's announcement reached The

Constitution yesterday. He comes out in a manly way, without dissembling or evasion, and says he's in the race. Not only this, but he asks "state papers to copy and mail extras." He has builded his own platform and he admits in confidence that in Blaine's campaign for the presidency one time, it was "a state secret that my name was considered for second place, representing the new south upon the ticket." Devany is broadcasting these announcements and pushing his campaign. He has made a call for campaign contributions, and says he needs them to forward the good work. It seems cruel that this announcement

should come now, flush upon the harassments and doubt of Mark Hanna's own personal campaign in Ohio-a domestic outbreak, as it were. The abatement of the gubernatorial fu-

rore during recent weeks has been marked, but there was no sign that interest in probable candidates had subsided yesterday, for Atlanta was filled with politicians and all day they gossiped and made significant forecasts of coming events. This talk was probably increased by the presence of Hon. Fleming duBignon. During the summer months Mr. duBignon has. been in Canada, where he has had a most restful vacation, giving little heed to polities or politicians and giving more attention to the angling of black bass than to the management of campaigns. Mr. du-Bignon returns to find the race for governor where it was when he made his departure There has been no progress except in the multiplicity of candidates and the bobbing up of several unpredicted factors. The reported candidacy of Judge Allen Fort and the alleged entry of Colonel Allen Candler have been the only notable events during his stay. Mr. duBignon is looking in fine fettle and wears a swarthy complexion and healthy smile. He was the center of a large group in the Kimball for a wnile yesterday afternoon, and brought back a string of Canadian fish stories that caused the mountain yarns of Tom Hutchison to weaken woefully.

There is a strong probability that the intercollegiate football games will not be witnessed in Atlanta this season. This is attributable rather to the attitude of the lessees of the parks and the difficulty of the university men to secure the use of the grounds on a proper contract.

Hearing of the difficulty which has come up Montgomery has made a bid for the games and offers the most flattering inducements to the college teams to meet there. The prevailing sentiment among the students of the university and the athletic council, of course, is in favor of Atlanta, and it would be a great regret to the uniof their state, but unless more reasonable propositions are made it is said that they will make the deal with Montgomery games have already been arranged for and the Thanksgiving game with Auburn promises to be the most notable ever seen on a southern gridiron. The University of Georgia team will turn out the best material ever produced in that institution, and with Coach MacCarthy to develop it and Tichenor to assist him there is no reason why marvelous records should not be made during the fall months.

Speaking of the university, a commendable feature of college life which has opened up at that institution during the clubhouse idea. In former years it was the custom of the fraternities to hold their meetings in rooms or private halls rented in the business section of Athens, and it was here that receptions would be held and other functions life observed. When one of the larger fraternities secured the lease of an ante-bellum house last year, and proceeded to fit it out in real club style the idea was not thought to be practicable, but as the term advanced the plan came to such a successful climax that other societies decided to take the same step. Now the larger fraternities have secured the most picturesque old colonial dwellings in the Classic City, and have fitted them out in royal style. While these places offer privileges for all the social sides of club life, at the same time the members have made their homes them and sieeping apartments have been tted out. "Club mess" is had at some convenient place, and the cost of college life thus reduced. The plan has been found most practical. The university has opened upon with a rush this year and an encollment of over 250 matriculates has already been made.

by council." said Mr. Joseph Thompson vesterday, "making it a penalty for foolish people to speak false reports. Nothing can injure a city more than these groundless rumors and there are a great many cities which seem to grow extremely credulous when it comes to taking in anything detrimental to Atlanta. Since the fever scare all manner of wild reports have been bruited about and the most extravagant nonsense talked of. It has worked the nervous people up to a state of high ex-citement and done incalcuable injury. I do not believe that yellow fever can be contracted in Atlanta. It can never spread here, and I believe that this ordinance of the city council will put a stop to these ungrounded rumors. The board of health going to do its duty and official notice vill be given should a case of yellow fever develop anywhere in this section."

The action of Montgomery in shutting

clsm from many sources.

"The situation must be very critical there," said Dr. J. McF. Gaston yesterday. The daughter of an old school friend of mine was called to Montgomery from her home in Virginia because of the serious accident to her son. She arrived here this norning and wished to get to the bedsid of the injured man at once, but she in-formed me that she could not purchase a icket to Montgomery. She had to give up the trip and I suppose will go back to Virginia. This rigid system of quarantine brings on many inconveniences. The suggestion of Commissioner Brooks.

f Dougherty county, in the session of oad commissioners in Atlanta has developed into a significant movement and it is probable that early in the session a bill will be introduced in the general assembly putting the county officers on a salary in-stead of allowing them fees. The question was discussed in a crowd of representa-tives last night and it was the unanimous verdict that the bill would go through.

The session of the penitentiary commit tee today will bring together a quorum of the general assembly. The voice of the politician will once more be heard in the land and the candidate will be in strong evidence. The corridors of the hotels were filled with members of the house last night and this morning a full delegation

Letters received in this city by Dr. Juan M. Pla from Cuba show that the summer has left the Spanish forces hopelessly de-moralized and that the Cuban patriots are in full flush for a victorious campaign, which must soon tell the story of Cuban independence. The most important event of either this war or the ten years' war of either this war or the ten years' war which preceded it in the early seventic was the recent capture by the Cubans of Victoria Las Tunas, an important strategi-cal position in the province of Santiago de Cuba. This province, which is mountainous and favorable for defense, embracing in its population the most magnificent speci-mens of Cuban manhood, has always been the head and front of the particular sentithe head and front of the patriotic sentiment of the island. It was near the south ern coast of Santiago de Cuba that Manue de Caspedes, the rich young enthusiast, freed his 200 slaves in 1868, and raising the standard of liberty in the little town of Yara, inaugurated that great struggle which was to last for a whole generation. Though after ten years' fighting these peo ple grounded their arms, it was with the spirit of ancient warriors who suspended hostilities until a new generation of would have time to grow up to take their It was in the city of Santiago de Cuba

that Martinez Campos landed two years ago, thinking to have a triumphal march across the mountains and down into the across the mountains and down into the plains of Puerto Principe and on to Havana. He found himself, however, harrassed on all sides and pressed from the rear so that it was a continual retreat until he got under the guns of Moro castle. It was during the skirmishing of that year that the Spanlards succeeded in taking the town of Las Tunas, the name of which they changed to Victoria Las Tunas. The sudchanged to Victoria Las Tunas. The sud den appearance a couple of months ago of a Cuban army in front of this important position aroused the Spaniards to a realization that the war was not over. Those on the inside fought vigorously, but the Cuban besiegers pressed in around the city and forced its surrender. In this great victory the Cubans compelled the Spaniards to consent to an exchange of prisoners, which was a virtual acknowledgment of belliger-ency. The news found its way to Havana and from there to Madrid, spreading terro among the Spaniards, which they sought to lessen by saying that they would retake the position immediately. The world has waited to hear of the recapture of Las Tunas and waited in vain. The Cubans hav held the position without an attempt being made to remove them from it, which forces the conclusion that the Spaniards have seen the inevitable and that the war must

In Havana itself there is serious trou-It is impossible for the citizens procure either fresh meat or vegetables and the result is an alarming growth of sickness in the city. In fact, the yellow fever has broken out with a virulence never known in that place, notwithstanding all the efforts of General Weyler to suppress the truth. It takes 400 beeves a day to furnish the city of Havana, and the records now show that only thirty-five a day are slaughtered. All over the island the Spanish forces are confined to their forts, not daring to go out of gunshot of their intrenchments, whilst the Cubans march over the island at will raising their food crops and maintaining themselves.

In view of this admitted demoralization of the Spanish cause and renewed strength of the Cubans, there is an increased interest throughout the United States. where a concerted movement is being made to raise supplies. Dr. Pla, of Atlanta, is to express their sympathy for Cuba should call upon him, when he will be glad to point out the way in which it can be most ef ectually done. About a year ago a con siderable donation of medicines and cloth ing was made to the Cuban patriots in this city, all of which found its way to the proper place and which has been duly ac knowledged. Several citizens of Atlanta have already given Dr. Pla substantial evidence of their interest and it is to be honed dom of our neighboring island.

#### THE NEGRO BOSSES WERE FIRED Charleston Cotton Mills Had More Trouble with Employees.

The managers of the Charleston cotton mills, where negro and white labor is employed, undertook today to put in half a dozen negro bosses over the white opera tives and the latter hands went out They left the mill, making threats. A squad of policemen was detailed to prevent

trouble, but things became so squally that the colored bosses were promptly taken out. The mill has had considerable trouble since colored hands were employed and the whites today declared that they would tight it out and tear down the factory unless they could work under white men.

They got what they wanted and were sat

sfled. WANTED SONG WRITER'S LIFE.

#### Attempt To Assassinate Miss Ilda Orme Is Reported.

London, September 20 .- Some excitement and considerable comment have been caused in musical circles by what appears to be an attempt to assassinate Miss Ilda Orme, the well-known song writer, author of "A Lesson in Kissing," which Louise Beaudet has recently made famous in the United States. Miss Orme, who is said to be an Ameri-

can, although other reports have it that she is of English birth, was, according to a story told, entering her residence at 16 o'clock on Saturday last, when a man came up to her and asked her for assistance. Miss Orme says she gave him a shilling,

and that then without a word of explanation, the man drew a revolver and fired at her, the bullet traversing her right breas and setting her blouse on fire. Miss Orme's assailant fled and has not ben arrested. The wound inflicted is not a dangerous one. Miss Orme says that the man who fired on her was slim, dark and spoke with an American accent, Miss Orme attributed

the assault to a continuance of alleged persecutions to which, she says, she has been subjected to for ten years past at the hands of a millionaire Boston lawyer. Miss Orme was in New York six or seven years ago and made her headquarters at the Ditsons' establishment. She is described as being clever and eccentric.

#### Small Blaze Yesterday.

A telephone alarm received yesterday afternoon at 5 o'clock called the fire department to 137 Whitehall street, where there was a small blaze. The origin of the fire is unknown but it was extinguished before much damage was done Sues for Personal Injuries.

#### Macon, Ga., September 20.-(Special.)-In the superior court today suit was

brought by Charles J. Proctor against the Macon and Birmingham road for \$10,000 damages for personal injuries. Meeting of Methodist Women.

Columbus, Ga., September 20.—(Special.)— The Woman's Foreign Missionary Society of the Columbus (Methodist) district holds a three days' session here beginning next Friday. Twenty-six churches are repro-sented in the organization.

GEORGIA SKETCHES OF NEWS AND COMMENT

-It is likely \$100,000 will not pay for the new buildings in Jackson this year -The town of Pepperton, built up around the Pepperton mills, in Butts county, is applying for incorporation.

-Ex-Governor Mitchell and his wife, of Florida, are in Indian Spring. So is Judge Foster, of the supreme court

-A man in Cartersville purchased the built a hennery of the lumber. He has never had a chicken stolen from it, and it is said that the colored brother won't go within a block of it, if he can possibly avoid -Mr. R. H. Jackson, of Butts county,

raised a sweet potato in a bottle. The pe

tato grew so large that it burst the

tle, leaving nothing but the neck of the bottle attached to the potato with the stem of the potato running through the neck of said bottle. It is quite a curiosity. -The Crawfordville Democrat has a small egg, an exact image of a lizard egg, that was found this week in the white of a hen's egg. The hen's egg was natura in every other respect; and this small, grap

like shell egg was floating ab -Says The Americus Recorder: Men chants will have no trouble today on score of silver change, which for the past Yesterday Messrs. Johnson & Harrold re reived from the treasury \$6,000 in and after supplying each of the local banks with \$1,000 had plenty left for their own use. Great indeed is silver, the money

-Newnan Herald: Mrs. McBride and Mrs. James Hall, mother and sister of Mr. W C McBride, will visit him next week panied by Mr. James Hall. Mr. Hall is a brother of Rev. Dr. John Hall. well-known pastor of Fifth aven terian church, New York, Dr. Hall's first pastorate was in the church of the eli-Mr. McBride in the north of Ireland. He was his pastor at the time of the latter's death, two years ago, in his eighty-eighth

- Mrs. Clie Hamby, of Cobb county, an aunt of Judge B. F. Cock, of Coweta e ty, is a remarkable woman in many respects. She is the twenty-sixth child born to her parents, and although Judge Cock's father was twice married, which accounts for her being younger than her nephew. Mrs. Hamby had seven brothers who were Baptist preachers, and six nephews/engaged in the same calling. Her descendants now number seventy-seven, all of whom are ro-bust, both in body and mind. By industry and economy she has accumulated a co siderable fortune, and her children will each receive a comfortable dot when she dies. Judge Cock paid her a visit not long since, it being the first time they had met in threescore years.

-It is rare that one comes across a more attractive weekly newspaper than Jackson Argus. It has reached a high de-gree of typographical excellence, a feature which is too often neglected. Added to this, it makes its local news so attractive that even strangers may read it with interest. There is also about it an air of busines prosperity, as indicated by its splendidly displayed advertisements. Taken all in all, the current issue of The Argus is which might be imitated with profit. The publisher of such a paper has no to complain of city weeklies, since the excellence of his paper forbids encroach ment. Jackson and Butts county should feel proud of such a journalistic represen-

-E. M. Bauman, a young American, hailing from Illinois, reached Brunswick a few days ago on the schooner Ella M. Willey, from Cape Town, South Africa. He is on his way back home and talks interestingly of his career of four years in the country around the cape. Bauman says he had to leave the country because he took part in Jameson's raid on the Transvaal. He said American citizens in that country were subjected to all sorts of indignities and that the consuls did not pretend to offer to give an American subject any protection. He showed the vacant spaces in his front rows of teeth and said a crowd of British soldiers had beaten him brutally and knocked out his teeth. He made com-plaint to the United States consul, but was given no satisfaction. Bauman has a great pile of manuscript which he has written during his absence for publication in this country. He says Great Britain has 35,000 troops in South Africa and contemplates an attack on Johannesburg.

DISPENSARY CASE HERE. A Branch of the South Carolina Whis-

ky Trouble. The attorney general of South Carolina vill arrive in Atlanta this morning to be present and help argue the case of Bluthen-thal & Bickart vs. the Southern railway. The case is in the form of a mandatory Ill which was filed in the United States . It is to force the Southern rallway earry whisky in original packages into he state of South Carolina. The laws of South Carolina prohibit the

ortation of whisky in the packages and the Southern railway does not want to itself liable to prosecution. When ludge Simonton decided that whisky might be sold in original packages, Bluthenthal Bickart took advantage of the situation and established several houses in the state South Carolina.

Now they want the railroad to carry the pint bottles of whisky into the state and the road refuses to do so. The attorney eral of the state will come here today and will help settle the matter.

Wanted His Scarf Pin.

Norweod arrested for taking his pin. He called at the house to get it she tried to carve him with a razor. ed the razor and tried to do some arving himself. The result was that Wil-ams had a cut on his chin. The recorder ted the girl \$10 and ordered a case made Williams, who was also fined \$10. the scarfpin was lost sight of in the

### FIDO FARES BADLY AT COUNCIL'S HANDS

terday Afternoon.

Up and Lynched. CITY WILL GO INTO THE TAG BUSINESS

No More Dogs Will Be Allowed To Run at Large in the City-The New Law.

OG DATS ARE seareely more than past when council up and deals a cruel population.

on-the dog mariawhich has been in a state of inactivity for several years,

will come forth again in the next few days as a means of conveyance for all dogs who have not certificates of health around their necks, or who cannot give satisfactory accounts of themselves for the past twenty days.

canine problem yesterday afternoon and issued a solemn edict that after the expiration of fifteen days-after due notice has been served on every dog in the city-th gentle-natured quadrupeds, who have all this trouble on themselves by letting their temper run away with their heads and by slicing human flesh with their teeth here of late, will be ruthlessly locked in a temporary guardhouse until their fines are paid by indignant owners. And if these fines are not paid after a certain length of time the howling prisoners will be lynched forthwith and immediately.

It was Lumpkin who did it. Last session

of council he was after the chartered offi-cers of the municipal government. Lump-kin has annihilated all insinuations against his versatility. Council sat aghast as the resolution was being read. Councilman Hutchison was so overcome he moved that cats be included. Some one suggested it would take too many policement to keep order, and the rotund father withdrew his measure. The vote was taken and it was unanimous. Then great clouds of growling bursts of amusement ran athwart the coun-cil chamber.

Dog Tags Come Next. Moreover the city has gone into the tag ousiness. No guano tags—a la Nesbitt dog tags. The city will dispense these tags to canines. Ominous rumors from competi-tors have already begun to spring up, and there is promise of an injunction, but at present the city will sell tags.

Every unwary dog caught on the streets after fifteen days hence will be locked up without more ado. The strongest evidence against him or her will be absence of tag. These tags will cost a dollar a The profit is very small. The tags must bear the owners' and dogs' names. Special care should be taken not to have the sam

Mr. Lumpkin was prompted in his crusade by a great sentiment against the universality of dogs. There are too many dogs in Atlanta without homes or proper government. Several people have been bitcome general. All dogs beware!

Commissioner Nesbitt's Good Showing for the Current Year.

OF CONSUMPTION

Showing the Annual Growth of the Use of Fertilizers for Twenty-

Two Years.

The state printer now has the annual report of Commissioner of Agriculture R. T. Nesbitt in hand for publication and a great deal of interest has been manifested throughout the state as to the showing that it would make. The Constitution is able to say this morning that the showing is not only a good one, but that it is the best that has ever been made since the state created the department of which Colonel

Nesbitt is now the head. Here is the table which shows the sale of fertilizers in the last twenty-two years. The last five paragraphs have been gauged by the amount of tags sold, while the others have been calculated by weight But the result is the same:

| •   | Tons of fertilizers imported-      |    |

SOUTHWEST GEORGIA COTTON. It Will Be Out of the Fields Thirty to

Forty Days Earleir Than Usual. Albany, Ga., September 20.—(Special.)—. There is every indication that the cotton crop of southwest Georgia will be out of the fields from thirty to forty days earlier than usual.

Cotton men of this section all agree on this point, and the receipts of Albany and other markets in this part of the state

support their opinion.

Albany's receipts are larger than any one has had any idea they would be. Though the crop is estimated at from one-fourth to one-third short, receipts have support their opinion. held up easily to what they were last year. Albany's receipts by wagon alone on Saturday were more than 1,000 bales, and on several days during the week the receipts nearly reached four figures. There is no doubt that the staple is opening at an astonishingly rapid rate, and farmers an astonishingly rapid rate, and farmers are unable to secure labor sufficient to keep cotton picking as clean up to the development of their crops as is demanded. Thousands of pounds of the staple are being beaten out by every rain and scattered by every high wind. Rust and caterpillars are being heard from, and doubtless have a good deal to do with the wonderfully fast development of the crop.

made with a knife or dirk. He was stabbed

a young lady who is a visitor to the city. A man entered, and without saying a word, walked up the staircase leading to the second floor. Mrs. Harris told me that the man had no business there and requested me to ask him to leave. I started toward the intruder, and touching him on the shoulder, told him he must leave the house. He turned upon me, and I saw that he was Mose Harper. I again told him to go away, whereupon Harper drew back and struck me with his fist. Before I could defend my-self he drew a dirk or knife of some sort

and plunged the blade into my breast. He evidently aimed at my heart, and only miss-ed it a few inches." The officers reported the affair to Captain Thompson and the police were notif to arrest Harper on sight.

Harper Arrested. and B. C. White found Harper and sent him to the police barracks To a Constitution reporter Harper denied that he had stapped Hitson or anybody else. He at first said that he had not seen Hitson and afterwards qualified the remark by saying that he met a man at No. 20 Gilmer street, but did not know who he

This is the statement which Harper made: "I went to the house at No. 20 Gilmer street. I started up the steps, when some one asked me who I wanted to see. I re-plied that I had called to see a friend of ane, and mentioned the person to whom I referred. The man who was taiking to me, whom I did not know, caught me by the shoulders and turned me around, say-ing that I had no business there and must leave, I made no resistance, but immediately walked off. I say most emphatically I did not draw any sort of a kinte, and I most assuredly did not stab Hitson or any

other person." marper claims that the place where he met the man was shrounded in darkness and it would have been impossible for him to have known the man to whom he was talk-

Hitson Had Been a Policeman. Hitson was at one time a member of the city ponce force and carried a ciuo for several years. He was regarded as a very lair omeer, and when he arst retired it was

Mrs. Harris, his sister-in-law, with whom he says ne was taiking last night just be-fore the assault, is the widow of Bruce Harris, who was also a member of the ponce force. Harris used to belong to the mounted squad, and for several years made a most excellent record. He began to drillin, and finally committed suicide by taking

morphine.

riarper is a young man well-known in the city and belongs to an excedent family. He is positive in his uental or his guit, and says he will come out an right. He was held at the barracks last night pending a further investigation of the case by the

Death of Mrs. W. R. Briscoe. Death of Mrs. W. R. Briscoe.

Mrs. W. R. Briscoe, age twenty-six years, died last night at 10 o'clock at the residence of Mr. C. W. Winters, 61 North Forsyth street. Heart failure was the cause. She nad been in this city only a short time, having come here from Koanoke, Ala., for treatment. Mrs. Briscoe is survived by her husband and one child, a boy of four years. Her remains will be taken to West Point this morning for interment.

Clarke's Good Record.

Mr. George Clarke, of the Governor's Horse Guards, broke all local records at the shoot at Lakewood last Fr.day. He led with 127 points, the highest score ever made on that range. Dr. W. G. Brown was second and Mr. C. L. Daniel third. General Stone Will Speak.

above the heart and just below the left shoulder blade.

Hitson stated to the officers that he had keeping themselves posted on the matter, but while the election was in progress it was easily seen that the members of the been stabbed by Moses H. Harper, and asked that he be arrested. The story told by the wounded man was as follows:

"I was sitting on the front porch with Mrs. Bruce Harris, my wife's sister, and hastily left his seat and went to the tele-

prise to those in the city who had been

phone in the office of Captain Dave Wylie, where he congratulated the newly made member over the telephone. The council meeting was called to order promptly at 3 o'clock by Mayor Pro Tem. Dimmock. He had no sooner rapped for order than Councilman Maddox moved that the rules be suspended and that the council proceed with the election of a member to the board of education. Mr. Dimmock suggested to the council that the resigna-tion of Judge Van Epps be read first, and

'he thereupon called for the reading of any communications which might be on the The resignation of Judge Van Epps was then read and accepted. Mr. Maddox then repeated his motion to suspend the rule and proceed with the election of a member to the board of education to fill the vacancy, About 8:30 o'clock Patrolmen Kitchens This was carried and Mayor Collier took

the chair. He stated what was in order and Councilman Dorsey put in nomination Judge W. R Hammond: This nomination was seconded and Mr. Maddox then put in nomination Mr. Oscar Pappenheimer. After the seconding of this nomination the election was proceeded with.

The vote resulted as follows: For Pap-penheimer-Aldermen Dimmock, Hirsch, Tolbert, Woodward and Rice; Councilmen Barnes, Camp. Maddox, Adamson, Morris, Hutchison, Peters and Culberson—13. For Judge Hammond—Alderman Mitchell; Councilmen Dorsey, Lumpkin, Thompson

Mr. Pappenheimer Talks. The new board member, Mr. Pappenhelmer, did not seem to be surprised when told of his election. He said that he regarded the position as a great honor, and would do everything in his power to advance the public school system in this city.

He is an extremely modest man, and at first refused to talk for publication In speaking of the subject he said: "I have been a student of the subject of education for some time, and while I do not like to appear in the attitude of expressing myself too freely, yet I believe that I am fitted to hold the position to which I have

been elected.
"This is the first public office I have ever held and it will be my last. That is to say I never expect to go further than the board of education. I regard the place as an important one, and I believe it to be a serious matter to accept a position on any board of education. It is a position that requires study and thought, to say nothing of the time that must be devoted to it.
"I have no definite idea just at present as to how I will stand on the different sub-

jects. I mean that I do not know the conthoroughly enough to express myself in re gard to anything I intend to do. Suffice to say that I am not a reformer in the pro-fessional sense of the word and I will content myself with saying that I will leave well enough alone, as long as it is well

enough." Is a Good Citizen. Mr. Pappenheimer is well known in the city. He is secretary and treasurer of the

Southern Furniture Company and owns stock in the Southern Spring Bed Company, stock in the Southern Spring Bed Company, although he is not known in connection with this latter business. He moved here ten years ago from Cincinnati, where he always stood well, and has made many friends in this city.

Although he was somewhat of a dark horse in the election yesterday, it is conceded on all sides that he will make a splendid member to the board of education, and the action of the council in electing him is considered wise. He will be at the next meeting of the board and he will probably hold his own well among the old mem-

ably hold his own well among the old mem-bers.

General Roy Stone, director office of road inquiry, department of agriculture, Washington, D. C., is in the city by invitation of Hon. H. A. Hall, of the penitentiary committee of the Georgia general assembly. While here he will be the guest of Colonel George W. Harrison. Anthony Under Bond. Jesse Anthony charged with larceny from the house, was bound over by Judge Foute under a \$200 bond. He stole a bicycle from Mr. A. H. Weyman. It took a hot chase to catch him, but he was finally stopped near the city limits.

### MANY MATTERS UP BEFORE COUNCIL

Yesterday Afternoon.

other Committee for Action.

His Resolution About Non-Resident City Employees Carried-Other Matters Passed Upon.

the chamber of commerce yesterday afternoon. Beyond the election of a successor to Judge Van Epps on the board of education no business of great importance was transacted. The session lasted two hours and Mayor Pro Tem. Dimmock was in the The Lakewood park controversy was

City council met in regular session at

brought up, and from present indications the fight has only begun, the decision of the committee on public buildings and grounds having not affected the situation Mr. Dayton Hale, of the Lakewood Park Amusement Company, was present and presented a petition asking council to remit

the \$200 rent on account of police protection at the park. The document was referred to the finance committee without discussion
The report of the buildings and grounds committee recommending the non-payment of this rent, was held up for two weeks to await the action of the finance committee. The fight will be renewed before that body and as the finance committee of last year illowed the rent, it is most probable the

Lakewood people will win now.

tion of the company made no reference to the agreement as to bond and insurance. City Water to Outsiders. In pursuance of Councilman Lumpkin's resolution passed several weeks ago, re-quiring the superintendent of the water-works department to make a report of all residents outside of the city limits using the city water, that official rendered his report to council yesterday afternoon. The figures show that twenty-seven residents outside the city get city water at city rates; ninety-eight at double the city rate, making a total of 197. Those who allow water pipes to run through their prop-erty are compensated by the use of water

at regular rates. view of the fact it has been rumored that Mr. Lumpkin introduced this measure to force the people of the proposed eighth ward into the city by cutting off their wat-er, Mr. Lumpkin moved yesterday after-noon to postpone action on the report until the eighth ward matter was finally settled. This motion was carried. It is probable he will attempt to have the supply of water cut off from all persons outside the city limits not legally entitled to the same.

Weeds in Vacant Lots. An ordinance prepared by Mayor Collier was introduced by the sanitary committee, requiring all property owners to have weeds of vacant lots cut down, prescribing as a penalty for non-compliance a fine of not more than \$100 or imprisonment not more than thirty days in the stockade. The object is for better sanitation. The physicians on the board of health state that weeds growing in lots are not conducive to good health. There was some discussion on the measure, Councilman Lumpkin taking the position that weeds were con-

ducive to good health, and citing the fact that property surrounding the hospital was densely decorated with this rare shrubbage. The ordinance, however, was pass and under the supervision of the sanitary inspector will go into effect at once. The law will be enforced forty-eight hours after notice is given to all property owners who

do not comply. Clerkship in Clutches of City. A resolution was introduced and passed providing for an appeal to the legislature to place the position of clerk to the comnissioner of public works under the supervision of the city council. This is a char-tered office at present and council has no

authority over same. authority over same.

The present incumbent is Clarence Moore. It is thought the resolution is the beginning of a movement to dispense with office entirely. A similar effort was

made some time ago.

Mr. Lumpkin introduced a resolution providing for the appointment of a committee from council to confer with the citizens' committee and the representation from the railroads in reference to the alleged discrimination in freight rates against Atlanta. Councilman Culberson opposed the resolution on the ground this was not the proper time to take action on the mat-ter. The measure was referred to the com-

mittee on manufactories and freight rates, Salaries Not Yet Settled. The salary committee did not render i report against the resolution of Council-

man Lumpkin reducing the salaries of all chartered municipal officers. Chairman Maddox stated that Mr. Lumpkin wished to be heard by the committee and as he had not had that opportunity, they deemed it wise to postpone action un til next meeting of council. Mr. Lumpkin will appear before the committee in the meantime and attempt to convince them the salaries should be materially reduced. Mr. Lumpkin's resolution, as told of in yesterday's Constitution, changing the sentences in the recorder's court from a limit of thirty days' imprisonment, and also a rebate of 10 per cent for good behavior, was referred to the ordinance com-

mittee without discussion Is Hot After Outsiders. Mr. Lumpkin's resolution providing for a list of all city employees living outside the city limits was passed. It is his object o have the ordinance requiring all muni

enforced. Dr. Stephens's resolution for an appro priation of \$1,000 for repairing Marietta street from North avenue to the city limits was referred to the finance committee Mr. Joseph Hirsch, chairman of the com mittee appointed to draw up resolutions or the death of Chief Connolly, rendered his report. The resolutions were quite lengthy, paying the dead official many glowing tributes for his excellent service to the city. The resolutions were unanimously adopted by a rising vote.

Owes Alabama Money.

crepancies in the Books

THE WOUNDED MAN AN EX-POLICEMAN NEW MEMBER DID NOT BECOME EXCITED LUMPKIN HAS MANY NEW MEASURES IN DEBT TO BOTH THE STATE AND COUNTY

Official Asserts That Stephenson Is Honest and Not Criminally Wrong-He Will Pay Up.

Montgomery, IAIa., September 20.—(Special.)—Ex-Tax Collector Hugh J. Stephenson, of Culbert county, has been found to be delinquent to the state and county almost \$3,400. Assistant Examiner Foster reported today. ported today on his examination of Stephenson's books and accounts. He reports that he owes the state \$1,855.29 and the county of Colbert \$1,538.97.

that he owes the state \$1,855.29 and the county of Colbert \$1,538.97.

The examiner says in the report:

"While I find Mr. Stephenson considerably short in his statements both with the state and county, I desire in justice to him to state at the outset that I believe him to state at the outset that I believe him to be strictly honest and an upright, conscientious gentleman. He materially assisted me in this examination, and the errors with which he is chargable occurred, so far as I have been able to ascertain, through no intentional fault of his. At the same time he has collected this money, and is justly due the state and county the amounts which I shall specify below.

"The examination shows that in 1892, by some oversight either by the outgoing or incoming probate judge, the assessors' "escapes" for that year were not reported to the auditor, and consequently Mr. Stephenson was not charged with the tax. It shows also that in 1893 several pages of the assessment book were omitted from the final sum-up, or recapitulation of this book, hence Mr. Stephenson was not charged with the taxes dontained on these pages. I find, after charging him with all the errors and omissions, with interest to date and deducting his commissions, that he is due the state the sum of \$1,855.29 and the county of Colbert the sum of \$1,855.97.

"Mr. Stephenson states under oath that after having settled with the state and county for taxes collected during one or two years (the exact years he does not now remember) and paying all that was charged against him, he was under the impression that he had more money left him than was justly his and so stated to the auditor and numerous friends in his county. He further states that his accounts were rechecked at his request in the auditor of course nothing came out of this.

him. Of course nothing came out of this, because the auditor had no data except that furnished him by the probate judge."

Mr. Stephenson will settle the matter without delay.

SUPERINTEDENTS OF SCHOOLS. Head of Education in Alabama Appoints Assistants.

Montgomery, Ala., September 20.—(Special.)—Hon. John O. Turner, state superintendent of education, today officially an-nounced the following appointments of county superintendents, which will take

county superintendents, which will take effect on October 1st:

Barbour county, Charles S. McDowell, Jr., Clayton; Chambers county, W. G. Jarrel, LaFayette; Choctaw county, O. L. Gray, Butler; Green county, J. A. Ellerbe, Greensboro; Jefferson county, I. W. Mc-Adory, Birmingham; Macon county, A. B. Pain, Tuskegee; Madison county, J. D. Humphrey, Huntsville; Montgomery county, J. D. Cross, Marion; Pickens county, J. D. Grabam, Talladega; Washington county, T. C. Bowline, Leroy.

The appointment of Dr. J. J. Hunter for this county was not unexpected, and is a flitting recognition of his zealous party

flitting recognition of his zealous party services. He is thoroughly competent for the position. PREACHER ENJOINED BY COURT

Judge Townsend Rules That Rev. Choice Lee Cannot Preach. Columbia, S. C., September 20.-(Special.) The final determination of the very singular of Rev. Choice H. Lee has been reach ed by Judge Townsend.

The congregation at Wyatt's chapel,

Union, having expelled Lee for immorality, sought to have him enjoined from preaching in any other church, seceders from Wyatt's having built a church and installed Lee therein.

Because of a defect in the papers Judge Townsend decided, when the first argu-

ments were made, that he had no jurisdic-tion. But another hearing was arranged for in chambers. Judge Townsend has ruled that the temporary injunction should be continued of force until the final hearing of the case. By this ruling Rev. Choice H. Lee Is

enjoined and restrained from acting as paster of any church. FREIGHT BRAKEMAN IS KILLED.

Macon Man Crushed to Death Between Two Cars at Montezuma. Montezuma, Ga., September 20.—(Special., This morning before day Glen H. Lager quist, an employee of the Central of Geor-gia railroad on a freight train, was caught etween two cars and crushed to death.

The body was prepared for burial and carried to Macon, his home, by his father and brother this afternoon for interment. THE SWITCH WAS THROWN OPEN Deliberate Attempt To Wreck a Freight

Train in Thomasville. Thoreasville, Ga., September 20.—(Special.)

A freight train dashed into an open switch leading to Brandon's wholesale grocery. in this city, last night and smashed up the engine, besides reducing two box cars to splinters. The switch lock was broken, showing

that somebody had forced the lock and thrown the switch open purposely to wreck Engineer Lee stuck to his engine and escaped injury. Firemen Bell jumped and suatained severe bruises. An effort was made to track the wreckers with dogs, but without success.

OILS AND PAINTS CATCH FIRE. Blaze Discovered in the Basement of a Thomasville Store.

Thomasville, Ga., September 20.—(Special.) Fire broke out in the basement of the store occupied by the Watt Supply Company this evening.

The basement was filled with oils, paints turpentine, etc., and was a seething mass of flames when the fire was discovered. The fire had reached the upstairs before the department arrived, and but for the prompt and effective work of the firemen the entire block would have been de-

stroyed. BANKER'S RESIDENCE BURNED. Handsome Home and Furniture at Cleveland, Tenn., Destroyed.

Chattancoga, Tenn., September 70.—(Special.)—The residence of J. H. Craigmiles, a banker of Cleveland, Tenn., was burned There is no clew whatever to the dead man's identity. His features were badly disfigured and his pockets contained no papers.

The was stealing a ride, fell from the train in that city early this morning. Fire was discovered in time to arouse the occupants of the building and to save a large quantity of the hadsome furniture, with which the house was fitted.

### SONS OF ANANIAS MUST BE CAREFUL

The Propagators Will Be Fined Heav-

The Truth Will Not Be Kept Secret, but Must Be Strictly Observed. The New Ordinance.

The wild-eyed calamity howlers, those enthusiastic followers of Ananias who delight in scaring folks out of their wits by un-mitigated, unprecedented falsehoods about yellow fever and smallpox, must hereafter keep their mouths shut or they may have an opportunity of testing the city's hos-

crime punishable by not over \$100 fine or thirty days imprisonment for any one, white, black, plebian of patrician, to spread The ordinance was framed by Assistont

at once, and will be rigidly enforced. Mayor Collier will see to it himself that no of-fender whosoever will be allowed to go unrunished. The movement is the result of the outra-geous reports that have recently been cir-culated about alleged large numbers of

cases of smallpox and yellow fever in At-lanta-all having arisen frem some persons with a penchant for creating a scare.

Two weeks ago it was rumored there were over 100 cases of smallpox in the city, when as a matter of fact there were only

hotels, all of which were absolutely false There has not been a case of yellow fever

Truth Will Always Be Published. Mayor Collier heard these rumors, which are always disastreus to any municipality, and determined to put a stop to them. He therefore had the above ordinance framed, which will no doubt have the desired effect. The measure did not pass yesterday afternoon without some opposition. Councilman Maddox took the position the law would abridge the freedom of speech. Alderman Woodward was against it for the same reason. He roasted the newspapers for having published alleged sensational reports about fever here, but was quickly squelched by

Mayor Collier, who in arguing for the pas-

"This ordinance was not aimed at the newspapers. It is these calamity howlers we are after. We want to stop these false reports which are being spread indiscriminately without regard for truth, and which will do the city much harm. Those rumors of yellow fever here last Friday went over the country and were the exact cause of Charleston beginning such rigid quarantine against us. We do not want to hide the truth. We have never hidden the truth fro he newspapers, and they have always pub-shed the truth. If there were smallpox and yellow fever here we would certainly make the same public. Whom we want to punish are those people who spread these false ru-

the campaign. The committee is com-sed of the following well-known business men: W. H. Brotherton, Frank M. Potts, W. H. Patterson, H. L. Wilson, D. M. Vining, M. G. Parker and L. Z. Rosser. At the meeting yesterday morning Mr. M. G. Parker was elected permanent chairman and Mr. W. H. Patterson was made sec-One of the first things the committee

Gecided upon was that all candidates should pay the sum of \$40. This will be the as-sessment upon which the primary will be conducted, and from each candidate this conducted, and from each candidate this rum will be collected at once. In the event any candidate should decline to pay this assessment his ballots will not be allowed and his candidacy will not be recognized by the committee. He must either pay the assessment or withdraw from the race. It is thought all that are now announced will pay the assessment this morning.

By authority of the committee, Mr. W. Patterson, the secretary has rented a

H. Patterson, the secretary, has rented a room on the second floor of the Kiser build-ing, which will be headquarters of the comittee. The room will be nicely fitted up and the registration lists will be duplicated and kept on file for the benefit of candi-dates. Captain R. S. Rust has been appointed as assistant to Secretary Patterson and he will attend to the clerical duties of

"There are many persons who will desire to vote in the primary who will find they have neglected to register," said Tax Collector Stewart yesterday. "While many have registered within the last few days, have registered within the last lew days, there are many who have overlooked the fact that it is imperative that they register if they vote. Many there are who are of the opinion that the registration of last fall is all that is required. This is a wrong impression and will be misleading to all who are of that opinion. Everybody who will be allowed to vote in next month's primary must show they have registered. primary must show they have registered since the 1st of last January. It is not necessary to pay this year's tax in order to register, as the books for that purpose

are not yet open, but the taxes of all past years must be paid if they register."

A number called at the tax collector's office yesterday and registered, and during the noon hour the office was crowded. The books will remain open for only a few more days and those who neglect to register will not be allowed to vote in the primary nor in the election

#### COUNCIL IN A NEW ROLE.

Will Take Mortgage Off Big Betnel Church Next Sunday.

The city fathers will break away from the dull monotony of making and repealing the dull monotony of making and repealing laws next Sunday merning and attempt to raise the mortgage off a church.

The invitation came from the pastor of Big Betnel, one of the largest colored temples in the city, yesterday afternoon and was unanimously accepted by council. The pastor stated his church was in debt; that they had been striving for many weeks to raise the juriden from their shoulders. raise the burden from their shoulders All efforts were in vain, however, and the city council was the only source of refuge. The mortgage must be raised, and those good church members look to the city

Just what means will be used is speculative. The council is going—at least they voted to go—but they have not decided whether they will give donations of eloquerce or explore deep into their pocket-books for the required amount. The task is a new one, and the officials are at a less just how to go about it.

This, however, is a good opportunity for

evolent set this time of year, and it is prob able they will receive an urgent invitation to assist council next Sunday from the paster of Big Bethel. The operation of sending that mortgage skyward will be watched with much interest.

YELLOW FEVER 1878.

J. O. Burge, a prominent druggist of Bowling Green, Ky., writes: "During our yellow fever epidemic no one who kept their liver and bowels regulated with Dr. Mozley's Lemon Elixir was attacked with the fever." A Prominent Lady.

Head nurse at one of Grenada, Miss., hospitals during the yellow fever epidemic 1878, writes that Mozley's Lemon Elixir was the only remedy that, by regular use, prevented and protected the people against yellow fever during that fearful scourge.

Boyd and wife, Griffin, Ga.; Milton A. Candler and family, Decatur, Ga.: Mrs. L. G. Swift and children, R. O. Carson and wife, A. M. Brannan, Columbus, Ga.; W. L. Wells and family, Vicksburg, Miss.; Mrs. T. G. Seib and daughters, Mrs. R. E. Glover, Citra, Fla.; Mrs. J. E. Negus and Daughter; Mrs. A. H. Stone and sister, Green-ville, Miss.

### A TRYING WEEK FOR THE ROADS

VOTERS URGED TO REGISTER IT WILL SHOW FEVER'S EFFECT HE GAINED MUCH INFORMATION

Committee's Headquarters Will Be in | Some of the Lines Will Not Have Any Earnings at All.

ALL THE CAMBIDATES MUST PAY THERE NEW RESTRICTIONS MADE EACH DAY

The Quarantine Regulations Are Cutting Off Many Points-Norfolk Inspects Passengers.

The financial statements of the railroads in the gulf states for the third week in this month will be read with interest. The third week ends today. Most of the roads held their own for the first two weeks ending September 14th and some of the companies showed increases.

But the week ending today has been trying on them because of the quarantine restrictions. Two Mississippi roads stopped operating altogether. Several lines with-drew two or more trains. Business in drew two or more trains. Business in southern Louisiana, Mississippi and Ala-bama is paralyzed. There has been a heavy passenger traffic of people getting away, but that does not make up for the

shutting off of freight.

In the non-infected districts the cotton is being moved out, but some towns will not let it enter. Greenville, Miss., for instance, has shut herself up as tightly as Montgomery. What freight is moving is going away from the quarantine towns. Atlanta is furnishing supplies and filling orders all over the territory usually sold to by Montgomery, Mobile and New Orleans

Interior merchants of course cannot buy from the infected towns and they are coming here where they have no trouble about health certificates.

Something new in quarantine regulations is being sprung every day. Telegrams came yesterday notifying connections not to sell tickets by the Alabama Great South-ern for Mississippi points. Passengers can ern for Mississippi points. Passengers can go through the state, but they must not

stop.

Norfolk sent word that all passengers from the south would be required to produce health certificates.

Notice was received by the Southern rail-way that the Mobile and Birmingham is running trains only between Selma and Jackson. Tickets are not sold for points south of Jackson. word was also received that the Tennes-

see state board of health is enforcing a strict quarantine at Knoxville and Morris-town on freight and passengers from in-Mayor Clisby, of Montgomery, telegraphed that no passengers stopping over in Atlanta would be allowed to enter his city. A

number of Montgomery people have left there and come to Atlanta. The manager of "1492" received a telegram yesterday from Montgomery inform-ing him that his dates in that city were canceled because his company played in Atlanta. It was not to appear there until October 1st. Charleston will give a de-cis on today as to whether the company can go there the latter part of the week. A number of theatrical companies are on verge of canceling their southern rs. All of them will cancel Mobile and New Orleans because they could not play

anywhere else until they got back to At-lanta if they were to go there. The October and November dates of all companies coming south will have to e rearranged and some of them may cane, their whole southern tour.

#### WORKS LIKE A CHARM.

The Brown System of Discipline Is Giving Great Satisfaction.

Southern railway, is reported to be work-

tem and Assistant General Manager Alien "We have 4,000 employees under that

system of discipline. It has been in effect now eleven months, and I do not believe that one worthy employee would today willingly go back to the old method of suspension. We have been able to reduc the number of extra men fully 70 per cent for the reason that regular employees instead of being iaid off or suspended as a punisament are now being permitted to continue their work, losing no time or pay, which is at interest not only of the man, but his family. The percentage of accidents has decreased fully 90 per cent since the Brown system became fully effective, and which, we contend, is largely cue to this system of discipline.

"Under our system we give to each employee twenty credit or merit marks at the end of every twelve consecutive at the end of every twelve consecutive months of perfect service, and from reports which I have at this time, it is safe to say that fully 70 per cent of the 4,000 employees mentioned will have gained or got those twenty marks on October 1st, the end of the first year. It is not school-boy play with our men, as we find that to a man they dread demerit marks more so than suspension under the old rules, and it is found that almost to a man every employee under this system is doing his employee under this system is doin utmost to reap or gain the benefit of the

twenty merit marks. "We are in conference more or less with officers as well as employees of other roads which are operating under the Brown system of discipline and are unable to find any one who would prefer the old sys-

Cotton Belt's Report. The Coton Belt's gross earnings fell off \$1±,000 last year over the year previous, but its net earnings were \$115,000 more, showing a saving of \$225,000 in operating expenses. The company's net earnings amounted to \$888,000. The Mississippi flood in the spring cut the road out of a large volume of business. President Fordyce says that the company has good reason to expect a prosperous year, notwithstand-ing the fact that the Texas, Arkansas and Louisiana cotton crops have been reduced hot and dry weather of the last two weeks.

All the roads running east out of Chicago have withdrawn all unlimited rates and tickets are now sold with only one day's limit. This will hit the brokers hard

PITTMAN RETURNS FROM CONVENTION

Atlanta's Building Inspector Has Been to Detroit.

Met the International Building Inspectors and Spoke.

CONVENTION DISCUSSED SAFER ELEVATORS

Pittman Says Atlanta's Large Build ings Compare Favorably with Those in the North.

Building Inspector Frank A. Pittman, of Atlanta, returned from Detroit Sunday, where he has been to attend the regular annual convention of the Internationa Building Inspectors' Association.

The meeting was one of great importance and was attended by building inspectors from all over the United States and Canada. Georgia was the only southern state represented.

The work of the association dealt entirely with buildings and matters pertaining to them and much routine business was transacted. Mr. Pittman received fine treatment in Detroit and is well pleased with that city.

A portion of the time of the convention was given to discussing and studying the question of safer elevators in large buildngs. Mr. Pittman says he was surprised to learn of the great number of accide that occur from falling elevators and from tion to find some kind of contrivance which will prevent elevators from falling, it appearing that those now in use are n adequate. There was some discussion of an elevator which will not work unless all the doors are closed. Then there was also talk of air cushions to prevent the car from doing so much damage to people and property when it falls.

The convent on discussed the matter reducing the floor weight in all business buildings. Mr. Pittman has given this mat-ter some attention in Atlanta and he spoke to the convenion and gave his ideas on the mportant subject.

Mr. Pitman is chairman of the auditing committee of he association and was reelected for the next two years. All the old officers were re-elected.

There were present at the convention some of the most prominent builders and engineers in the United States and Canada and they gave the inspectors information

of a very interesting character, Mr. Pittman is well pleased with the buildings of Atlanta since he has looked at hose in other cities. He says the largest buildings here compare very favorably with those in other cities and states that the Grant building will be the equal of any of he largest buildings in the north.

Mr. Pittman is greatly interested in the work of the association and will probably attend every convention. Matters pertaining to building which it is necessary for him to know are always brought up.
It is probable that as a result of the convention just over that a book of tech mical terms for the benefit of builders in

It has been found that in different sections of the country different terms are used to describe the same parts of bundings and the materials used in them. This causes distant contractors to make mis-takes and is very inconvenient. It is now proposed to have universal technical terms to be used everywhere. This it is beheved will be of great behent to builders.

Railway Notes.

Vice President S. L. Moot, of the Louisday conferring with President George Conneth, or the west Point and Wester named of Alabaha in reservence to trans-

General Freight Agent A. Pope, of the Georgia and Alabahia, was here yesterday, no said that his road was running the tastest freight schedules in the south.

The conference committee of the South Western Passenger Association will mee in Atlanta next week.

President Samuel Spencer, of the Southern ranway, was re-elected a director in the Chicago, Minwaukee and St. Paul on Saturuay. He and Charles A. Caster represent the T. P. Morgan interest in the propsent the T. P. Morgan interest in the property. The other directors are: Whalam Rockefeller, August Belmont, Frank S. Bond, Charles D. Dickey, J. Peter Geddis, Charles W. Harkness, Jos Milbank, New York; Philip D. Armour, Roswell Miler, Chicago; Frederlek Layton, Milwaukee. Mr. Miler was re-elected president.

The Columbus Ledger has interviewed the railroad officials of Columbus and they said that the lines entering that city were doing a large business.

Brownsville, Tex., wants a direct railroad

The roads in the Joint Traffic Association will have restored rates on grain and grain products to 22½ cents per 100 pounds between Chicago and New York on October 15th. This is a restoration to the level prevailing before the war.

It is said that there will be half a dozen or more applicants for the position of com-missioner of the new freight bureau if one is established.

The Mexican National has issued an illustrated pamphlet on the country lying along the road. Captain J. J. Griffin, the general southern agent of the company, is distri-buting thousands of them through this sec-tion.

The Savannah News says that the Plant line steamer, Florida, will probably be withdrawn from the run between Mobile and Tampa, owing to the yellow fever at the former place.

Cordele has gone to work to raise \$10,000 to get the Augusta Southern to extend there. It is proposed to raise \$5,000 by volunteer subscriptions and issue city bonds for the other \$5,000. Twenty-five miles will have to be built to concer Cordels will

St. Louis grain dealers are figuring on a barge line down the river for grain. Other points have been taking the grain trade away from St. Louis. In 1880 nearly 16,000,-000 bushels of grain were shipped by river from St. Louis to New Orleans. The Missouri Pacific management will shortly award a contract for twenty-five new locomotives freight, passenger and switching. All the large locomotive works in the country will put in bids for this continued.

On complaint of J. P. Wilson & Bro. the Texas railroad commission yesterday ruled that the Aransas Pass railway is guilty of discriminating against the complainant in having charged the firm \$120 per ton on rock for the Galveston jetties and charging other parties \$105 for like contemporaneous service. The complaint of a like nature against the International was overruled.

experience. 5,000 cured last year of DRAINS, NIGHT LOSSES, IMPOTENCY, SHRUNKEN ORGANS and VARICO-CELE. Write today.

# Chamberlin - Johnson - Du Bose

Largest store in Atlanta == strong, clear, unobstructed sunlight and lots of it---biggest varieties of seasonable goods; thorough sale an delivery service; prices marked in plain figures; everything guaran. teed to be just as represented; money refunded for any disappoint. 

# Trade Was Powerful Yesterday.

We announced no formal opening. That's a provincial, rural custom long since abandoned by us. We show beautiful goods and nore styles every business day of the year. Immense displays of new merchandise is not a rare or startling event here. It's just as regular the opening of our doors. That's why we do not set aside special days in each season for the exhibition of novelties and staples. The are ready and waiting all the time. Just now, the quantities and beauties are more exceptional than usual. Every department is a spark with the color and grace of Autumn Dress Stuffs. Judging by the surge and sweep of Monday's multitude, the people seemed as anxion to see and buy as we were to show and sell. The sales-sheets at closing time established a fresh record. Will be hard to sustain it during the succeeding days, but we shall try. Study the following store talk. It is quick with interest that will vitalize and energize your buying

# Low Tariff Prices

This is the crowning season of over thirty years of retailing. Our victory is com • plete and overshadowing. United competition has met a bloodless Waterloo. The allied stocks of Atlanta cannot cope with ours at any point. The collection ne For Colored Dress Goods show is mammoth, monumental, magnificent. Not outside of the great metropolitan

stores can you see its equal. We gathered Autumn fabrics like a successful general selects his soldiers. None but perfect, good, depend able and trustworthy qualities were secured. Poor stuffs, however cheap, were refused. That's why we now invite you to a Dress Good Department that is matchless. The assortments and the cheapness of our offerings are unsurpassed.

for Dress Goods worth 75c, including Storm Serges, English Cheviots, French Serges, Two-toned French Granite English Curl Cloth, Heather Cheviots, Checked Cheviots, Matelasse Plaids, Whipcords and Corkscrew Diagonals in newest combinations of blue and black, green and black, brown and black, helio and black, blue and green, rei

for Dress Goods worth \$1.00, including Armure Worsted Cheviots, Two-toned Diagonals, Mohair Matelasse, Checked Suiting Cheviot, Basket Weave Cheviot, Striped Armures, Cheviot Natte, Mohair Figured Cheviot, Fancy Two-toned Granites, Boucle Fancy Cheviot, Chameleon Plaid Cheviots, and many other popular novelties in over forty distinct color blendings.

\$1.00, \$1.25, \$1.50, \$1.75 and \$2.00 for rich imported Dress Goods worth from \$1.50 to \$3.50 the yard. The foregoing statement is accurate. We couldn't go into the open market to-day and buy them at anything like figures to justify current prices here. In many instances they would cost a more than our present quotations. ### SMYTH AND LYONS ARE ON THE SLATE

in Washington.

BYNOLDS IS RESIGNED TO HIS FATE THINKS THE GOOSE HONKS HIGH HARBAWAY IS IN NO DANGER WHATEVER OTHER DEMOCRATS ARE SOON TO GO

He Has Succeeded in Fixing Places for His Friends-The Postoffice Fights Are About Settled.

Smyth will get the Atlanta postoffice-Lyons will get the Augusta place. The deal has been made. Colonel Walter H. Johnson, Georgia sub

head of the republican party, returned esterday from Washington. A small number of less than 500 negro celebrated the homecoming of their chief by sallying down to his office in the early morn and darkening the horizon of the marshal's vision by their presence through

the entire day. Mr. Johnson was rushed for twelve long hours. His negro friends wouldn't give him time to get dinner. On every hand he was greeted with something like this:
"Say, what did you do about my job you

Mr. Johnson was closer than usual when talking of his accomplishments in Washington. He never talks of his republican work, but vesterday he almost refused to say a word about what he did with the

"Did you succeed in what you went to Washington after?" he was asked.
"I can't say as to that," said the republi-

When asked about the Smyth-Wilson 'Well, all I can say is this. I believe that

if President McKinley promised to appoint It was plain to see that Mr. Johnson fel: confident of Smyth's appointment. He wasn't so confident of Lyons being a winner in the race for postmaster at Augusta. He seemed inclined to think that the negro would get the job, but he wasn't willing to make a positive assertion to that ef-

the members of the ring is quite apparent. Mr. Hanson went to Washington to make the deal and he has succeeded from what can be learned on the outside. It was gently rumored yesterday that McKinley had promised Colonel Johnson that Smyth would get the postmastership here and Lyons the Augusta plum. It is practically ertain that this is the case.

So much for the big game. Johnson went to Washington to help along the little fish. He has hundreds of followers here who are importunate in their search for jobs. They want places and are determined to get them. Johnson has been trying to get things arranged so that he could give a ew jobs out here.

Jackson McHenry and a number of othe

republicans had a conference with him yes terday, and it is evident that some arrange ment has been made. If the job hunters will only be patient they may yet get smooth places under the government.

#### MARBURY INSPECTS NEW COTTON

Government Instructs Him To Make a Report on the Limbless Specie.

The tamous Jackson limbless cotton has assumed a national importance. Yesterday the United States secretary of agriculture telegraphed to Weather and Crop Official WAS FOUND DYING IN A CHAIR | Marbury at this place, to go out to the Jackson farm and make a thorough and then report to the government official at Washington.

farm near the barracks, where the wonderful cotton is growing, and through the kindness of Mr. Jackson was enabled to go through the six acres of magnificent cotton. He spent quite a while at the place and looked all over the field. After making his examination he was allowed to bring some of the cotton to town with him to

include with his report. Mr. Marbury was enthusiastic over the limbless cotton. He said that it was the finest crop of cotton he had ever seen. He said that some of the cotton was so tall that it could hardly be reached with an umbrella. The plant is thickly studded all the way up with large bol's, and the lowest estimate is that the six acres will

yield four bales to the acre.

The weather official will make a very full report on the condition and the prospects of the cotton, and will enter into its probable commercial value. He will give as full and complete a report on the subject as could be desired, and when the report is filed the government will then be in

position to act as it may consider proper. That the government officials are evinc ing considerable interest in the remarkable cotton is not a surprise, It is an entirely new voriety of cotton, and is the best spe-The government will probably buy up large quantities of the seed and distribute them among the agricultural classes, so as to insure a wide distribution and a

spread of the new variety.

The seed retails at \$200 per bushel, and the present owners of the six acres at Jackson's farm have been offered \$25,000 for the product of the field. The cotton does not have a limb on the stalk, and has many advantages not possessed by other

Mr. Marbury will file his report in a few days, and the government will prohably take early action in order to secure the

Distinguished Court Spectator.

There was a distinguished visitor at Judge Andy's matinee yesterday, and he asked the reporter to suppress his name, as he was there just to see what Atlanta's police court was like. The first thing he noticed was the large number of bundles which were in the arms of the spectators, and he soon ascertained that these contained old clothes which would be turned over to the negroes who were sent to the stockade. The bundles contained what is known as stockade clothing, and were brought to the court by friends of the prisoners. Distinguished Court Spectator.

### ANOTHER STORY OF THE SHOOTING

nd Brooks and Grady Reynolds To The Deal Was Completed Last Week Captain Mobley Says the Whites Had Alex Mathison, Republican, Is Now City Nothing To De With It.

The Republican Leader Is Smiling | Prominent Citizen Explains the Shooting at Hogansville.

Negro Postmaster, but They Did Not Want To Kill Him.

Captain J. F. Mobley, president of the Merchants and Farmers' bank of Hogans-ville, and one of the best citizens of that terday on a business trip. While here he talked freely of the attempted assassination of Loftin, the negro postmaster of Hogansville, and expressed a good deal of Indignation over the reports that had been printed about that occurrence. He said that the story of the shooting as published in The Constitution was correct, so far as the facts were concerned, but that this paper, together with most of the others in the United States, had done the citizens of Hogansville an injustice in suggesting that the shooting had been done by white per-

The conversation turned on the legal phase of the affair, and Captain Mobley

phase of the affair, and Captain Mobley was asked:

"Will Hardaway be prosecuted?"

"As to that I can't say. As far as I can see Hardaway is guilty of no violation of the law. The simple facts in the case, which have never been coherently presented before, are as follows: The appointment of Loftin was made over the unanimous pro-Loftin was made over the unanimous pro-test of our citizens. On assuming his office he made a very determined effort to locate business portion of the town, but in this he failed and was compelled to comnence operations some distance from the

usiness center.
"The fact that the line of railroad ran between the business section and the lo-cality in which Lottin had opened his office suggested a plan to the business men of Hogansville by which the uncongenial busness association with Loftin could be avoided. Not only the business men, almost the entire white population of the town, were parties to the following arrangement: A boy was engaged to meet all trains and secure the town mails from them. This ne conveyed to Mr. Utting's jewery store, and Miss Mattle Choate, a relative of Mr. riardaway, was employed to distribite the mail. There were trees were the tribute the man. There were times when it was not possible for her to perform this work, and on such occasions Mr. Harda-

way took her place.
"For augnt 1 know to the contrary, this arrangement has been working with entire satisfaction to all the cit.Zens concern ed. We were advised from a reliable source that this method involved no violation of the law, and if the law has been violated t was not done with criminal intent. Th citizens maned their letters on the train, which stopped just below the business block. The office was fully four times the distance from the town block to the rat road. Of course we wisned to thwart Lof-tin, who had been commissioned over our earnest protest, but as a matter of fact. was much more convenient to deposit mi on the car than to transport it to the of

"I also desire to call attention to ar other error in the commonly accepted re-ports. There was no official postonice sign on the door or the room in which we ucposited our mail, as has been stated, but thore was such a sign on the window or door below, where the office had been orig-many next." When questioned about the shooting Cap-

tain Mobiley said:
"I know little about the actual occurrence
and have not seen Lordin since. From all wounded once in the arm by a weapon in the hands of some party or parties concealed in the rear of his premises. Of course I cannot state positively that the affair was not the work of white people, but the best class of people in our town are law abiding, and I feet certain that they had no knowedge or connection with it. The negroes hold that the shooting was done by white persons, and the white people beneve just the reverse. Personally, I am convinced that the attempted assassination was the culmination of a personal grudge, though I have no idea as to who did the shooting or what was the actual motive.

motive. "While both sides have indulged too free-"While both sides have indulged too freely, perhaps, in promiscuous and threatening conversation, and while excitement at first showed a tendency to run high, still I believe that there is no disposition on the part of negroes or whites to create a disturbance. The rumor has gone abroad that Posoffice Inspector Rosser had been threatened by parties in Hogansville, unless he left the town immediately. While I cannot speak as the representative of every citizen of Hogansville on this score, still I think Mr. Rosser would have acquainted me with any threatening manifestations, if such existed. He visited my office several times and had social and pleasant conversation with me, and I am sure all our people treated him courteously and kindly and that rumors of an incendiary nature are ill grounded."

LYONS CALLS ON McKINLEY Negroes in Washington Discuss the

Hogansville Shooting. Washington, September 29.-Judson Lyons, colored, the candidate for the Au gusta, Ga., postmastership, was among the cellers at the white house today. The shooting of the colored postmaster

at Hogansville, Ga., was the subject of much comment among the representative colored men who called on the president. One of them. National Committeeman Hitt. of Mississippi, who was postmaster at Vicksburg under the Harrison administra-tion, said that the Hogansville incident was in no way characteristic of the attitude of the people of the south. The racial feeling had been largely overcome, he said, and such as existed was confined to the smaller

communities
The choice of colored officials would not he said, lead to any general opposition so lorg as the men named were capable of transacting the public business.

THEY WANT A NAME.

And Will Meet Tonight To Select

A meeting of the members of Company K will be held this evening, beginning at 8 o'clock in their armory in the state capitol. It may be that the name for which the members of the company have been searching will be adopted, but they are themselves uncertain about the matter.

They will proceed slowly and cautiously in the matter and will exercise great care

They will proceed slowly and cautiously in the matter and will exercise great care lest a name be selected which in the future may prove harmful to the company. As is well known, the company offered a prize some time ago to any lady in Atlanta who would suggest a name for the organization, and up to the present time some fifty suggestions have been made.

These will be read over tonight, and should one be found which sounds pleasing to the ears of the members, it will be

ing to the ears of the members, it will be accepted on the spot. On the other hand, if no name that is suggested is suitable if no name that is suggested is suitable none will be chosen and the ladies will still have an opportunity to win the prize. It has not yet been selected, but it is promised that something preity and serviceable will be given. The meeting tonight will be watched with interest, and it is likely that a full attendance will be on hand.

### CIVIL SERVICE ONLY A THEORY

Gauger for Atlanta.

MERCHANT HUNT'S MURDERERS COL. W. H. JOHNSON RETURNS WAS THE BLACKS SHOT LOFTIN EMORY GOES TO AUGUSTA The Democrat at That Place Loses His Head.

Republicans Want Jobs and the Political Enemy Must Be Unseated to Give Tem Places.

"There are more ways to kill a dog than by choking him with butter." than by choking him with butter."
This highly expressive, but very old and trite remark, was made by one of the republican leaders in Georgia a few weeks ago when discussing the strict civil service regulations that kept the democrats in and the republicans out.
"We can get the democrats out of their places without demanding their resignations, and we will do it, too, for just look

at our hungry boys who will have to be fed." continued the leader of republicanism.

The republican leader was right, for after developments have shown that he knew what he was talking about. Yester-day morning Alec Mattison, a prominent republican, went to work in Atlanta as republican, went to work in Atlanta as city gauger. At the same time Emory, the democrat who has been holding the job, was quietly asked to vacate and take a less important and remunerative position in Augusta. The man Emory succeeds in

Augusta goes out of a job altogether, he being too good a democrat. The republicans were at first confronted with the almost insoluble question of civil service. The regulations protected the democrats who had the jobs and they couldn't be fired out to make way for the republican pic-hunters. Now civil service is being over-run. The leaders promised them that it would not be long before a nice little scheme would be fixed to get the

democrats out. "It will be slow work," said one, "but we will clear out the building after awhile." Slowly but surely that man's assertion is being verified. One by one democrats

are losing their places and republicans are being installed in their stead. The position which Mattison has been given is very lucrative and is considered one of the best in the internal revenue service. While it pays but a little over \$100 per month, there is little work and a can easily perform the necessar

This is but the beginning, according to what a leading republican said yesterday He said that other places would be made vacant in the same way and that by the end of the year few democrats would have jobs under the government.

#### RICH ORE OVER THE LINE.

Mr. Hickey Brings Down Some Beautiful Quartz from North Carolina. A. S. Hickey, president and general man ager of the Victoria Gold Mining and Milling Company, of Highlands, N. C., is in Atlanta on his way to Chicago, Mr. Hickey

reports having found an abundance of gold ore just across the Georgia line in North Carolina. He is on the Dahlonega belt over the line from Rabun sounts.

The ore which Mr. Hickey brought down to Atlanta certainly looks attractive. He had specimens of both free milling and refractory ores. The yeins run from three four feet in thickness and the ore, which assayed \$2 to one ton at the outcrop, has increased to \$40 at a depth of less than fifty feet and his gangue matter runs very high in gold. Bishop Thompson, of Mississippi, owns the land. Ex-Lichtenant Governor Jones, of the same state, is also interested in the mine. Mr. Hickey has spent three months prospecting and opening the property. He is an experienced western miner and says that Georgia and North Carolina beat the west or Alaska either. He was in

Alaska a few years ago, before the Klon-dike had been heard of as a gold producing country, but after the Treadwell had become a big paying mine. "I find more interest manifested by Georgians and Carolinians in the Alaska gold than in their own right here at home. If such strikes were made in the west as I have made in North Carolina there would have made in North Caronna there would be a tremendous rush to the camp. I notice that the western and nothern and the English are coming in and buying these gold properties. They will make plenty of money, too, if they mine judiciously,"

Mr. Hickey has not decided on the kind of machinery he will put in, but he will put tables in his mill when it goes up and save his concentrates. Considerable excitement was caused in the Highlands section a few months ago by the discovery that robbers had gone on Bishop Thompson's land and taken several thousand dollars in gold from a pochet.

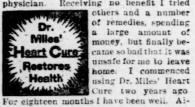

That She Is!

From The Waycross Herald. With all her faults Atlanta is the grandest city of her inches in the union.

#### DANIEL MYERS, OF PENNSYLVANIA.

ELIZA GLEASON, Administratrix of John M. Gleason. GEORGIA, FULTON COUNTY-By vir-

Administratris of John M. Gleason.

A boiler with the plates welded together, no rivets being used, 32 feet by 6½, has been built at Gleiwitz, in Saxony.

## Blow Hot or Cold

We open Autumn activities this Week in earnest. The stock is in ideal readiness. Every department responds to the present and future need of Men's and Boys' Dress. Cooler days are not far off. The wise will anticipate them.

Intelligent and unprejudiced criticism places our assortment of Clothing at the top. If you keep in touch with our doings, you know that experience, study, thought, skill, capital and care controlled our selections and purchases. For proof, you are invited to thoroughly inspect quality of fabrics, colors, patterns, styles, tailoring, fit. Every forehanded and foreminded man ought to stir himself while such low prices are yoked to such perfect garments. Unprecedented values are in evidence throughout theentire store.

Go to Headquarters L. LIEBERMAN,

GREATEST VALUES EVER OFFERED.

92 Whitehall Street.

China, Glassware, Bric-a-Brac.

that centers trade here.

Atlantians appreciate elegant goods. This store found its niche largely through bringing here finer goods than other stores carried. The foregoing statement is not too broad. Art goods, artistic goods, the finer specimens of ceramic art are here-but they are just merchandise, when considered from a price standpoint. Direct and skilled gathering makes prices the least and

Rich products of Dresden potteries wonderfully cheap.

All the European specialists are represented in our stock.

THE INK USED ON THIS PAPER IS FROM THE

Standard Printing Ink Co.,

Ro. 20 W. Canal St., CINCINNATI, O Established in 1857.

October, 187, within the legal hours of sale, the following property of Mrs. Martha A. Loughmiller, to.wit:
A parcel of land in the 14th district of originally Henry now Fulton, country, Georgia, and known as fractional city lot No. 2, in Bell's subdivision of city lot No.

Executor's Sals

Established in 1857.

That and Lack of Activity Gave Encouragement to Bears.

THEY MADE SUCCESSFUL RAID

Result Was That Few of the Act Stocks Escaped with Declines Less Than a Point.

New York, September 20.-The stock m ket was dull and comparatively neglec during the greater part of the day and marked advances were confined to a special instances up to the final half-h The bears, encouraged by the lack of a thirty in the trading and the rise in t money rate, then fell upon the market a raised it to such good effect that factive stocks escaped with a net deell less than 1 point, and in a few instance much larger losses were shown as a 1 point, trading. The pressure sell and the resulting declines were pecially heavy in the grangers. Burli ton, which had been pushed in the mo ton, which had been pushed in the moing to a new high record at 1024, fell par in the closing transactions, and C cago Great Western, which had sho great animation and had risen to 20%, f 1%. On aha, which has been conspicuously strong in recent markets, fell 1½, a its parent stock. Northwestern, dropp off 1%. Rock Island was the feature of 182. Rock Island was the feature the market during the early period of t day and had advanced 2 points. The figuldation left it still with a fraction net gain. The local gas stocks, who sensational advances had sustained the present operations, were part market on recent occasions, were partly in the decline. Consolidated Gas dropping 6 points and Brookiyn Union 4. The Vanderbilts and trunk lines, the coalers and the leading industrial shares and special ties all shared in the weakness and near all showed declines of a point or upware Louisville, which has shown weakness re a net gain of a small fraction. Baltimore and Onio showed marked strength early, rising 2 points and closing with a net gain of  $\Omega_A$ . Western Union and Wabash preferred, which made sharp gains early in the day, fell heavily to below Saturday's close. The course of the London stock market caused more or less depression here at the opening and again when Lon-don's closing quotations were received showing some heavy declines from their opening prices. The grangers were some-what sensitive, although there were re-ports of bad weather for crops in the West. call money to 4 per cent. Quite a large amount had been offering all day at as low as 2 per cent, but in the final hour money lenders demanded 4 per cent. There continued to be a large demand and figures The closing shows a decline to 3 per cent. The stiffening in the money rate came too late in the day to affect the exchange market. Rates for sterling exchange were the market. Rates for sterring exchange were somewhat harder during the day, though the market was very inactive. The posted rates for 60-day bills was advanced ½c to 34.83½. Actual rates for demand bills were quoted ½c higher, and for 60-day bills ½c higher. Interest centers in the effect which the hardening of money rates and the calling of lower will have on the and the calling of loans will have on the

517,468 shares, including Atchison 5,825, Atchison preferred 13,820, Baltimore and Ohio 8,620, Chesapeake and Ohio 14,150, Burling-8,000, Chesapeake and Obio 14,150, Burlington 34,600, Louisville and Nashville 16,340, Manhattan 7,200, Missouri Pacific 5,300, New York Central 7,100, Northern Pacific preferred 10,300, Ontario and Western 5,200, Reading 14,200, Rock Island 40,070, St. Paul 27,740, Union Pacific 24,525, Union Pacific, Denver and Gulf 18,390, Wabash preferred 12,500, American Tobacco 29,510, Bay State Gas 9,520, Chicago Gas 14,020, Sugar 8,200, United States Leather preferred 6,710, Western Union 8,440, Chicago Great Western 25,420.

Western Union 8,449, Chicago Great Western 25,420.

Railway bonds were not so actively dealt in today, sales amounting to \$2,900,000.

Prices were about steady.

United States coupon 4s sold 114; 4s registered at 1113. Bid prices for government bonds receded a fraction all around. Money on call firm at 2423½ per cent; last loan 3 per cent, closing at 3623½ per cent; prime mercantile paper 44.7½ per cent. Sterling exchange steady, with actual business in bankers bills at \$4.84% for demand and at \$4.824 for 60 days; posted rates \$4.824,04.84 and \$4.8564.864; commercial bills \$4.814,04.82.

Silver certificates 550004c.

Bar silver 594c.

Mexican dollars 44c.

Government bonds easier.

State bonds dull.

Railroad bonds steady.

London came lower and New York ankers were advised of the circulation of umors with regard to calling loans and he consequent embarrassment of specularumors with regard to calling loans and the consequent embarrassment of speculation here. Before the first hour was over a general and pronounced rally took place. Special sharp advances among the less active stocks were made.

In the afternoon call money rates hardened until they reached 4 per cent and prices yielded rapidly under realizations, bear hammering and stop orders.

The market closed unsettled and generally lower.

INDIA BUYING FOR CCINAGE Causes a Sharp Rise in Silver in London and New York.

don and New York.

New York, September 20.—Silver scored a further sharp recovery in London today of \$\frac{3}{4}\$ to 21\frac{3}{4}\$d. The price in New York rose 11\frac{5}{4}\$c over Saturday's quotation to 50\frac{3}{4}\$c. These prices show gains over the low price of September 1st of 31\frac{3}{4}\$d and 73\frac{3}{6}\$c respectively. The rise is attributed to purchases for India account and rumors in London that the India council is buying for coinage. The discussion of the proposition for the Bank of England to hold one-fifth of its reserve in silver also continues to influence the market favorably.

Atwood Violett, Lockwood & Co.'s Stock Letter.

New York, September 20.—The stock market opened steady without special fea-ture, and after the first hour became stronger and made new record prices in Rock Island and Chicago, Burlington and Quincy.

All the low price issues were very active to their movements.

said to be higher quotations for money. This must be the requit of so wide a market and such activity, and yet the cause of this very demand is based upon better conditions of business all over the country. This late slump will no doubt benefit the market and be taken as a healthy reaction.

The special movement in Union Pacific. Denver and Gulf certificates to 54% was the sensation of the day in the bond market.

The Treasury Statement. Washington, September 20.—Today's statement of the condition of the treasury shows: Available cash balance \$216,869,526; gold reserve \$146,621,636.

The Post's Financial Cable.

The Post's Financial Cable.

New York, September 23.—The Evening Post's financial cablegram says: The stock market was stagment today, apart from a small revival in English rails.

Americans were dull at the opening on the New York lead this morning and on reports of brief difficulties of a large operator in New York whose name was mentioned in a London Times cable of today. There was little disposition to purchase largely on the reaction, but New York here was little disposition to purchase triedy on the reaction, but New York ought Denver preferred and some other tocks this afternoon and prices closed correlled. The Paris and Berlin markets were du'll

Paine, Murphy & Co.'s Grain Letter.

Paine, Murphy & Co.'s Grain Letter.

Atlanta, September 20.—Opening trades in wheat were at a slight decline from Saturday's final figures, the result of large world's shipments, a decline in Liverpool and heavy northwestern receipts. The early selling was by scalpers inuflenced by this news, also by the prospects of a large increase in the visible supply, but offerings were quickly absorbed by commission houses and buils, and later the early sellers were forced to cover, causing a strong advance. While the summary of the world's shipments could not be construed as bearish, if we consider the large amount which came from America, other statistical news was rather against holders. The amount on passage increased 1.840,000 bushels and there-was an increase in the visible supply of 1.374,000 bushels. Paris was irregular 10 centimes higher to 5 centimes lower, with Antwerp 12½ lower. Liverpool closed easy ½d higher for spots and ¼d higher for futures. The trade was scattered and could not be individualized. Receipts were below the estimate, and out of 459 cars only 20 graded No. 2. Clearances amounted to 578,000 bushels. Corn opened steady and railied sharply on smaller receipts than estimated, and Snow's estimate of a 1,750,000,000 crop, which is in line with the estimate given by The Cincinnat Price Current. The increase of on smaller receipts than estimated, and show's estimate of a 1,750,00,000 crop, which is in line with the estimate given by The Cincinnat! Price Current. The increase of only 133,000 in the visible was at first a disappointment to the bears, but as soon as the cause was learned, it created a weak feeling. It is said that Armour & Co. have transferred about 800,000 bushels from public elevators to their private houses, thus merely taking the grain out of the visible, but in no way altering the actual stock of grain in the city. The buying early was principally by the short interest, who were supplied by holders and some floor traders. The advance was subsequently all lost, but most of it recovered again at the close.

Provisions have been steady, with a healthier tone to the market than for some time past. Packers were the principal buyers, with offerings light. Hog receipts were moderate, prices at the yards being a little higher. Cash demand continues good, but will increase when the south gets over the yellow fever scare.

south gets over the yellow fever so

RECEIPTS SHIPM'TS STO K. 8595 2880 1759 2123

Paine, Murphy & Co.'s Cotton Letter.

Atlanta, September 20.—In response to better Liverpool cables than expected, the New York market opened 3 to 5 points higher than Saturday's close, During the early part of the session the advance was well maintained. There was less disposition to sell than for some time past, consequently the market exhibited a firm undersone. However, receipts began to show uplarger than anticipated, which encouraged selling, and the market gradually lost the early gain and closed easy at about the lowest point of the day, which was 5 to 9 points under Saturday's close. New Orleans expects tomorrow 10,000 bales, against 18,850 bales. Galveston received today 11,447, against 19,337. To all appearances we have discounted a very full yield, and the possibility of an early frost or the development of a belief that the prospective crop has been overestimated are factors that now should be taken into consideration.

The following were the closing quotations for cotton futures in New York sesterday: Paine, Murphy & Co.'s Cotton Letter. The following were the closing quotations for cot-ton futures in New York yesterday:

The following were the closing bids for cotton fu-tures in New Orleans: Clased quiet and steady : sales 26,000 bales Hubbard Bros. & Co.'s Cotton Letter.

New York, September 20.—Crop reports rom all sections east of the Mississippi continue to be poor, but the market and he crop have parted company. This is due to the belief throughout the wor.d that the crop will be a bumper one despite all reports to the contrary. Spinners are hotding aloof on this belief, saying you have the cotton to sell and we believe you are exaggerating the damage and there is enough and more than we will consume. As there exists no speculation for an advance we will buy when we get ready and at our own price, because you have more to sell than we immediately require. This action on their part at home and abroad makes our market a weak one. The bureau report tomorrow will be a bad one, but hit the present temper of the trade it will hardly be credited, though personal investigation will show the correctness of their report for the Atlantic section to any one who will take the trouble to go south and examine the fields.

Southern Exchange Cotton Letter. Atlanta, September 20.-Notwithstandis asses have been lack of speculation, free abuses have been lack of speculation, free ferings at Atlantic ports and interior oints at lower prices and little or no support to the market. The fever news today not encouraging and also against the larket, causing traders to hesitate about nering into engagements. The price is etting low for a crop still uncertain as a size, but under existing conditions opinous are worthless.

New York, September 20.—By Associated Press: The cotton market made a steady start at an advance of 365 points, early cables showing less decline at Liverpool than expected, and also an increased demand for spot cotton. Private cables also pointed to broadening speculation, but after the first call was over liquidation set in on a somewhat heavy scale for these times, and prices broke 5614 points from the highest. January contracts sold down from 6.66 to 6.52 and leading the rest of the list. There was a few intervals of rally, but in the main the market showed a decidedly weak undertone, primarily due to big receipts and a disposition to ignore the yellow fever scare. In the afternoon the market was quite irregular and at times decidedly weak under heavy estimates for tomorrow's movement. The close was easy at a net decline of 363 points.

The Dry Goods Market.

New York, September 20.—The dry goods parket opened today all lines of goods vious heavy tracing. The demand for cotton goods is steady, but of less ample proportions than recently, prints alone sustaining the market rates of two weeks ago. The demand for wooden goods on reorder is kept up, and at advanced prices. Jobbers report continued fair business on the whole, though the demand is somewhat scattered and unsatisfactory in its character. Staple cottons show no change. Print cloths sell slowly in all grades. Extras are still quoted at 2%c with a limited demand.

Atwood Violett, Lockwood & Co.'s Cotton Letter.

New York. September 20.—The market seems to be seeking a still lower level, due to increasing movement and reduced demand. Speculation seems to have turned to the short side, and altogether the prospect the short side, and altogether the prospect of improvement in the near future seems to be diminishing. The world's spinners are naturally holding aloof, while the martest appears to be depressed, and it is certainly not to their interests to sustain rries when they seem tending as much in downward direction as they are now. Cotton should improve for several reasons, but it does not, and this about sums up the situation.

Riordan & Co.'s Cotton Letter. New York. Sentember 20.—(Special)—After a momentary show of strength cotton was weak again today. Liverpool seems disposed to call a halt in the decline; the prices there this morning were but 1-64d lower. This dispatch was better than expected, and our market opened 2 to 5 points higher. Trade reports from the other side,

however, were discouraging. During the morning the market was very dull and steady. In the afternoon the heavy receipts and lower southern markets resulted in considerable pressure to sell here. The south sent liberal selling orders. The local bears, seeing the market to be without support, did what they could to assist the decline and prices broke sharply. January opened at 66, eased to 6.61, advanced to 6.64 and then rapidly declined to 6.52, closing at that figure with the tone of the market easy. General sentiment here continues bearish.

The Liverpool and Port Markets. Liverpool, September 20-13:15 p.m.—Cotton, spot demand fair with prices lower; middling uplands 4-32; sales 30.006 pales; American 9.200; speculation and export 500; receipts 2.040; American 1.500. Futures opened easy with demand fair.

Futures closed steady.

The Live Stock Market.

Chicago, September 20.-Only about half the moderate supply of cattle consisted or natives, and there was keen competitio for the best grades at about 20c gain or last week's late prices. A sale of eigh fancy heavy show cattle was reported at \$\frac{3}{2}\$ the salesman obtaining \$5.50 for the remain der of the local description and the sales week. the salesman obtaining \$5.50 for the remainder of the lot. Many choice cattle went at \$5.25@5.45. General rains cut off the great influx of low grade native steers, and offerings were leasily disposed of at \$3.55@4.55. Cows shared in the general advance, good to prime grades bringing \$3.40@1.40. The few yeal calves went at tirm prices, the best leading at \$7. Texans and westerns sold more readily at prices 10@15c above last week's bottom figures.

The pens were seen cleared of useful hozs. last week's bottom figures.

The pens were soon chared of useful hozs, all selling 5c higher and many at 19c advance on last week's late prices. Packers took off many big hogs at \$1.10@4.15. Chotee bacon shorts sold around \$4.30. Not many heavy roughs to sell below \$3.90, the great bulk of strong weight hogs going at \$3.95@4.20. Local concerns bought quite freely.

Local concerns bought quite freely of sheep and lambs at prices well up to last week's range, most fat muttons at \$3.75@4 and a few fancy lots around \$4.10. Sales ranged chiefly at \$3.55@3.75. only common lots selling down around \$4.40. Lambs went slowly. A good many were wet. Choice to extra lots sold at \$5@5.65, good grades and best feeders around \$4.75, fair feeders \$4.25 @4.59 and very common skinny cuils at \$3.56@4. Receipts: Cattle, 12,000; hogs, 26,000; sheep,

HOURS ATLANTA TO CHICAGO ESTIBULE ND DINING CARS VIA TERRE HAUTE R. R.

SVILLE ROUTE)

First Autumn Meeting of

with the president, Mrs. Nellie Peters Black, at the Woman's Clubrooms at the Grand yesterday morning at 11 o'clock. The meeting was a very important one, being the first since the closing exercises in June. The great success made by the association last year in the excellent results made evident in the children attending the school, has greatly encouraged the members and the schools will open this fall with renewed success. Atlanta has not a more commendable charity than these free kindergarten chools that rescure the poorer children of the city from the inevitable results of evil associations that come upon baby chil-dren when parents must leave them during the entire day to work for the bread with which to feed them. The members of the association are urged to pay their dues, and ose not members who appreciate th hitanthropy of the movement are urged to do all in their power to assist in the work. Those mothers who have old clothing out-grown by their children will be doing a to send it to the ladies of the charity to send it to the ladies of the Free Kindergarten Association, for many of the little children applicants for adon to the free schools have not suffi-

tendance.
This year the three schools so successful after the presidential election. last year will be reopened and every effort will be made to establish others in parts of the city where they are most needthe indorsement of the county and district republican executive committees, but the Hanson influence overcame all this. The term of Captain William Redd, Jr.,

parts of the city where they are most needed. School No. 1 will be in charge of Miss Reese, school No. 2 Miss Julia Johnson and school No. 3 Mrs. Coulter.

Those wishing to join the Free Kindergarten Association, or those who have not paid their yearly dues, are requested to communicate with Mrs. Thod Hammond, ecretary and treasurer of the organization.

to the proper punishment of the criminal by humane methods, his reformation if possible, the protection of society and his self-support with the least possible burden to the honest taxpayer.

"They should be required to thoroughly investigate the systems of the best prisons in the United States, and especially those embodying the parole system, the graded system, the indeterminate sentence and the ebolition of corporal punishment, and at the session of the general assembly if 1898 should recommend the adoption of such legislation embodying these reforms as in their cpirion will be best suited to Georgia's prison population and which will engender the self-respect, stimulate the ambition and properly discipline the convict.

"They should also be required to embody in their report to the general assembly a detailed account of all their acts and doings in the discharge of their duties, together with their future plans, that such further legislation may be adopted as will then be necessary."

The Two Committees.

About half of the committeemen reached Atlanta yesterday, and during the evening the lobby of the Kimball house was as conspicuous for statesmen as it was for yellow fever refugees. The air was full of politics, too, and in the throng were Fleming duBignon, Colonel J. W. Robertson, Senator Battle, Chairman Blalock, of the investigating committee; Attorney General Terrell, Judge Gober, Congressman Adamson, Congressman Tate, Patrick Walsh and many others, The following is a full list of the two com-

mittees: Senate. Culver, McFariand, Kilpatrick, Wooten, Battle, Shropsnire, Walker of fortieth, Everett, Geiger, Dunwody, Atkinson. Witcher, Thompson, Flewenen, Carter, Flint, Everett, Allen.

the Woods Are Wanted. Thomasville, Ga., September 20.-(Special.)-Sylvester Singletary started with his grip and other packages to south Florida Sunday morning. He was seen by parties whose houses he passed near the river riding in a buggy with two negroes. Shortly afterwards the negroes came back alone, noticing which the parties became suspicious and went in search of Singletary. About a mile from the house they found his grip, near which was a pool of blood and signs of a struggle. Searching parties were organized and the woods searched thoroughly.

Late Sunday night Singletary was found A hundred men armed with winchesters have been scouring the country ever since. and if the negroes are caught there is no telling what may happen. Sheriff Doss has gone to the scene of the excitement.

SEEKS POSSESSION OF HIS WIFE. Judge Felton Grants a Curious Writ

HOUSE ARE HERE Macon, Ga., September 20.-(Special.)-J. W F. Woodall, of Rutland district, Bibb couny, filed a petition today in Bibb superior staying with her brother, B. F. Cowart. Judge Felton granted an order, requiring Mrs, Woodall to be produced before him on sext Wednesday.

This habeas corpus grows out of a petition for injunction and receiver, filed by Mrs. Woodall a short time ago, alleging that her husband had abandoned her and was using the rents of her plantation in purchasing property in Jones county, which he had placed in the name of his son by a former marriage.

THREE PRISONERS ESCAPE JAIL. Negro and Two White Men Get Out of a Virginia Prison.

Richmond, Va., September 20.—There prisoners made their escape from the jail at Christiansburg Saturday night. One of them is a negro charged with assaulting a white woman. The other two are white, one of whom

is under sentence of eighteen years' imprisonment for murder, and the other serving a sentence for petty larceny. The last named was reported by his father today to be at his home and ready to surrender. He says he left the jail because the negro threatened to kill him if he did not go or made an outery.

cient clothing to warrant their regular at-

means the greatest help to the young women of the country, not alone those who are in business life, but those who interest themselves in the welfare of their less formunate young women friends and some streets. When detected the negroes ran, but were pursued by the officers of the control of the country and will waters, another negro, were suspected of attempting to rob a residence on the corner of Third and Pine streets. tunate young women friends and who appreciate the happiness there is in being occupied in some compensating way. The

fully discussed. Such a movement is strictly in harmony with the Atlanta Woman's Exchange, yet young but prosperous, and

"It has been suggested that each county should have the option of working certain classes of the convicts on their public roads, and while the suggestion would ordinarily commend itself to me as a step universal encouragement and sympathy on the part of Atlanta's philanthropic women. The forthcoming meeting should be largely ided and the work of organization be

tain classes of the convicts on their public roads, and while the suggestion would ordinarily commend itself to me as a step in procuring better roads, an end greatly to be desired, still if many of them should be so used it would so reduce the net results from the contracts of hiring as to defeat the erection of permanent prisons, and at the end of the terms of hiring Georgia would be no nearer a final solution of this vexed problem than now.

"From the excellent report of the special inspector of misdemeanor chaingangs recently made to the governor it appears that there are about six hundred misdemeanor convicts whose sentences require that they should labor upon public works, but who, contract to the law, are hired to private individuals. These convicts are sentenced for minor infractions of the law, under short terms, none exceeding twelve months, and are therefore better suited for such labor than the more desperate felony convicts. If they should be placed upon the public works as the law requires in those counties which desire and are able to work their roads with convict labor, it would, I am sure, supply the entire want and still leave the plan suggested intact.

"To build permanent prisons and establish a permanent system is but laying the foundation for a final settlement of a knotty problem in a business way, and when once accomplished relieves the state forever from dependence upon lessees and private individuals for the punishment, care and maintenance of her convict population.

Need of Legislation. Mrs. Albert Cox has returned to her Mrs. Carrie R. Stewart is visiting friends in Nashville. Mr. Willis Ragan will visit New York

Miss Mary L. Jackson has returned from a visit to Tate Spring. Miss Bessie Draper will attend school

ulation.

Need of Legislation.

"To carry these suggestions into effect a bill should be passed providing for the creation of a prison commission, consisting of the governor ex-officio and three practical business men from different sections of the state, to be appointed by the governor. These commissioners should receive salaries of \$2,000 each for the years 1898 and 1899, and all necessary traveling expenses actually incurred in the discharge of their duties and thereafter such salaries as may be provided by the general assembly. They should have offices in the capitol and such clerical force and office supplies as may be needed.

"They should be empowered to purchass Miss Estelle Garrett leaves this week for St Marys, N. Y., where she will attend

clerical force and office supplies as may be needed.

"They should be empowered to purchase the farm lands as indicated and to erect thereon such buildings, stockades and appurtenances as may be needed and equipate the same for use; to provide suitable labor for the different classes of convicts to be kept on the land so bought with officers, agents and guards for the general management thereof, and should make such rules and regulations as may be deemed necessary and to the best interest of the state.

"They should be authorized during the year 1898, and before the meeting of the general assembly of that year, to make such contracts of hiring, to take effect upon the expiration of the present contracts, as may be considered best, providing therein all needful rules, regulations and requirements for the proper punishment, safe keeping and humane treatment of the convicts so hired and providing officers, agents and guards to carry out said contracts.

FALL 1897.....

Investigation Demanded.

"With the advise and assistance of a competent architect to select and adopt such plans and specifications for the erection of permanent prison buildings, capable of caring for the state's whole prison population, to be upon the most improved modern plans and to lay the foundation for a modern prison system, which will forever solve the convict question in Georgia. As few restrictions as possible should be thrown around this commission, and they should be allowed the most liberal discretion possible, limiting them only to broad lines of prison reform, in hard labor, discipline and humane treatment, looking Will display French and English Hats and Toques and a large variety of High Art Millinery Tuesday, September 21st, 22d and 23d.

### RED MEN RETURN FROM GREAT COUNCIL

Reached Atlanta Yesterday.

Other Warriors Will Pass Through

Atlanta Today.

This Will Be a Red Letter Year in the History of the Camp-New Ritual of Pocahontas Adopted.

Grand Representative Thomas H. Jeffries has returned from the great council Unite States Improved Order of Red Men, which adjourned in Philadelphia Saturday.

Great Incohonee Robert T. Daniel, of Griffin, will pass through the city probably today on his return to his home. Others from the various southern states who were in attendance upon the great council will be in Atlanta today and tomorrow, stopping over for a short stay in the city until they can secure health certificates and information about quarantine regulations States Improved Order of Red Men, which ermation about quarantine regulations outh and west of Atlanta.

The session of the great council in Phil-The session of the great council in Pan-adelphia has been the most notable in the history of the order, and questions of great interest to the order came up for consideration. One of the features of the session was the adoption of the new Pocahontas ritual, which provides for the admittance into the order of ladies who have husbands, brothers or fathers in the rank of good Indians. This ritual is said to be exceedingly imposing and beautiful and will be introduced into the southern wigwams

Another feature of the session was the offering of a prize of \$1,000 to be paid any member who succeeds in securing a new ritual for the secret work of the order which will be acceptable. Several matters of importance were discussed and a vast amount of business transacted before the council adjourned. Almost every state and erritory in the union was represented and the gathering was composed of the most distinguished secret order men of the naion. The great council was in session five

days.
In speaking of the session of the great ouncil, Great Representative Jeffries said

tions in the history of fraternal orders oc-curred in the city of Philadelphia last Tues-day evening. Programmes for the enters ainment of the visiting Red Men had been prepared on an elaborate scale. At the Academy of Music, on Broad street, fully 15,000 people had gathered; at St. James hall, on market street, over 10,000; at music hall. Girard avenue, at least 10,000, and at Textile hall, Kensington avenue, about 7,500. "The leading feature of the programme was the reception to and the address of the great incohoneo of the United States, Hon. Robert T. Daniel, of Griffin, Ga. When Judge Daniel faced the vast audience at the Academy of Music a mighty cheer went up. a wave of enthusiagm excheer went up, a wave of enthusiasm ex-tending from pit to dome, greated the dis-tinguished speaker and it seemed as if the umultuous applause would never cease

"On the stage were scated the members of the great council of the United States, among them the Georgia representatives, Y. A. Wright, of Jackson; T. H. Jeffries, of Atlanta, and A. N. Manucy, of Savannah, representing thirty-two states of the union. Grouped on the stage were 100 Indian boys in uni-form from the school at Carlisle. In the boxes were seated the visiting ladies from nearly every state. In the body of the theater were the elite of this 'City of

Brotherly Love. "It is doubtful if any speaker ever faced There is nothing just as good as AFRICANA for ship and breathing a speech laudatory of Red Manship and breathing a sprit of patriotism

that fairly captured his hearers.

"At the conclusion of his speech a carriage was in waiting and he was rapidly driven to St. James hall, where the same scene was again enacted. Again he thrill-ed and enthused his audience by his words of eloquence. After this address the carriage was again placed in service and the distinguished guest of the evening was taken to Music hail, out on Grand avenue, three to stuste han our or on the art the where apother address was made. At the conclusion of the same Judge Daniel was driven out to Textile hall and although friven out to Texthe fail and Anthony, pretty well fatigued from his thirteen mile lrive and the three speeches already made, he acknowledged the plaudits of the great hrong and fairly carried away the immense rowd with his excellent speech.

#### YOU CANNOT TURE PILES By Internal Remedies.

The only sure way to cure every form of piles is to use a remedy like the Pyramid Pile Cure, which is applied directly to the parts affected and its wonderful healing effects are apparent from the first application because the medicinal properties are rapidly absorbed by tissues and sensitive membranes of the rectum, and the cure is made speedily, and almost before the pa-tient is aware of it, every trace of piles has left him.

This is one of the reasons why the Pyra-

mid Pile Cure has been so uniformly suc-cessful. It is applied directly just where it is needed and where it will do the most good. Not by the roundabout way of the stomach nor by the harsh, barbarous meth-ods of various sargical operations and gocallel systems.

is the only rational way, and this is fully accomplished by the Pyramid Pile Cure. If the voluntary testimony of thousands who have tried this remedy is worth any-thing then no sufferer has any excuse for onger delaying in giving it a fair triat, nowing that when you do so the Pyramid Pile Cure will have made one more friend, the best possible advertisement we can have. The chief advantages of the remedy are: It cures without pain, the cure is asting, it contains no poison, and lastly. is the cheapest and quickest cure ye ound. Your druggist can tell you what has done for others. Sold by druggists at 50c and \$1 per package. A book on causes and cure of piles mailed free by addressing Pyramid Drug Co., Albion, Mich.

### FELL TO HIS DEATH; CITY OF THE DEAD SEIZED A COMRADE

County Jail.

The Man He Seized Narrowly Escaped Being Also Killed.

THE CORONER INVESTIGATED THE MATTER The Dead Negro, Whose Name Was

William Moore, find Only Him-

self To Blame. NEGRO workman at the new jail fell from

the fifth floor, a dis-tance of about fiftyfive feet, and was killed yesterday afternoon. The man was William Moore. caught hold of an-

other negro and carried him to the floor below, the fourth floor. This negro was Judson Woodley and he had a most thrilling experiero Moore and Woodley were at one end of an Iron sill and had just slipped it into the slot arranged for it when Moore was told to stand erect and remain still. For some unknown reason he began to move

about, and having but small foothold, he lost his balance. Before falling he remark-ed to Woodley: "Oh, I am all right."
He had barely uttered the words when he began falling. Reaching out with his left hand he grabbed hold of Woodley and the

two men fell together. Moore went through to the bottom floor and Woodley stopped upon the next floor underneath. Moore lived about five minutes but never who we after his fall.

Woodley had his arm bruised where Moore had clutched him, and his shirt sleeve was torn out.

The coroner was notified and an inquest In describing the accident to a Constituion reporter Woodley said:
"I had a fearful expereince. I was stand-

ing close beside Moore and we had just placed the iron girder where it belonged and I told Moore to stand up and remain quiet. He moved about and told me he was quiet. He moved about and told me he was all right. In another second he lost his balance and as he was falling he grabbed me by the arm. I tried to shake him loose, but he had a strong grip on my arm and I went over with him. I was lucky enough to land on the next floor, while Moore went on through to the bottom. I thought I was being hurled to certain death and I was awfully scared."

Woodley showed his arm and there was a large bruise spot near the shoulder. His shirt was entirely gone.

The other witnesses who saw the accident all agreed that no one was to blame

The other witnesses who saw the accident all agreed that no one was to blame except Mbore himself, and that the accident would not have occurred if he had not attempted to move about.

The verdict of the coroner's jury was in accordance with the above facts.

Decide to take Hood's Sarsaparilla now and do not be induced to take any other. There is no other kind "just as good" as Hood's Sarsaparilla, the only true blood

OPENING OF EMORY COLLEGE. Mr. W. P. Pattillo, of the Board, Says Year's Showing Is Gratifying.

Mr. W. P. Pattillo, of Atlanta, returned yesterday from Emory college. He is one of the trustees of the board of that well known institution, and in speaking of the opening exercises of the college said:

"I returned this morning from a brief visit to Emory college, made for the purpose of being present to join with the faculty, students and citizens of Oxford in worship on the first Sunday of the new college year.

"This first Sunday is always a most hallowed and important day in that institu-

"This first Sunday is always a liberal colored and important of the colored and institution, when high mental culture and strong religious impressions are closely linked tion, when high mental culture and strong religious impressions are closely linked together. On this day the president preaches and seeks to make at the very outset a deep and abiding religious impression on the students and to align them for Christian fellowship and work. Last Sunday was not behind in this good work those that had preceded it in the years gone by.

"Everything was favorable. The heavy rain of last Friday had enlivened all nature, freshened the air and made it an ideal one for the religious gatherings of the day. A larger number of students than had ever before been present at the open-

had ever before been present at the opening of the year were there. The music had ever before been present at the open-ing of the year were there. The music was good, led by a well-trained voluntary choir. The sermons (the morning subject being Love, that of night 'Christian Cour-age') were both strong, direct, practical and earnest

choir. The sermons (the morning subject being Love, that of night 'Christian Courage') were both strong, direct, practical and earnest.

"At the close of the morning service nearly seventy of the new students united with the church, some of them being members of other denominations, and without severing in any-wise their relations with the churches of which they are members at home, only enrolling themselves for Christian fellowship and work.

"It was a nighty interesting sight and a most hopeful sign for the college to see many manily young men marching up readily and without hesitation offering for Christian fellowship and active work for the Master.

"The opening of the college was beyond all precedent. One hundred and ten new students have already matriculated and fifteen more will matriculate this week, and perhaps still more, as almost every day some one arrives that had not been heard from before. The total matriculation is now 25, and is expected to reach at least 320. It is what is called in common slang a 'record breaker.'

"Of this number thirty-four are Atlanta boys, with two or three more to come. The Atlanta boys are Howard Anderson, Hiram Warner Martin, Madison Bell, G. H. Baxter, C. A. Norton, W. P. Ellsworth, David Kendall, S. T. Martin, George Nelson, Edward Sassnett, Alvin Underwood, Charles Wilkins, R. M. Clark, Phillip Baker, Dav.u Beatle, Ben Lee Crew, W. A. Haygood, Henry Helnz, I. S. Hopkins, Jr., S. W. Moore, Vaughan Nixon, James Raleigh Pattillo, Herbert Sage, Herschel Seawright, Palmer Smith, Jesse Wood, A. G. Candler, Jr., Howard Candler, Harry Hale, Joe A. Atkins, James Sledge, Albert D. Thompson, John D. Hunt, Howard Moyse,

"The two debating societies, Few and Phi Gamma, are each enlisting the young orators for the weekly Saturday fray. The Greek letter fraternities are active in competition for the favorite boys, These societies in Emory college are a conservative influence and a valued belp in behalf of good order and studious habits.

"The gymnasium is well equipped and has a c

#### Simpson's Little Jag.

Simpson's Little Jag.

Hugh Simpson, who was a regular attendant at Jrdge Andy's matinee a long time ago, but who has not been there in some time, appeared as a defendant yesterday afternoon in a case of great interest. Patrolman B. Gloer testified that Simpson was near the Kimball house Saturday afternoon trying to make love to a seventeen-year-old girl. Simpson was drunk and was endeavoring to make the girl receive a present in the shape of a pair of spectacles. Simpson made a statement, and he spoke with a long drawi which amused those present in little. "Simpson." said the recorder, "I would know you were on another spree by that drawl you have if there was no other evidence before me. You always talk that way when you are drinking." Simpson made no defense as to his love making, but connended that he had taken only a few glasses of beer. He was fined only \$1 and costs on account of his record for the past year.

# TO GO AT AUCTION Autumn

Grand Representative T. H. Jeffries A Negro Workman Killed at the New Judge Lumpkin Orders the Sale of Clothing Hollywood Cemetery.

INCOHONEE DANIEL EN ROUTE HE FELL FIFTY-FIVE FEET HIGHEST BID WILL GET IT Sale Occurs in Front of County Court house First Tuesday in October.

INDIVIDUAL LOTS ARE NOT AFFECTED

In the Consent Order Authorizing the Sale It Is Provided How Funds Shall Be Distributed.

Hollywood cemetery is to be sold to the highest bidder for cash before the door of the courthouse on the first Tuesday in next month under the terms of a consent order which Judge Lumpkin has signed in the litigation. There have been sales of saloons, railroads, houses and lands, cattle and sheep before, but this is without doubt the first time that a cemetery has been offered to the highest bidder with all the trimmings of the auctioneer's ele

Hollywood cemetery was organized and incorporated in 1890 by a number of local capitalists. About eighty acres of land was purchased on the Chattahoochee river car line from Mr. W. A. Baker. This land was improved and the lots were surveyed and cut off for sale. It is estimated that about 500 interments have been made and that at least 1,900 lots have been sold to private individuals. These private lots are exempt from the court's order and they will not be sold, neither will they be interfered with by the receiver. The cemetery was organized with, a stated capital of \$230,000 and has been freely advertised. Some time ago a bill was filed in the superior court by Attorneys Arnoid & Arnoid, representing several creditors. The bill stated that the cemetery company was hopelessly insolvent and could not pay off the claims that had been brought against it. The bill set forth the allegation that the property was even then being threatened with a forced sale by the sheriff and that if the court did not intervene the graves of the dead would be in litigation and great loss might come to the individual owners of the lots. After hearing the application Judge Lumpkin appointed Mr. C. M. Curran receiver and clothed him with all authority necessary to wind up the property and make a distribution of funds. Receiver Curran some time ago an-nounced that he had about completed his work as an officer of the court and asked

The consent order provides that all that property which has not been sold for in-terment shall be knocked down at public outery before the door of the courthouse outery before the door of the courtnouse the first Tuesday in next month. Receiver Curran will dispose of the property, but be-fore he undertakes to make any deed he will first report the bids which he has received and will ask for the confirmation of the court.

received and will ask for the confirmation of the court.

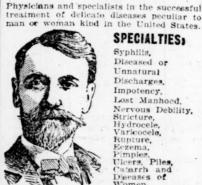

In granting the consent order looking toward the sale of the property Judge Lumpkin announced that the funds to be realized from the sale shall be disposed of in the following order: The first sum realized shall be paid to the National Rallway Building and Loan Association, which holds a claim against the company in the sum of \$5,192.59. The second payment shall be made by the receiver to satisfy the claim held by J. W. Smith in the sum of \$1,500 principal, and interest to be added at the legal rate. The next payment shall be for the cost of the receivership; \$2,500 shall be allowed to counsel filing the bill, one-third of which shall go to Attorney P. F. Smith and two-thirds to Attorney Arnold & Arnold. The receiver is to receive the sum of \$2,000, which shall be in full for services rendered. The sum of \$500 is to be allowed J. B. Redwine for his claim.

The remainder of the proceeds of the sale, if there should be any, will be for distribution among the stockholders of the Hollywood Cemetery Company.

HENRY R. POWERS, President.
J. FLOYD JOHNSON, Vice President, J. FLOYD JOHNSON, Fresident, New York, HENRY CLAY FAIRMAN, Department of Correspondence. The custom of placing property of Correspondence.

The custom of piscing property in the hands of real estate agents simply to be entered on their books and forgotten until a chance buyer appears is antiquated and at misdirected effort, most usually una chance buyer appears is antiquated and a misdirected effort, most usually unproductive of results. But property placed with the ATLANTA REAL ESTATE EXCHANGE, where it will be advertised with push, energy and persistence, and through our extensive advertising system reaches thousands of investors, speculators and capitalists who are seeking investments—perhaps in your special class of property—would it not be strange if yours should fail to meet the eye of some buyer? That much inviting and desirable property is for sale at reasonable prices avails but little if would-be buyers know it not. If property is for sale, offer it; and offer it where capital is seeking investment and where it will be seen.

We are devoting our time and energy to the purchase, sale and exchange of property, and to its judicious advertisement where the best results can be obtained. While every piece of property can not be sold at once—yet, with well-directed efforts and persistence great results can be accomplished. What has succeeded once must succeed again.
